

**Zeppelin Beats Record
Britain Must Protect
John Bull—"Shylock"
Farming as "Big Business"**

"Around the world in eighty days" was Jules Verne's dream of what might be. The exact flying time of the Graf Zeppelin's cruise around the world was twelve days and eight minutes. To mention those figures in scientific achievement is like mentioning ten billion dollars in Wall street. No need to enlarge on the figures.

The Zeppelin frequently made less than 90 miles an hour. At the Schneider Cup race airplanes were prepared to exceed 300 miles an hour.

They could fly from Tokyo to San Francisco in one day. Who doubts that their speed will be transferred to big bombing planes?

We need air expansion, not retrenchment.

Jews in America and other countries, worried about co-religionists in Palestine, may find comfort in the fact, as regards future events, that the British empire cannot allow Arabs to defy British authority.

Let Jerusalem riots get beyond control and the Moslem world become convinced of its ability to defy the British, or convinced that the British have had all the fighting they want, and there will be trouble, serious and widespread.

The Jerusalem riots involved not merely the safety of Jews in Palestine but the safety of the British empire wherever Mohammedans are numerous.

To suppress, with a strong hand, the rioting and murdering in Jerusalem and other parts of Palestine, is not merely a matter of fulfilling obligations solemnly assumed, but of protecting the integrity of the British empire.

The Vatican was reported to be much concerned as to the safety of church shrines in Jerusalem. If Arabs were allowed to get the upper hand indefinitely, one of the first steps prompted by Mohammedan enthusiasm would be the destruction of Christian shrines and churches.

Sir Phillip Snowden, who manages Great Britain's finances, won his fight for a fairer distribution of the German spoils. And suddenly British Tories blazed forth in praise of the great Snowden.

It is amusing to see what happens when a shoe is on the other foot. In Italy, France, Belgium, Snowden was represented as a fiend incarnate, a pirate and of course a Shylock, when he asked for only part of the money due him.

That must remind us of some things that were said about Uncle Sam—"Uncle Shylock" was one name.

An airplane pilot, assisted by a farmer, took off near Bellingham, Wash., and before returning seeded 68 acres in one hour and 40 minutes. The farmer scattered seeds from a sack through a door in the cockpit, using about 800 pounds of alfalfa, timothy, clover and orchard grass seeds.

When gigantic machinery plows, harrows and pulverizes the soil in one operation, when another machine harvests, stacks, bales and weighs the crop in one operation, and airplanes do the sowing, agriculture will join "big business."

Henry Ford's interesting statement that he would stop manufacturing automobiles "if booze came back again," causes unnecessary discussion. Mr. Ford, a sincere teetotaler, probably said that hastily. He is as good now as ever. He established his reputation and that of his car, long before prohibition came.

What Henry Ford could do, without the aid of prohibition at fifty, he could do now at sixty-five. He wants to help prohibition, that's all.

When efficient gangsters don't want witnesses to testify, they don't testify.

Somebody killed three men in New York's "Hotzy Totsy" speakeasy. Two waiters and another man saw the gunman who did the killing. Commissioner Whalen said the three would see nothing more. They were killed to "shut their mouths."

If you think prosperity will continue—as it will unless foolishness interferes—buy your little boy a seat on some stock exchange.

He will make money as a broker, and his seat, while he 'sits' in it, may make him rich apart from his own work.

You can't say that of many seats. A stockbroker has such a 'clean' business, buying and selling as ordered, a profit on every transaction.

County Health Nurse Sought In Organization Here

CAMERON SCHOOLS OPEN WITH 1093 ENROLLMENT

1929 TERM BEGINS WITH PROGRAM OF EDUCATION FOR MANY

The 1929 term of school began in Cameron Monday morning September 9 with an enrollment for the first day of 1093.

The attendance will be increased within the next few weeks and all previous records are expected to be broken in the number of students for Cameron schools.

The rural communities are contributing in a large way to the number of students.

Superintendent T. A. Fisher was enthusiastic in his praise for the student body as the new term opened and looks forward to a great year for the schools.

The following teachers will be in Yoe High school: Miss Lucille Dickard, Ruston, La., Mathematics; Miss Fannie Lou Davis, Cameron, commercial subjects; Mrs. Basset Watson, Smithville, Spanish; Mrs. A. M. Neely, Temple, general science; Miss Jolly Blanche Pitts, Denton, English; Miss Beulah Annette Nagle, Austin, commercial subjects; Miss Kathryn Robbins, Cameron, domestic arts. Miss Virginia Vest, Cameron, English; Miss Velda Walker, Cameron, Latin and English; Mr. Guy Newton, Cameron, mathematics; Miss Mary Lake Henderson, Cameron, history, and L. V. Perkins, Cameron, coach and principal.

In the Ada Henderson school the following teachers are listed: Miss Ivy Armstrong, Belton; Miss Blanche Hensly, Anderson; Miss Ethel Jenkins, Austin; Miss Kathryn Spruill, Bon Arnold; Miss Blanche Wiley, Leander; Miss Winnie Henderson, Cameron; Miss Dallye Young, Cameron, and Miss Irma Porter of Rockdale, principal.

The old school building will have only the first and second grades in it and will be taught by Mrs. Jim Childress.

FINE JESERY CATTLE RECEIVED IN CAMERON

J. C. TUCKER AND P. C. COLGIN ACQUIRE 11 HEAD FROM HERRING HERD

J. C. Tucker and P. C. Colgin were recent visitors to Houston where they acquired 11 head of fine Jersey cows.

These fine animals arrived Tuesday morning by train. These fine animals all come from the J. A. Herring herd, just out of Houston. Mr. Herring has been a very far sighted breeder of Jersey cattle for many years. These cows are all registered and T. B. tested and from two main blood lines of the Jersey breed, the Eminents and the Silver Tail Fox breeding. Four half sisters to the cows now on Mr. Tucker's place recently sold for an average of \$275 a head.

It is the ambition of Mr. Tucker and Mr. Colgin to have one of the finest herd of Jerseys in this part of the State.

Dairying in Milam County is receiving much consideration and is proving profitable to many farmers.

The acquisition of this herd by Tucker and Colgin is more proof that they believe that dairying will be a big factor in the future development of Milam County.

Recently S. M. Messer of Davilla acquired 21 head of high grade cows from Temple, sixteen of these cows are in milk at present.

William H. Cooke Goes To Memphis

William H. (Bill) Cooke, associate editor and advertising manager of the Rockdale Reporter for the past three years, left this week for Memphis, Texas, where he has accepted a position on the Memphis Democrat.

Wise brokers don't gamble. They let the customers do that.

The most important part of civilized man's education is learning to resist germs.

Measles will wipe out a tribe of Alaskans or Eskimos in two or three weeks. White men call it a child's disease.

AGED MOTHER WILL NOT SEE GRAVE OF SON WHO SLEEPS UNDER GENTLE SNOWS OF BELLEAU WOOD IN FRANCE

In Belleau Wood, not far from Chateau Thierry, where the romantic, red read to glory claimed the lives of many American in that hard fought engagement of the old American Second Division and two regiments of United States Marines, with the German armies, lies the body of Joseph V. Salac, first Milam county boy to die in the world war.

The other day the government at Washington sent papers to A. F. Mitchell for Mrs. Katherine Salac, the aged mother of the patriot who sleeps under the gentle snows of that wood, making provision through an act of Congress for American Mothers to visit the graves of their sons in France.

Mrs. Katherine Salac will not be able to go. She is very old and feeble in health and cannot stand the strain of the trip to France.

She will never see the grave of her

son who died in the field of honor. Other American Mothers will go to the wooded height and stand at evening in the gathering twilight near their sons whose 'crosses row on row' mark that field as a national shrine of Old France, but Mrs. Salac will not be able to go. She would like to go over there and visit the grave of her son who was the first from this county to die for America. She appreciates the generosity of the government and regrets she will be unable to go.

Joe was a fine boy, so strong, and life held out to him great promise. The mother was weeping softly for her son as the opportunity came for her to go. She cherishes the hope that it will never happen again—that no mother will have to give her son to die in war. The mothers love peace and their voices should be heard at the council tables of the nations.

REORGANIZATION FOR LIONS CLUB HERE

ESSAY CONTEST FIRST COMMUNITY INTEREST FEATURE TO PROMOTE

The Lions Club has been reorganized in Cameron.

A meeting held Wednesday evening at the Methodist church when officers and directors were chosen for the new term.

The officers are: J. C. Martin, president; John C. Young, Vice President; Ben F. Reichert, secretary and treasurer; J. P. Love, Lion Tamer, and T. A. Fisher, Tail Twister. Directors are Ray Burke, 2 years; J. D. Baskin, 2 years; F. E. Jackson, one year and L. Van Perkins, one year.

The first matter of public interest to be taken up is an essay contest open to all high school and junior high school students. The subject will be "What the Lions Club can do for Cameron and Milam County." Three prizes are expected to be offered for the three best essays.

The membership roll of the newly organized club will be as follows: Ray Burke, J. C. Tucker, J. C. Martin, John C. Young, T. A. Fisher, L. F. Gohmert, L. Van Perkins, Ben F. Reichert, F. E. Joiner, M. G. Manning, W. H. Carson, Walter F. Sharpe, W. J. Watson, C. A. Gott, J. H. DuBois, J. B. White, J. D. Baskin, E. S. Hutcherson, J. P. Love, Hubert Hefley, F. E. Jackson, S. P. Cross, C. E. Triggs, Dr. James Watson, C. W. Bradbury, J. M. Ralston, Robert McLane, D. B. Gunn, Wm. Cobb, Jeff T. Kemp, Homer Nabours, B. V. Shirley and Fred Jackson.

The list is not closed and the club hopes to receive many more new members at the meeting on next Tuesday.

The club has been reorganized here through the assistance of W. H. Teegarden, representing the International Association.

CAMERON FIREMEN HEAR WORK PRAISED AND HOLD BANQUET TUESDAY NIGHT FOR VETERANS OF THE SERVICE

Cameron Fire Department has made history in Cameron and more than any other branch of the public service merits the esteem and good will of the citizenship.

Firemen were told that Tuesday night by speakers who eulogized their service, rendered without compensation and at hazards to their own lives.

The occasion was the annual banquet of the Firemen held in the Knights of Columbus Hall with approximately 100 members and visitors present. Invited guests were the members of the city council headed by Mayor Chambers; district attorney Jack Lewis who was toastmaster; Arthur Baskin, former chief in the days of the beginning of the department; R. L. Batte, former member and new marshal at Thorndale and manager of the Batte industries there; Will Caldwell, veteran and now retired member of the department; J. B. White, editor of the Cameron Herald and former Mayor.

Among the guests were the mascot Frank Richter, Jr., and former mascot, Frank Hubert.

The chicken supper was served by A. E. Smith of the Newport Cafe with his corps of helpers and was a two course menu with cigars at the finish of the supper.

In his usual good vein of humor

REV. HARDIGREE GETS CHRISTIAN PULPIT

COLUMBUS, GEORGIA, MINISTER TO BEGIN WORK HERE ON SUNDAY

The First Christian church of Cameron has called to its ministry the service of Joel B. Hardigree, of Columbus, Georgia.

Rev. Mr. Hardigree comes to the Cameron church after a ministry of two years with the Central church at Columbus. One of his members says of him: "He is the best minister we have ever had." Mr. Hardigree is a young man, though not an inexperienced preacher. He has had six years experience as a pastor since completing his college training. The church considers itself fortunate in securing a man of his training, experience and general ability. He will come to Cameron this week and will preach both morning and evening next Sunday, September 15.

Pastor-Evangelist, Arthur A. Hyde, of the Texas Christian Missionary Society has finished his temporary ministry with the Cameron church and departed for his home in Temple. His next meeting will be with the Hubbard church. Since coming to Cameron in the late spring, Mr. Hyde has led the Christian church in a revival meeting, has preached two Sundays each month in the regular services, has helped the church pay off the last dollar of its indebtedness and has directed the affairs of the election and ordination of nine church officials.

These officers were ordained at the Sunday morning hour, September 8, and are as follows: Elders—V. P. Woolley, J. P. Moseley, W. D. Favors; Deacons—Raymond Beard, J. L. Adams, Bennie Archer, W. M. Caldwell, Dow Eplen and J. C. Brashear. With the board thoroughly organized and a new minister coming to lead the forces, the church membership looks to the future with optimism and high hopes.

NOTICE TO SUBSCRIBERS

Subscribers to The Herald are requested to look for the date to which their subscriptions have been paid and to make prompt remittance for their papers. It is not possible under postal regulations to carry unpaid subscriptions on the list. It should not be necessary for statements to be mailed. The expirations come due in the fall of the year when payments are made easier. We have arranged this expiration period so as to facilitate payments and we will greatly appreciate check for subscriptions expiring. Subscriptions expiring and not paid promptly will be discontinued.

THE PUBLISHERS.

Rum Factory Broken Up; 3 Large Stills On Brazos Taken

County officers were on duty Wednesday in a spot in Falls County in a thicket near the Brazos River. So were two operators of a trio of stills, and two of the stills were boiling away. Three barrels of mash had been consumed, and eleven more were waiting in line for their turn in the pots.

But here is where the officers interrupted. The two young men were captured. The three stills were captured and confiscated. The eleven barrels of mash were destroyed. Two gallons of 120 proof hot whiskey was taken. The two young men were brought before Justice of the Peace Howard, given a hearing, and released on \$500 bond, awaiting action by the next session of the grand jury.

According to the officers this was the first offense of the persons captured.

Constable Bill Beckworth, Sheriff Henry Barton and Deputy Red Winfrey were the officers who made the arrests in the case.—Rosebud News.

HERNANDEZ INDICTED IN PAVALAK DEATH

YOUTHFUL NATIVE OF PERU ALSO CHARGED WITH FIREARMS ROBBERY

Antonio Hernandez, youthful native of Peru must stand trial in District Court here for the murder of Josef Pavalak, aged store keeper last July. The 21 year old murderer must also stand trial for robbery with fire arms, separate indictments for these offenses having been returned by the Milam County grand jury which adjourned here on last Thursday.

Antonio and Monico Linares were indicted for the murder of another Mexican in Rockdale recently.

Antonio Hernandez killed Josef Pavalak as the 60 year old groceryman sat in his store near the Santa Fe freight depot. The aged man was beaten to death with a hammer, a gun found on the youth having been used to effect the robbery also. He was arrested on the Maysfield road late in the afternoon by Sheriff Blaylock and posse of deputies. On account of the murder considerable interest has been shown in the outcome of the case.

The grand jury for the September term, adjourned Thursday afternoon, having found fourteen indictments; eleven of which were for the grade of felony, and three misdemeanors. The misdemeanor cases were transferred to the county court. Among the felony cases there were two for murder and one for robbery with firearms.

Ralph Mayfield Seriously Hurt

Ralph Mayfield, 9-year-old son of Mr. and Mrs. John Mayfield was seriously injured Saturday afternoon when he fell from the back of a car on the railroad tracks near the S. A. & A. P. depot. He was rushed to the hospital and it was found that his skull was fractured near the base of his brain.

Vernon Mayfield was driving the car and a number of boys were in the car and in the little truck part of the back. An unexpected turn was made and Ralph fell with force from the car on to the tracks.

Rev. L. H. Mathison, presiding elder, preached at the Methodist church Sunday morning.

AID TO HOMES AND CHILDREN PLANNED

COUNTY HEALTH ASSOCIATION IS OBJECT OF MEETING HELD WEDNESDAY

By BESS DUBOIS

The organization of a County Health Association for Milam County with the ultimate purpose in view of employing a County Nurse was the subject for discussion at a meeting held Wednesday afternoon at The County Court room, at which were present women of the county who are interested in this project including the County Superintendent of Schools, Judge Graham Gillis, director of Red Cross activities, and Miss Pansy Nichols of Austin, child health director of the Texas Public Health Association.

In as much as the County Council of Parent-Teacher Associations is vitally interested in the employment of a nurse, those present at the meeting Wednesday voted to ask this organization to set aside one hour of time at their next meeting, which will be held in Cameron on September 27, for the discussion of this matter, and it is hoped that the council may form the nucleus of a health association for the county. An effort will be made to have present that day Mr. Bracey of Austin, who is at the head of the Texas Public Health Association.

To Sell Tubercular Stamps

The county health association, if it be formed, will have charge of the

(continued on page 6)

Young Woman Is Killed at Davilla By Lightning Bolt

Mrs. Will Parker, 20, of Brownwood was instantly killed by lightning Thursday afternoon about 3 o'clock at the home of her uncle near Davilla, in Milam county, according to word received here.

She was at a well drawing water during a thunderstorm when lightning struck the curb of the well. She was holding an iron chain drawing the water and was instantly killed.

The body passed through here last night en route to Brownwood for burial, arriving on the M.-K.-T. and being transferred to the Santa Fe freight line. The body was accompanied by J. L. Parker, father of Will Parker who was suffering from the shock of the tragedy and was carried through to Brownwood in a car.—Temple Telegram.

CONCRETE ROAD FOR MILAM COUNTY SOON

Commission Asks for Bids on Concrete for Highway No. 43, Milam to Dry Brushy Creek

About the best news Rockdale and Milam county people have had recently is that the State Highway Commission has called for bids for the laying of an 18-foot concrete roadway through Road District No. 10, on Highway No. 43, through Rockdale. The bids will be opened in Austin on September 17, and contract awarded.

The roadbed on this stretch of important highway has been ready for the past two years or more, and of recent months some anxiety has been felt as to the ultimate outcome of the project, this anxiety being due to the slowness of the Highway Commission in proceeding with the surfacing. In July a delegation appeared before the Commission and consulted over the project, at which time an additional allotment was made, but the statement was also made that nothing better than a common 'blacktop' road would be constructed.

State Engineer Gilchrist has contended for concrete all the time and apparently he has won his point, as the news this week is that bids have been called for on two types of concrete construction.

The project consists of 15.06 miles, extending from Milam on the east, through Rockdale to the Rockdale-Thorndale precinct line at Dry Brushy creek.

From Dry Brushy west, to the Williamson county line one mile the other side of Thorndale, contractors are now at work on the roadbed dirt work and bridge and culvert concrete work which when completed, will put the Thorndale road district in position to also ask for and expect concrete surfacing in due time.

Texas and Texans

By Will H. Mayes

Checking a Bad Custom

In many Texas counties the commissioners courts have established a custom of issuing warrants of certifiants of indebtedness in payment for court houses, jails, road work, machinery, or other things the courts care to pay for without submitting the matter to a vote of the people, when funds are not available.

Whether this is authorized by law or not, it should be incurred, except in case of public necessity or emergency, without the people authorize it by their vote.

The Shelby county commissioners hold that such certificates, issued by a commissioner for road work and material, are not legal and refuse to pay such debts incurred by a previous administration. The final outcome of a suit to recover the amount of such a certificate will be watched with much interest.

Airplane Travel Doubles

A reduction in airplane passenger rates by a leading transport company to about twice the rate charged by railroad and bus lines quickly resulted in doubling the amount of travel. When air transportation is still further reduced and brought within reach of the average traveler, air travel will immediately become the popular method of transportation.

Many Texas towns are securing airports and in the near future landing places for planes will be regarded as essential as railroad and bus stations.

Teachers' College Buildings

The Sul Ross State Teachers' College at Alpine is erecting a library building to cost \$150,000. This school has had a hard struggle for legislative appropriations sufficiently large to keep it growing, but now seems to have won its way to recognition as one of Texas' most important educational institutions. Because of the invigorating climate the Alpine school should become one of the leading teachers' schools of Texas, of which the State has more than are really needed.

Road Educational Campaign

Movements are afoot to 'educate the people to the need of good roads,' which means to secure their favor in the matter of a State bond issue of some \$300,000,000, with which to supplement the present gasoline tax and motor registration license, from which Texas roads are now being built. It is being freely predicted by friends of the 'educational' movement that highway Commissioner Sterling will make the race for Governor with the bond issue plan as the leading plank of his platform.

Scattering Bluebonnets

Texas bluebonnets should be grown extensively in every part of the State in which they can be grown. The Garden Club of Amarillo has ordered ten dozen packages of the seed from Mrs. J. K. Beretta, Girl Scout Commissioner at San Antonio. For several years the San Antonio Girl Scouts, under Mrs. Beretta's leadership have been gathering and sending out large quantities of bluebonnet seeds. The flower has matured as far north as Alaska and under careful attention should bloom abundantly throughout all parts of Texas.

San Saba Ships Fertilizer

San Saba has a fertilizer company that is engaged extensively in shipping fertilizer products to other sections not so fortunate in good soils, or where intensive cultivation is practiced. The irrigated sections of the State are using large quantities of the fertilizer, especially in those areas where two or more crops are grown from the same land each year.

Labor Dinner Higher

A resort hotel at San Marcos announced that its Sunday dinner would cost \$1.00 and that its 'labor day special' would be \$1.25. Evidently the hotel people think that the laborer is better able to pay for a dinner than the average Sunday diner. Skilled labor is getting a wage in Texas that enables it to buy most of the things it wants. The unskilled workman hasn't so much reason for being over-jubilant on Labor Day. The one is usually well organized, the other is not. The skilled workman uses his brain, as well as his muscle, to best advantage.

Dallas' Flight Climbing

The thousands of people who have

been forced to take exercises in flight climbing at the Dallas railroad station, for no other apparent reason than to get to come down again, are hoping that Mayor Tate may succeed in getting those steep and long stairs removed. Dallas can't hope to become much of a city so long as every visitor arrives and leaves out of breath from climbing needless stairways and cursing the place.

Fort Davis Apples

There are not a great many Texans who know that Fort Davis ships famous Fort Davis 'Delicious' apples by carloads. Orchardists say that the apples grown in the Davis Mountain section are the finest marketed in the fall in the United States. Shipments are now being made and the crop is reported as excellent. Fine peaches, pears and grapes are also grown there.

Establishing Creameries

One of the largest of the meat packing plants is establishing a number of creameries and poultry products plants at favorable Texas points. Paris reports having secured one of these and Taylor and Austin are being considered for another location.

A number of the creamery and cheese plants in the State are having to be enlarged to care for the increased business. The dairy and poultry business of Texas are growing rapidly.

Hatcheries Prove Profitable

A 12,000 egg capacity hatchery is to be established at Smithville by a party who is operating similar plants at LaGrange, Bellville and Schulenberg. The owner finds that with modern equipment the hatching industry wherever established is proving profitable. The 'setting' hen is being retired from the business.

Llano Tourist Park

Llano is much pleased about its new hotel but is also getting ready to take better care of those who may not want to stop at the modern hotel. The tourist park there has been leased to a company that is building a number of new cottages and a dancing pavilion and establishing a swimming pool to make stopping in Llano a delight to the thousands of visitors who go there every season.

Fredericksburg Hotel Enlarged
When the old Nimitz Hotel at Fred.

ericksburg was torn away a few years ago and a big three story structure erected in its place, the people there wondered if it would ever be filled with guests. Already it is found that more hotel rooms are needed and a large addition to the hotel is to be constructed right away. It begins to look like Texas towns can't get too much hotel room.

Grows 38 Different Crops

A farmer near Runge, who has grown 38 different crops on his farm this year, is not complaining of hard times. A list of his crops reads almost like the index to a seed catalogue, but the farmer doesn't care for that so long as he is able to keep a nice bank account.

Most Distinguished Citizen

The American Legion posts thruout the State are honoring a citizen where each post is located by presenting him a certificate proclaiming him the 'most distinguished citizen.' Of course

J. O. Smith, editor of the Elgin Courier and manager of nearly everything around town, was declared 'It' at Elgin, although many of the city's folks thought the honor should have gone to Mr. Smith's manager.

Drain Tile "Logs" Used**as Building Material**

A "log house" in which the "logs" are formed by common red drain pipe tile has been built in Kingsville, Ontario, Canada. Charles Miner, who erected the unique dwelling, chose tile for the material because it provides dead-air space in the walls to protect the interior from cold in winter and heat in summer.

The house stands on a foundation of concrete blocks, except for the porch and steps, which are supported by the tiles. A wooden framework, sheathed with boards in the usual manner, was first erected and the tile "logs" were laid in courses like brick veneer up the sides. At corners, the ends of the tiles overlap in criss-cross fashion, much as did logs in the cabins of pioneer days. Where the ends of the logs are exposed, they are closed with cement colored to match. This insures dead-air space and prevents birds and squirrels from entering.

The cost of the unusual house is said to have been moderate as compared with the cost of the conventional wood or brick home.—Popular Science Monthly.

Early Man Had Faith in Arrow Divination

Long ago, in the most high and far off times, primitive man resorted to the making of magic to determine what course to pursue in the vast wilderness of his ancient world, writes Catherine Hargrave in the Boston Transcript. Arrow divination was a favored kind. To make this magic a circle was drawn on the ground with the proper rites and incantations and divided into the Four Directions. With more mystic ceremony arrows were cast into the ring and upon the manner of their falling depended the future.

The American Indians did this as well as the Asiatic peoples, and in both countries gaming sticks resembling arrows, sometimes with actual feathered shaftments and sometimes with the feathers painted upon them, were used to play a game much like the older magical processes, with a circle on the ground, divided into four or eight parts.

Cats Once Deified

Egyptian deification of the cat, says the Golden Book Magazine, has been traced as far back as four thousand years, and for many centuries the bodies of favorite cats were carefully embalmed and interred near the temple of Bubastis, the cat-faced goddess of Beni Hasan or of Heliopolis. One of the strangest archeological discoveries was that which disclosed the mummies of thousands of cats near the tomb of Beni Hasan recently.

Whether the domesticated cat is a native of Egypt is not known, but the first mention of the cat in China was as recent as 400. The cat also was unknown in Europe until just before the Christian era.

Character Comes First

Music, of all the arts, touches most widely on things which are humanly interesting; and if you shut out the knowledge of what is interesting in your fellow human beings, how is your art going to grow? Art, like many other things, gets its food from outside, and it is a mistake to suppose that it can feed exclusively on itself. And art is always interwoven with character, and we have even frequently to observe that character counts for more in the end than natural gifts of any kind, whether artistic or literary.—From "Hubert Parry His Life and Works," by Charles L. Graves.

Moon Viewed From Vessel

The Naval observatory says that the change in an observer's position from day to day on an ocean trip would affect the moon's apparent position so slightly as to be scarcely noticeable—that is, the moon's local time of rising would change from day to day just about as it would if the observer were stationary. However, if the rising of the moon were timed by a watch keeping for instance, Eastern standard time, the speed of the ship might be seen that the risings on successive nights would be at approximately the same watch time.

Tree Saved by Washington

The American Forestry association says that the Washington oak in Audubon park, New Orleans, La., is famous for its beauty, its name, the number of annual visitors and its size. It is said to have acquired its name in the following fashion: President Washington was visiting a family by the name of Horry. At dinner Mr. Horry noticed that a tree obstructed his view and gave orders that it should be cut down. Washington heard this and objected. The tree was not cut down and has since been known as the Washington oak.

Cook Books in Story Form

To put over their message in the most pleasing guise, cook books once were written in story form or as a collection of letters, as in "Letters to a Young Housekeeper." Among such cook books was one entitled "Gentle Breadwinners." The heroine passes through various adventures in which she makes french icing, venetian cakes, mince meat, candied orange and lemon peel until, as the climax, she wins, by means of her good cooking, a home and a husband.—Detroit News.

Presbyterian Church Young People Leaving For Colleges Honored

Those young people of the Presbyterian church who are leaving within the next few days for colleges over the state were honored with a party given in the church parlors Tuesday evening.

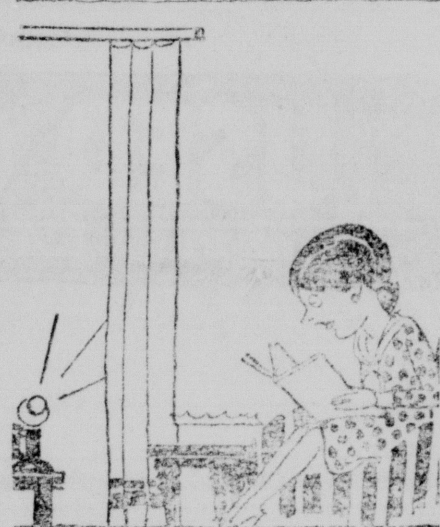

Colors of the different colleges to which the honorees are going were used in decorations, and upon arriving each one selected the colors of his chosen school to wear during the evening. Clever games and contests between representatives of the different colleges featured the entertainment. These games represented courses which are offered, and at the conclusion it was found that prospective students of Baylor University and the University of Texas had scored the same number of points, tying for honors.

Refreshments of ice cream and cake were served. Mrs. Graham Gillis, who has charge of the young people's work in the Presbyterian church, directed the entertainment, and she was assisted by Mrs. K. K. Robbins, and some of the younger members of the Christian Endeavor.

Impressive Pageant Methodist Church

A most impressive pageant was given at the Methodist church Sunday night in the absence of Rev. Ramsey by the young people of the church under the leadership of Mrs. P. T. Ramsey.

The name of the pageant was "The Fruits of His Labors," and the super-annuation of preachers and their needs was the chief theme expressed. Mr. Henry Dryer represented an old circuit rider, and Foldine Rylander played the part of his meek and trusting wife. A number of fairies and spirits of gloom and other minor parts were well played. Mrs. J. M. Bowman gave the prologue. The regular choir furnished music accompanied by Mesdames Clinton and Levy at the organ and piano. T. A. Fisher, A. C. Freeman, Miss Kathryn Ramsey gave special solos and Misses Mary and Hazel Freeman sang a duet.

MARY ANN had almost reached the end of the chapter when the telephone rang.

She finished in a hurry!

But naturally, the person calling had "hung up" when she answered.

It's a good idea always to answer the telephone promptly.

**Business Women Hold Meeting Here**

A large number of members were in attendance at the regular meeting of the Business and Professional Women's Club Tuesday evening, Mrs. Gladys Watson, president, presiding. A number of committees made reports and plans were discussed for future work of the club.

The club voted to change the time of regular meeting from the second Tuesday evening to the first Tuesday evening of the month. Meetings to be held at same place.

Miss Mary Louise Elliott was elected to membership of the club. Other names were submitted to the membership chairman to be reported on later.

Delicious fruit punch was served at the close of the evening by Mrs. Homer McLane.

The next regular meeting will be held Tuesday evening, October 1. All members will please note the change of time of meeting, and be on hand as a large attendance is desired.

Nancy Rae Slocomb Hostess To Friends

Miss Nancy Rae Slocomb was hostess to a group of her friends last Friday evening, when she entertained with a picnic supper at Wayside Inn, followed by dancing at her home and then a spend-the-night party for the girls. Mrs. Slocomb was assisted in the entertaining by Mrs. Ben Baskin.

Those girls forming the jolly party were Misses Dora Emly Moore, Margaret McCown, Florence Atkinson, Geraldine Slaughter, Cora Barmore, Florence Ledbetter, Dorothy Joyner, Foldine Rylander, Mary McDermott, and Laurita Evans. Boys invited for the picnic and dancing were Cyrus Miller, 'Red' Baskin, Harry Tag, 'Boots' Smith, Andrew Freeman, John Herndon, Robert Love, Ew Love, Thad Bailey, Prothro Dier and Bill Newton.

For many of those present this served as a farewell party before their departure for various schools and colleges over the state.

BAPTIST W. M. S.

The W. M. S. met in circles Monday afternoon for Bible study, the lesson being taken from 'Studies in the Book of Luke,' by Grace Saxe.

Eunice Taylor Glass Circle met with Mrs. W. H. Parker, with nine old members present and one new one, Mrs. R. B. Strange. Mrs. Wilson Gunn was leader. Lillie Mae Hundley circle met with Mrs. W. H. Henley with eleven members present. Mrs. Henley led the lesson. Lottie Moon Circle met at the church with eleven members present and Mrs. T. Jeter was leader.

The ladies will meet in circles next Monday for mission study. Eunice Taylor Glass will meet with Mrs. A. N. Green at 3:30 o'clock. Lillie Mae Hundley with Mrs. M. C. Sapp at 3:30 o'clock, and Lottie Moon with Mrs. Grady Cooper at 4:00 o'clock.

A week of prayer will be observed next week with all programs combined into two, the meetings to be held on Tuesday and Wednesday afternoons at 3:30 o'clock.

Lumber--

And Building Materials of All Kinds--and Plenty of it!

No matter what your building need may be—whether a home or just some simple repairs about your place—we can supply you and when you buy our lumber, you buy good lumber too, and not the ordinary kind and you pay no more for it.

Let us help you. Just tell us about your plans and we will do the rest. We want a part of your business and we assure you we can serve you in a most satisfactory way.

I have been in business here for a good many years. I am rendering the same good and useful service that has characterized my business engagements in the past.

DROVE POISON OUT

Constipation Troubled Alabama Lady Until She Had Taken Black-Draught, Then Felt Fine.

Florence, Ala.—"For two years, I suffered with pains in my back and head," writes Mrs. J. E. Sloan, 810 Park Street, this city.

"I felt dull all the time, and was not able to do anything. I was constipated most of the time. My complexion was bad and I had no appetite."

"An old lady advised my father to give me Black-Draught. As quick as she told him, he got it for me. I took Black-Draught three times a day for three weeks, and I began to feel like a different person. I developed a good appetite; the poison left my system, and I felt fine."

"I thought my trouble came from constipation, and as soon as the cause was removed, I got all right. "Since that time, I have tried to keep a box of Black-Draught in the house, as I find it corrects biliousness and relieves sick headache. It is our family medicine."

Constipation dams up poisons in the bowels, causing their bad effects to be felt in other parts of the body.

At the first sign of constipation, take Theodor's Black-Draught. Costs only 1 cent a dose. NC-215

In Use Over 50 Years

Peculiar Fitness of Trees

as National Memorials

A few trees of the millions which people the forests, farms and towns of the United States have been singled out by history to play famous parts and to stand as memorials to great events in the life of the country. "Symbolizing fully as well as tablet or pillar could do, some significant achievement, these trees represent the peculiar fitness of trees as memorials, and it is specially appropriate that they should have a hall of fame of their own," says the Forestry Almanac of the American Tree Association.

Some distinguished trees stand out by reason of their age, such as the General Sherman sequoia in the Sequoia National park of California. Its age is reckoned at 4,000 years, and it has a diameter of 23 feet and a height of 280. Many of the redwoods and sequoias are as old or nearly as old as this one.

When Charles Sumner was senator from Massachusetts he sent to the czar of Russia an acorn from a tree near the tomb of Washington at Mount Vernon. This acorn grew to an oak in the palace grounds in St. Petersburg, and an acorn from it was planted in the White House grounds in Washington in 1904 and is now a prosperous young tree.

Scotch Chestnut Tree

Bids Defiance to Time

In solitary grandeur on the edge of the spacious lawn, directly in front of Bernersyde hall, on the Scottish border, stands a giant chestnut tree. Although it is reputed to be at least nine hundred years old it still gives evidence of vigorous growth. It supports its massive bulk unaided, and though some of its larger branches have been wrenched off by storms, its trunk is intact, with a girth of fully eight yards at a height of five feet from the ground.

A tradition still exists to the effect that when the lairds of Bernersyde in the distant past received their guests they wanted to give them the right hand of welcome under this ancient tree. But, be that as it may, it is today a peculiarly fitting companion for the gray old pile opposite, for they stand together as they were standing on that momentous day in 1603, when William of Normandy won a kingdom on Senlac hill.

Chautauqua's Growth

The first Chautauqua assembly, known as the Sunday School assembly, was in session August 4-18, 1874, as the result of a plan formed by Lewis Miller of Akron, Ohio, and Rev. John H. Vincent of New York. The assembly plans widened rapidly in successive years. In 1879 a school for teachers in secular subjects was opened. Probably Chautauqua is best known in connection with the plan of systematic home reading. The plan was proposed and explained in 1878. The first year 7,000 persons were enrolled, and from that time readers, varying in number from 8,000 to 25,000, have joined the circle per season. There are now throughout the United States and Canada more than 550 local assemblies modeled after the original Chautauqua institution.

Thames River Postman

Every morning a bright red row boat may be seen moving about the Thames from London bridge to Wapping, propelled by a single man, who is the postman of the Thames delivering mail matter to the boats anchored in the stream. The weather has no influence on his trips and often he has some trouble in locating the vessel he desires to visit. The craft often moves about so that where they were yesterday does not mean that they are there today. Aside from this, his operations are often hampered by fog, when he is in danger of crashing into some vessel or being crashed into. This position has been held by a member of the same family since 1800.

Death-Watch Beetle

Woodworm is the popular name of this enemy insect, and some call it the death-watch beetle, from its habit of making a tapping sound in the woodwork it attacks. No wood is safe from it. While it is generally supposed that it attacks only ancient houses, this is not the case, for it will sometimes appear in a perfectly new house and proceed to bore into the timbers. Roofs and floors are in equal danger, and it will eat a chair, a chest or a picture frame with the same zest.

Not So Good

A fond father who prided himself on his writing ability, being a professional writer, aided his little daughter in preparing a composition on "London" one evening. He edited her sketch and could not refrain from practically rewriting it, adding quite a little polish, he thought. Janey came home the next evening proudly waving her theme. But father felt his feathers fall somewhat when he saw the mark and realized that he had made only A minus in the fifth grade.

Faroe Islands

The Faroes, or Sheep Islands lie between the Shetlands and Iceland. Although they lie nearly 200 miles northwest of the Shetlands, they are actually warmer than many parts of Scotland. The islands are wonderfully immune from almost all forms of disease.

A GREAT TRIBUTE
TO FIRESTONE

ON ROAD OR SPEEDWAY FIRESTONE GUM-DIPPED TIRES GET PREMERENCE

"No greater tribute to the quality of Firestone Tires could possibly be paid than the fact that Firestone equipped cars have won ninety-three consecutive National Championship events on the speedways of the country, according to Mr. Horstmann of Horstmann Brothers, local Firestone dealers.

"Firestone Gum-Dipped Tires are chosen when life and victory demand the greatest safety. At Atlantic City on May 7, 1927, when several world's records were made, the first six drivers to cross the finish line used Firestone Gum-Dipped Tires and none made a tire change. Over a course on Muroc Dry Lakes, Frank Lockhart set a world's straightaway mile record—traveling at the rate of 164.85 miles per hour, with a 91 1-2 cu. in. motor. Cannon Ball Baker drove a loaded two-ton truck across the continent, 3693 miles, in 137 hours and 36 minutes without a tire change. At the Atlantic City speedway on November 3, 1927, two passenger cars, also on Gum-Dipped Tires completed 25,000 miles in less than 23,000 minutes, total elapsed time, an average speed of 65.31 miles per hour for the entire distance.

"Records of stock cars are of equal importance. William R. Rothwell, taxicab operator of Detroit, Michigan, reports that two Firestone tires on his cab have run 76,000 miles. E. W. Clark reports 48,000 miles from Firestone tires, without a blowout, and states that the tires still look good for 20,000 miles. Betty Dickerson of Indianapolis, Indiana, received 60,000 miles from three Firestones and 80,000 from the fourth.

"Thousands of records like these are convincing proof of Firestone quality and dependability. They demonstrate clearly why car owners in ever increasing numbers are turning to the same tire which veteran race drivers have long preferred."

Wife, "When we were married I thought you were a brave man."
Husband, "So did a good many other people."

Federation Society
Board Meets Here

Members of the Executive Board of the Cameron Federation of Missionary Societies met last Friday afternoon at the home of Mrs. J. C. Martin. Mrs. J. P. Love presided. After the reading of the minutes, reports were heard from the treasurer and the different superintendents.

The next regular meeting of the Federation will be held October 29 at the Presbyterian church, and at this time officers will be elected for the ensuing year, beginning January 1. It was voted to dispense with the meeting for December 31, since it comes at such an inconvenient time.

The plan being pushed by various county organizations for the employment of a county health nurse was discussed at length. Members of the board were invited to be at the office of the county judge Wednesday afternoon to hear a representative from the Texas Public Health Association address women of the county on this subject.

PRESBYTERIAN AUXILIARY

Members of the Ladies Auxiliary of the Presbyterian church met in circles Monday afternoon and finished the study of their book on Presbyterianism. Circle one met with Mrs. J. E. Holtzclaw and Circle two met with Mrs. Dan Tyson. Mrs. John A. Green, president of the auxiliary, met with the latter group. Good meetings were enjoyed at each place and were followed by pleasant social half-hours.

Drunk, 'Look at that sign.'

Great Editor Writes For This Paper

We are offering our readers a weekly editorial contribution by Arthur Brisbane, the most widely read and highest paid editor in the world.

Mr. Brisbane knows people . . . He knows their interests . . . He knows news values for their current and human appeal and has the rare faculty of bringing their meaning into the understanding of the highest or the humblest. His word-mastery and intimate knowledge of the widest range of subjects are evidenced constantly in his graphic, terse and interpretative column covering the salient news of the world in punchy and illuminative paragraphs that is appearing regularly in these columns.

Every reader will enjoy and appreciate this feature

THE CAMERON HERALD

MORE CIVILIZED THAN AMERICAN STATES, MEXICO ABOLISHES DEATH PENALTY IN CRIMINAL CASES

Mexico City, Sept. 9.—Mexico's new penal code, about to be enacted in law abolishes the death penalty.

The new criminal code will follow what has become almost established practice in Mexican courts in late years—giving prison sentences even in murder cases.

Eight years imprisonment for murder has almost become the rule, if dozens of recent verdicts in the federal district and nearby states may be taken as a guide. In the criminal courts of this city 'eight years' has been the invariable punishment meted out, indiscriminately almost, to all

males charged with murder. Women seem to fare even better, with a majority of murderesses getting three years.

While juries have sometimes inflicted the more drastic sentence of death the president of the republic has saved from execution every individual condemned to suffer it, with the exception of Jose Leon Toral, who assassinated Gen. Alvaro Obregon, ex-president and president-elect in July 1928.

President Portes Gil is opposed to the death penalty and was instrumental in the change provided for in the new code.

MAYSFIELD

Miss Mildred Thweatt spent Friday night with Miss Ada Lee Massengale.

Rev. R. L. Nicholson and daughter Miss Elizabeth, motored to Cameron Friday night, when she took the train for Brownwood where she will continue her studies in Daniel Baker College.

The announcement was made at church Sunday that the patrons of the Maysfield school would meet at the school house Friday to clean off the house and school grounds and get the building in shape for school to begin on Monday following.

Misses Mariema, Mildred and Grace Thweatt, Mr. Ireland, Rev. and Mrs. R. L. Nicholson and daughter, Ruby, were Cameron callers Monday morning.

Mr. and Mrs. Wm. Freeman and babies motored to Calvert Sunday afternoon and visited Rev. and Mrs. Red.

Those attending school in Cameron from Maysfield this year are Misses Mary White, Mary Ethel Massengale and Vera Mayes, Carlton Newton, Tyson Freeman and Martin Mayes.

Mrs. Mattie Hollinsworth had as her birthday guests Saturday, Mesdames J. T. Thweatt and J. H. Ireland.

Miss Vera Mayes spent Sunday with her uncle and aunt, Mr. and Mrs. Roy Newton.

Mrs. Homer Peel and Mrs. John Thweatt motored to Port Sullivan Saturday afternoon to visit Mrs. Archie Peel.

Miss Bertha Kelso who has been indisposed for several days is much improved.

Misses Bernice and Josephine Baylor were shopping in Cameron Saturday.

Miss Mary Freeman and Lanier Newton attended a B. Y. P. U. social at Jones Prairie Friday night.

Miss Mable Tyson spent a few days in the home of her sister, Mrs. Clarence Freeman, last week.

Rev. and Mrs. R. L. Nicholson and Mrs. Ditto visited Mrs. Dillehunter and Mrs. Vaughan in the Walker's Creek community last Monday.

CLARKSON

Bill Smith and family were guests in the home of Mrs. Smith's parents Will Harper of Jones Prairie.

Mrs. H. Schwarting, Katherine Schwarting, Howard Schwarting and wife motored to Omeville Tuesday where they were guests in the Will Herring home.

The one year and nine months old baby girl of Mr. and Mrs. John Bell passed away Tuesday afternoon and was laid to rest Wednesday afternoon in the Little River Cemetery at Jones Prairie. The people of the community wish to express their sympathy for Mr. and Mrs. Bell and the family.

Howard Schwarting and wife were callers at the R. K. Fontaine home at Jones Prairie Sunday afternoon.

La Rue Douglas was a Sunday dinner guest in the Mock home near Maysfield.

Joe Scheiler and family were callers at the R. K. Anderson store at Jones Prairie Wednesday.

Howard Schwarting and wife made a business trip to Rosebud Wednesday.

Ralph Mitchell is suffering with a bruised foot.

Deurell and Ralph Mitchell were business visitors in Rosebud Saturday.

Paul Brast and family of Temple and Mrs. Ed McAtee of Burlington were Thursday dinner guests in the Herman Schwarting home.

Mrs. E. F. Campbell and Mrs. H. Lindsay were business visitors in Cameron Tuesday.

Howard Schwarting and wife were Saturday night supper guests in the H. C. Keith home of Cameron.

Greer and Howard Douglas were in Cameron Friday night.

C. C. Black was a business visitor in our community the past week.

Correct

There are meters of voice
And meters of tone;
But the best of all meters
Is meet 'er alone!

Or

There are letters of accent
And letters of tone;
But the best way to letter
Is to let 'er alone!

'I refused Jack time and time again and now he's saved me from drowning.'

'I supposed you succumbed at once.' 'No, I had the presence of mind to pretend it was attempted suicide.'

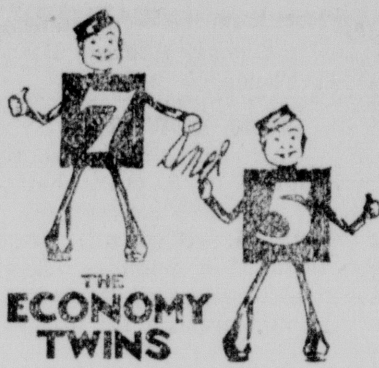

Unemployed Teachers And College Students Why Not Enter Business

There is a wonderful number of opportunities in business for teachers, young men and women qualified for teaching and for the college students who, by force of circumstances, had to drop out of college. Unusual literary qualifications that such young people have caused business concerns to give preference in employment. Business men realize that the former teachers make better office help when properly trained in business.

No matter what circumstances former teachers and college students might be in, they CAN have a business training. We have just learned of a novel, yet simple, plan that is helping hundreds of young people through Tyler Commercial College. We know that the plan will put the young people on a pay-roll much more quickly than any other plan we know of.

If you are interested in taking a business course, if you want to succeed in business, if you need finances to help you on the way to success, get in touch with the Registrar of Tyler Commercial College, Tyler, Texas. Tell him your plans and of your ambitions and desires.

To learn about the courses in Accounting, Banking, Bookkeeping, Secretarial, Stenotype, Radio, Telegraphy, Cotton Cladding, Civil Service and other subjects, send for the large free book called 'Achieving Success in Business.' No obligations on your

part. Mail the coupon.

ELECTION NOTICE

STATE OF TEXAS,
County of Milam,

Notice is hereby given that upon a petition of G. W. Malone and twenty other freeholder voters, the Honorable Commissioners Court of Milam County, Texas, on the 12th day of August 1929, the same being at a regular term, ordered an election to be held at the Liberty School House to determine whether or not horses, mules, jacks, jennetts, cattle, sheep and goats shall be permitted to run at large in the following described territory, viz: A part of Justice Precinct No. 3 of said county beginning where Cannon Snap Creek crosses the Cameron and Gause public road. Thence up Cannon Snap Creek to East fork of said Creek where it branches off in the Mrs. J. H. Ashenbeck land. Thence up said East fork to the Milano and Hanover road at the R. L. Batte 290 acre tract of land. Thence in a northerly direc-

tion with said road to the point where the Stock Law District established in January 29, 1927 crosses said road. Thence with the line of said Stock Law District to Cannon Snap Creek to the place of beginning.

The election was ordered by said

court to be held on Saturday, September 28th, 1929, and I appoint G. W. Malone as manager of same.

Witness my hand and seal of office this 16th day of August A. D., 1929.

JEFF T. KEMP,
Co. Judge, Milam Co., Tex.

HEFLEY-DOSSETT INSURANCE

50TH ANNIVERSARY

TIME-TRIED AND FIRE-TESTED

Be careful and be properly insured. Fire can burn down a careful man's home or destroy his business place, but it cannot wreck his bank account if he is properly insured.

LET THIS AGENCY PROTECT YOU

The Essex Car

Is only one of the many desirable things we have in stock. It is the best of its kind, of course in our opinion. Equally as good in its way is the spirit of courtesy we put behind it, the maintenance system we provide for all its owners, the personal interest we take in each and every one of them, the conscientious effort we make to do things right and earn our customers friendship.

The Essex car is a great machine and deserves that kind of backing. But the credit for that goes to the Essex factory. We could not build it here if we wanted to but we can build a business atmosphere to match it in quality, and we work days and nights to accomplish that purpose.

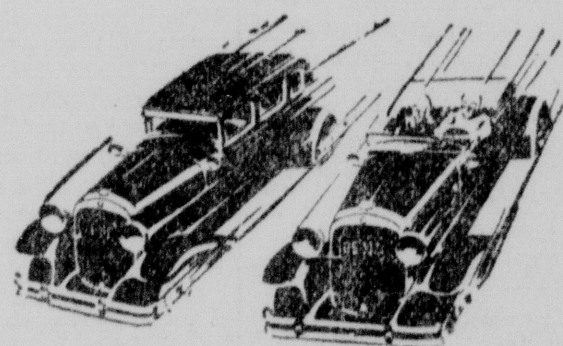

The Essex owner is the judge of our success. Ask him about the spirit of our business.

Horstmann Brothers Tire Store

ESSEX

THE CHALLENGER

first prize
for reliability

The Grand Prize for reliability in the 15-day running of the famous "Tour de France" was awarded to Essex the Challenger. The two Essex entries finished the race without a single penalty—the only cars with perfect scores—winning by a great margin over the strong field of high-priced American and European cars. . . . Not only the Grand Prize, but the Ansaldo Cup, for quick getaway; the Lyonnais Cup, the Pyrenees Cup, the Atlantic Cup, the Cup of Brittany, the Cup of Normandy and the Cup of the North were also taken by Essex the Challenger.

Performs Like a Costly Car
Because Built Like a Costly Car

Essex the Challenger looks and acts like a costly car because it is built like a costly car. Its enormous success has inspired others to claim qualities "like Essex". Yet everything about it—appearance, performance, comfort and luxurious smoothness—mark it apart and altogether different.

To be like Essex without building like Essex is a goal no car has found possible. More than 200,000 owners know the outright facts. You can know them too in 30 minutes behind the wheel.

You can only find comparison for Essex qualities among costly cars, because in design and construction it stands with the practice of the fine car field.

All These "Extras" at No Extra Cost

Its good size and impressive appearance appeal to those who want comfort, distinction and good looks. Its completeness in the things which contribute to costlier car advantages, is outstanding. Radiator shutters—side lamps—chromium plated bright work—four hydraulic shock absorbers—adult size roominess and adjustable seats are details only costlier cars have provided.

Wide Choice of Color
at no extra cost

\$695
and up—at factory

Only a few dollars more per month than the lowest-priced cars on the market, to own and enjoy this fine and beautiful "Six."

Your present car will probably cover the entire first payment.

Success is slow, in the effort to bring farm relief, because all of the remedial effort is applied at the wrong end. The newspapers plead day after day with the nation to eat more meat, to eat more bread that the demand for these commodities might increase and the price advance. Why is it necessary to ruin the health and digestion of everyone merely to make a profit out of over production. Why isn't it just as smart to produce a little less?

President Hoover has appointed Alexander Legge as chairman of the Farm Board at a salary of \$12,000 a year. In order to accept the position Mr. Legge is giving up a job with a salary of \$100,000 a year. The claim can not be made in this instance that the position is an easy berth for a friend or a lame duck. There isn't anything easy about giving up a \$100,000 job and accepting a position the honorarium of which is only \$12,000.

After a man makes his pile he can go around with cigar ashes on his vest and egg on his chin and it is referred to as a peculiarity. If, however, he hasn't yet amassed his pile and appears thus negligent in public he is criticized as shiftless and untidy.

The work of the home is being made lighter each year. Many labor saving devices have been installed in the homes, among them the vacuum sweeper, the electric washer, the electric iron and mangle, the automatic ice box and electric ranges. In addition to this the semi-annual sewing ordeal is almost unknown in most homes. The sewing machine has been consigned to the dark corner of the attic and practically everything is bought ready made.

Dorothy Dix is responsible for the statement that if men would only take as much time training their wives as they do their stenographers, there would be more efficient wives and more satisfied husbands. There is just one difficulty in a matter of this kind which Dorothy, being a woman does not see and that is that most of the training among husbands and wives is done by the wife. The most common system used is the lecture method.

The laws of this country are strange. A human individual can prow about leaving a trail of crime and sorrow in his wake and get off scott free, but every city has an ordinance that permits the killing of a dog that has no owner or on whom the taxes are not paid. The dog is harmless to wrong anyone while the human is a menace to unsuspecting society as long as he lives. The system should be reversed.

We presume the currency was reduced in size to make it less of a burden for the eastern capitalists to carry about a day's supply of cash. We are quite certain that if this is the reason for the reduction, that the demand came from the east as the inhabitants of the farming section of the country have been able to bear up reasonably well under the weight of their cash assets.

There isn't so much sewing done in the home as formerly. Sewing can no longer be pinned to the knee.

Much of this ridicule that has been heaped on college graduates is due to the fact that too many of the wrong kind of men have been sent to college.

Three Rockdale Ministers Resign

Three ministers of as many churches have sent in their resignations this week. The Rev. Cliff Alexander, pastor of the First Baptist church, resigned and will preach his final sermon Sunday. He will go to college. L. O. Byerly, pastor of the Christian church, has resigned, effective September 15, and has accepted another pastorate at Perryton.

The Rev. Franz Walther, pastor of the Lutheran church, has resigned, effective September 1. The Rev. Walther is planning a visit to his former home in Europe.

Aid to Homes

(continued from page 1)

sale of Christmas tubercular seals in Milam County. If the sales of these seals amount to as much or more than \$500.00, 60 per cent of the amount may be kept by the county and the remainder sent to headquarters of the Texas Public Health Association, which in turn is affiliated with the National Tuberculosis Association. Last year the sale of Christmas seals here was handled by a special committee and in Cameron alone amounted to something more than \$200.00, therefore it seems certain that the county association could easily add \$300.00 to its treasury in this manner. This money could be applied on the salary for the county nurse.

Under the Shepherd-Towner Law, if the commissioners court of a county will appropriate a sum of \$1500.00 towards the employment of a nurse, the state will match it with an equal amount, the total of \$3000.00 being used to pay the salary of the nurse for twelve months and defray other expenses such as transportation, buying of milk for demonstration work, and so on. This is under the jurisdiction of the State Health Department, with which the Texas Public Health Association is not affiliated save in a cooperative manner.

Educational Campaign
It was the consensus of opinion at the meeting Wednesday that an educational campaign would be necessary in Cameron and Milam County towards converting public opinion on the necessity of employing a nurse. The Texas Public Health Association has in its employ a few itinerant nurses, and Miss Nichols expressed the belief that Milam County might secure the services of one of these at some time after January 1. Should we be so fortunate, it will be the purpose of this nurse to demonstrate the benefits derived from a regularly employed county nurse. She will hold inspections in the city and rural schools, will possibly lecture over the county in the evenings, and will have special interviews with mothers who desire such. With the idea in view of securing the services of such a person, through a motion made by Judge Gillis, Mrs. J. P. Love, as chairman of the informal meeting on Wednesday, was authorized to communicate with the County Council of Parent-Teacher Associations, asking them to get in touch with the Texas Public Health Association concerning the securing of an itinerant nurse to serve us for a portion of the year, with the aim of educating the people of the county towards wanting a county nurse.

It has been revealed that many people in the county do not understand the duties of a county nurse. It is impossible for her to respond to the call of all the physicians of the county for bedside duty in any sort of illness. Her work must be more organized. It is customary for her to have mid-wife classes in the various communities, teaching cleanliness and how to care for new born babies. In this connection, she also serves as advisor for mothers.

In the schools children are inspected for any defects in health, and if any are found they are reported to the parents with the recommendation that they be attended to without delay. In some counties it is possible for the nurse to conduct a free clinic on Saturdays, at which time parents can bring their children to her for professional advice. These are only a few of the many duties of the county nurse, whose work can be most beneficial if she has the cooperation of the people of the county wherein she is employed.

Mrs. B. J. Baskin and Mrs. John A. Green visited in Temple Tuesday.

Cameron Firemen

(continued from page 1)

head of the department for the past 20 years, received an enthusiastic demonstration as he spoke briefly for the good work of his men.

Fire Marshal Will Cooke was applauded as he told of the work of his position. Mr. Cooke was eulogized as the 'best fire marshal in Texas as well as night watchman for the city.

J. B. White spoke in praise of Chief Thomas and his men who form this great branch of the public service and expressed the hope that the city would some day erect a municipal building to be dedicated to the fire department.

At the close of the program, assistant chief Sam McDermott who had spoken briefly of the service rendered by the men, took charge and presented a motion made by Chief Thomas that Jack Lewis be made an honorary member of the department.

MORTUARY

MRS. EDNA BALDWIN

Funeral services for Mrs. Edna Baldwin, age 45 years, were held Wednesday afternoon at four o'clock at the Liberty church with Rev. McLane officiating. Interment was in Liberty cemetery, Green Brothers in charge.

Mrs. Baldwin died at eight-thirty o'clock Tuesday morning at her home at Hanover. She is survived by her father, her husband and several children.

WILLIAM J. HARE

William J. Hare, age 51 years, died Tuesday afternoon at six o'clock at his home near Salem.

Funeral services were held Wednesday afternoon at five o'clock at Minerva, with interment in the Minerva cemetery. Rev. P. T. Ramsey of Cameron was the officiating minister, and Green Brothers had charge of funeral arrangements.

Mr. Hare is survived by his mother, a step-father and two sisters.

EZRA HEARNE

The body of Ezra Hearne, who died in Waco Monday, was shipped to Ben Arnold Tuesday and taken in charge by Coleman and Epley, who arranged for the funeral held Tuesday afternoon at three o'clock from the Methodist church at Ben Arnold. Interment was in the Ben Arnold cemetery.

Mr. Hearne, who was 35 years old, is survived by his father, seven brothers and three sisters.

Famous American Trees

In North Carolina is the great Battle Ground oak, which viewed the battle of Guilford Court House. Near Bath, Pa., stand the Washington house chestnut, which was presented by George Washington to General Brown of Revolutionary fame, who planted it in front of his home. Several other trees associated with the name of Washington stand in New York state. One is the White Plains sycamore near his headquarters at that place, and another is at his headquarters at Pawling. American Tree Association.

Hi Luck and Good Luck

It was a piece of Hi-Luck which directed Cecil Rhodes to South Africa, but it turned out luckily. Hi-Health sent him to South Africa, physicians declaring that the climate of that part of the world would be beneficial to him and might save his life; whereas, if he remained in England he would be doomed to an early death. The climate not only agreed with him, but he was soon started on his career of "empire building" which finally made him one of the leading figures in the industrial world.

Here's Why Firestone Tires Hold All Records

THE PICK of the long staple cotton crop is bought by Firestone experts in the primary cotton markets. It is shipped to Firestone's own cord fabric mills—the largest in the world—where it is first twisted into tiny threads. These threads are then tightly twisted into ply yarns, and three of these are twisted in the reverse direction into cords of fish-line strength. Exactly the right number of twists are carefully determined to secure the greatest strength and elasticity.

(Not satisfied with cords of superior strength and elasticity, each individual cord is Gum-Dipped—a patented Firestone process in which every cord is submerged in a vat of pure liquid rubber gum—where every single fiber of every cord is saturated and completely covered with rubber. That's why Firestone Gum-Dipped Tires give most miles per dollar and hold all world records for speed, safety and economy. Your size is in our stock—come in. We save you money and serve you better.

We are making a special drive to equip all cars with complete sets of tires and tubes. Come see—let us quote you prices.

Another sister, Mrs. Otto Thompson, her husband, who is a ministerial student at Baylor University, and their two children were also guests on Monday.

Miss Ethel Green will leave Monday for Southwestern University, where she will attend school this winter. Miss Green was a student at Ward Belmont last year.

Mrs. S. Kestenbaum is a prospective hostess for Friday afternoon, when she has invited guests for bridge at the Country Club.

Mr. and Mrs. J. E. Borders of Temple were guests of relatives and friends in Cameron Sunday and Monday.

The study course on Parent-Teacher work, which is being sponsored by the local Parent-Teacher Association, was begun Tuesday evening in a meeting at the high school. There are twenty lessons in the course, and it is affiliated with the National Parent-Teacher Association. Mrs. H. E. Garner and Mrs. J. P. Love, assisted by Mrs. K. K. Robbins, taught the first lesson. Ensuing meetings will be held on each Friday evening, and it is urged that all those interested in Parent-Teacher work enroll at the next meeting.

M. J. Wheatley of Port Arthur was in Cameron this week and while here called at The Herald office to extend his subscription to 1931. Mr. Wheatley was born and reared in this county. He has been visiting relatives in Friendship. Mrs. N. J. Wheatley, his mother, who has been visiting with him, accompanied him back to Friendship. He has been visiting in the W. T. Walker home there. He left this week for New Braunfels where he was interested in attending the trial of Becky Rogers being tried by Judge John Watson. Mr. Wheatley has been with the Gulf Refining Company at Port Arthur for a number of years and is also engaged in the dairy business.

Glenn Flinn, advertising manager for The Herald is at his home this week recovering from injuries received in an automobile crash here last Friday night. A bad scalp wound and bruises about the body are the results of this unfortunate occurrence. Ann Cheeves, another occupant of the car was painfully bruised. Mr. Flinn was taken to the Cameron Hospital and remained there until Sunday when he was taken to his home. His many friends will be delighted to know that his injuries are not serious and he will be back at his post of duty in a few days.

Rivers Diverted From Beds by Fields of Ice

It is a long way from present-day floods along the Mississippi river back to the great ice age, but happenings of the latter period have considerable bearing on the trials and tribulations of the valley dwellers.

Before the great fields of ice worked their way down from the north at least two rivers, the upper Missouri and the Yellowstone, flowed northeast and emptied into Hudson bay. With the advent of the sheets of ice, however, these two rivers were forced to run to the south, and their combined waters cut the gorge now followed by the Missouri through the Dakotas.

At the same time the Red river became a huge pond called glacial Lake Agassiz, with an outlet to the Minnesota river valley. Part of the watershed of the Red river became a permanent source of water for a river flowing to the south and the original head of the Missouri river. This river is now known as the James river. With the melting of the great ice dam, the Red river resumed its normal flow to the north, but the others continued to the south.—Exchange.

Stream in Venezuela Explorers Call Unique

What is called the Casiquiare "canal" in southern Venezuela is not a canal at all, but a natural stream which connects two rivers which are flowing in different directions, and it is said to be the only river which acts in this manner. There is said to be a very small stream in the Rocky mountains which divides itself and part of its waters find its way into the Pacific while the remainder finally gets to the Atlantic. Many writers who have had occasion to refer to the erratic behavior of the Casiquiare state that it flows one way at times and in another direction at other times, but recent investigations have proven that this is not so and the waters of the Casiquiare invariably flow in one direction from the Orinoco to the Rio Negro, which is a branch of the Amazon. The mouths of these two streams are separated by thousands of miles.

Caruso's Generosity

Caruso, the great tenor, was, it is stated by some of the newspaper men in New York, very generous. He used to give them each year he was in that city a sum of about \$1,500 as a donation. A man in a position such as Caruso's could easily afford to do this, because in New York alone he got a fee of \$2,400 for each time he sang—and that was at least sixty times in a season—besides being invited to sing five to six times at Atlantic City at an honorarium of \$1,000 a time; so that this famous singer made in one season in America a sum of \$200,000 besides \$30,000 for his gramophone records.

14,825,000 BALES 1929 COTTON CROP

GOVERNMENT ESTIMATE SHOWS CONDITION 55.4 PER CENT OF NORMAL TO DATE

Washington, Sept. 9.—A cotton crop of 14,825,000 bales this year was announced today by the department of agriculture as indicated from the condition of the crop on September 1, which was 55.4 per cent of normal.

The forecast was the first official announcement this year of the size of the crop and compared with 14,478,000 bales of 500 pounds gross ginned last year. The condition on September 1 compares with 60.3 per cent on that date a year ago and 56.1 per cent the 10-year average condition on that date.

Acres left for harvest was estimated at 46,594,000 the abandonment being placed at 3.8 per cent, after July 1 when it was estimated 46,460,000 acres were in cultivation. The 10-year average abandonment is 3.6 per cent.

The average left on September 1 for harvest (in thousands of acres,) the condition in percentage of a normal and the indicated production (in thousands of 500-pound gross weight

bales) follow:

State—Acreage—Cond.—Produc.			
Virginia	88	80	48

CANDY

Brings Me One Dollar
A PoundBy MRS. TRUE LOFTIN
Milam County, Texas

Candy making is my hobby. All my life I have liked to make candy. When I was a school girl and later when birthday and Christmas presents became a serious problem I would just put on an apron, go into the kitchen and make a lot of candy.

I am a busy woman, but I am never too tired or busy to make a batch of divinity, fudge, date roll, or some of the numerous other candies I make. I have five children and they all like candy.

My hobby has brought me many dollars as well as much pleasure. At Christmas time in particular, friends, relatives and acquaintances gladly pay 75 cents or \$1 a pound for the candy to use as presents.

I always go to the woods in the fall and gather enough nuts to last until summer. I buy sugar by the hundred, and have our own eggs, cream and butter.

I believe a talent for making candy is born in a person and not to be acquired as easily as one would think. I have tried to teach others to make candy but nine times in ten, one attempt was all they would try saying, 'That's too much trouble for me. I'll buy mine.'

To me it is a source of never ending delight to take raw material and fashion it into a finished product that delights the eye as well as the palate.

I'm enclosing my favorite recipe. It is one I've never seen in print. It is for a Date Roll, and calls for 2 cups sugar, 1 package dates, seeded; 1 cup rich milk; 2 cups pecan nuts. Cook

the sugar and milk together until it will form a soft ball when dropped from the spoon into cold water. Add dates, stir until dissolved, cook two minutes longer, remove from fire, let stand five minutes. Take a cloth about 12 by 36 inches and wet it in cold water, wring it as dry as you can and spread it out on a flat surface. Add pecans and beat candy until it will hold its shape, pour out on wet cloth in a long roll, wrap in cloth, let stand until cold and slice with a sharp knife.—Capper's Farmer, September 1929.

BEN ARNOLD

We are glad to report that Mr. and Mrs. C. A. Becker who have been sick the past week are well at this writing.

Mr. and Mrs. Fritz Schwarting and family visited in the home of Mr. and Mrs. Fred Folschinsky Sunday afternoon.

NOTICE

This is to give notice to the public that Federal cotton receipt No. 77509 issued in the name of Ernest Norvell on the 4th day of September 1929, by the Cameron Compress Company, for one bale of cotton delivered by him to that company has been lost, and that the undersigned is the legal owner and holder of said cotton, and the public is warned not to accept said receipt or to deal with same in the hands of any other person.
ERNEST NORVELL

She, John what did you do with that beauty doctor's bill?
He, 'Vetoed it.'

THE STATE OF TEXAS,

County of Milam,
To those indebted to or holding claims against the estate of Joseph A. Hosch, deceased:

The undersigned having been duly appointed administrator of the estate of Joseph A. Hosch, deceased, late of Milam County, Texas, by Jeff T. Kemp, Judge of the County Court of said County, on the 6th day of August, A. D. 1929, during a regular term thereof, hereby notifies of persons indebted to said estate to come forth and make settlement, and those having claims against said estate to present them to him within the time prescribed by law at his residence in Cameron, Milam County, Texas, where he receives his mail.

Witness my hand this the 4th day of September, A. D. 1929.

B. J. MATOCHA,

Administrator of the Estate of
20-4tc Joseph A. Hosch, deceased.

THE STATE OF TEXAS

To the sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of this notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for the period of twenty days exclusive of the first day of publication before the return day hereof:

NOTICE

THE STATE OF TEXAS,
To all persons interested in the estate of Clara Chappel. Notice is

hereby given that George T. Graves, guardian of the estate of Clara Chappel, deceased has filed in the County Court of Milam County, his final account of the condition of the estate of said Clara Chappel, deceased which will be heard by the County Court of Milam County, Texas, at the next regular term thereof, to be begun and holden at the court house in Cameron, on the 7th day of October, 1929.

Now, therefore, this is to require all persons interested in the estate of Clara Chappel to appear and contest the same, if they see proper.

Herein fail not, but have you before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of

office, in the City of Cameron the 4th day of September A. D. 1929.

Attest: Homer Nabours, Clerk

County Court, Milam Co.

THE ECONOMY TWINS

Where can you
duplicate the style, comfort
and convenience of

America's finest
medium-priced
automobile?

Oakland combines a long wheelbase with a short turning radius—giving greater handling ease. Its bodies by Fisher provide such convenience and comfort features as drivers' seats adjustable as you drive, clear-vision easily-regulated VV windshields and side cowl ventilators.

Foot-controlled headlights—automatic spark control assuring correct spark occurrence at any speed—spring covers which add to riding ease by keeping springs permanently lubricated and free from mud, rain and dust . . . all these are comfort and convenience features which only the All-American in its field combines.

Come in and let us show you how, on every basis of comparison, today's Oakland is America's finest medium-priced automobile.

Facts which prove Oakland supremacy

The following facts were obtained from a comparison of the Oakland All-American Six with 20 other medium-priced automobiles. All told, 878 individual comparisons were made. Of these Oakland proved to be distinctly superior in 451 or 51.37 per cent. The 20 cars combined were at best equal to Oakland on 382 or 43.50 per cent. And 13 of the 20 were higher-priced than Oakland.

FISHER BODY Only Oakland and two other cars in the field offer bodies by Fisher. And one of the two is nearly \$100 higher in price than Oakland. Of the 18 cars which have less-known bodies, 11 are priced above the All-American Six.

WHEELBASE Only one car as low - priced as

Oakland has a wheelbase as long as Oakland's, which is 117 inches. That car requires a turning circle to the left of 42 feet as compared with Oakland's 36 feet. Six higher-priced cars have shorter wheelbases.

FULL AUTOMATIC SPARK CONTROL

Only Oakland and two other cars in the field provide this advancement. It is especially satisfactory when used with the G-M-R cylinder head.

CROSS-FLOW RADIATOR Only Oakland in the entire field has the Cross-Flow Radiator or anything similar to it. All other cars use the down-flow radiator; this despite the fact that 13 of the 20 are higher-priced than Oakland.

Oakland All-American Six,
\$1145 to \$1375, f. o. b. Pontiac,
Michigan, plus delivery
charges. Spring covers and
Lovejoy Hydraulic Shock
Absorbers included in list prices.
Bumpers and rear fender
guards extra. General Motors
Time Payment Plan available
at minimum rate.

\$1145
AND UP

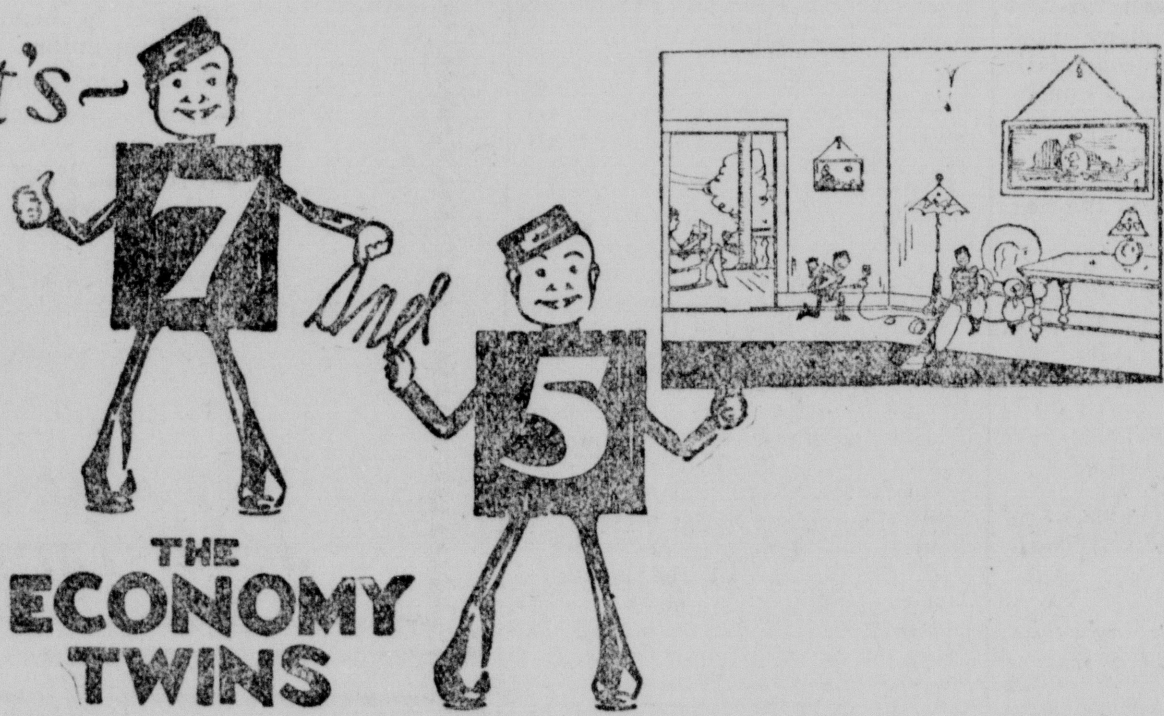

Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values . . . Oakland-Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.

The Modern Housewife

let's—

THE ECONOMY TWINS

do her work for her

THE modern woman knows it is better and cheaper to let 7 and 5 do her work for her. It saves time, money and strength. It gets better results in cleaning, washing, ironing, refrigeration, cooking, sewing, and many other household tasks.

7 and 5 are the two steps in the new electric energy rate for domestic electric service of the Texas Power & Light Company. This is the rate which is now in effect and which brings you the advantage of using larger amounts of electric service at only a small additional cost.

7 and 5 make electricity so cheap that you do an injustice to yourself, to your family, to your health and to your future when you fail to make full use of it. Electricity is now cheaper than it has ever been in this community.

Let 7 and 5 work for you while you enjoy living. They will create new hours for you and give you the strength and health to live them fully. 7 and 5, The Economy Twins, are always ready to work for you—just press the button and there they are, cheap and reliable—at your instant service.

GAUSE

The ladies of the Missionary Society wish to extend their sincere thanks to all who helped with their dinner Saturday. Many enjoyed the good dinner which was served. Thirty-eight dollars above expenses were made.

Mrs. D. Williams of the Pin Oak community was painfully injured Saturday morning when her husband accidentally knocked her off a bridge with the car.

Mrs. Ethel Weathers and mother, Mrs. Fannie Fridge, of Fort Worth visited in San Marcos returning via Gause where they visited relatives.

Mrs. A. Varner and niece, Mrs. Tom Evans are visiting Mrs. C. W. Stephens in Rockdale.

Miss Mary Margaret Thomas has returned to Denton where she will resume her studies at the College of Industrial Arts.

Miss Jim Lou Cunningham is visiting relatives in Hearn.

Mrs. Charlie Stubbs and children, Nina Ruth, Charles and Ralph of Chilton visited friends and relatives in Gause during the week end.

Mrs. Tom Evans of Houston and Master John Edge of Bryan were guests in the home of Mr. and Mrs. A. Varner Sunday.

Mrs. Frank Roper was taken seriously ill Friday morning but was reported to be resting better Monday morning.

Joe Gregg Moore, who has been with the Coleman baseball team is visiting his parents, Mr. and Mrs. Charlie Moore.

Messrs. Merton Bowling and Bill Gause left Monday to attend school in Cameron.

Misses Emma Howard and Elaine Thomas have returned to Rosebud after a visit among friends in Gause.

R. B. Self took his son, Tom, to Hearne Monday morning where he will attend school this winter.

Mr. and Mrs. J. H. Thomas of Rosebud visited friends in Gause during the week end.

Miss Roberta Holden and friend, Miss Rains, of Franklin, were in Gause Monday afternoon. Miss Holden has been a member of the Gause school faculty for the last four years and will be in our school again this year.

Little Miss Francis Kent Davis underwent a tonsil and adenoid operation in Temple.

Messrs. J. T. Moore, D. Moore and Miss Francis Moore of Caldwell were

guests of Mr. and Mrs. Charlie Moore Saturday and Sunday.

Mr. and Mrs. Brice McCullen and father, Mr. Bowling moved to Cameron last week.

Mrs. Manual Ely underwent a very serious throat operation at the Cameron hospital last Thursday.

Messrs. Boyd Worley and Harry Wayne Phillips of Rockdale were Gause visitors Sunday.

Mrs. J. L. Moore and children of Richmond visited friends here last week.

Hugh Thorpe of Hix spent Friday in Gause.

Mr. and Mrs. Will Folmar and son, Jack, of Brownwood visited Mrs. J. T. Folmar this week.

Mrs. A. R. J. Ealand and son, Frank spent the week end in San Antonio.

CARD OF THANKS

Since it is impossible to thank personally each one that assisted in the extinguishing of the fire that destroyed my barns and feed-stuff, and the saving of my car and other property, I take this method of expressing my appreciation for your kind, loyal service.

MRS. H. A. JACKSON.

WHAT THE TIRE DEALER KNOWS

To the average automobile owner tires are just another part of the car. He does not take them seriously until they give him trouble.

And then he needs advice. If he had had correct advice in the first place, he probably would have avoided his trouble, but in any event the tire dealer is the proper source from which the car owner may obtain instructions on how to get the most out of his tire equipment.

There are good tire dealers and poor ones. Good ones have made a study of the business—they know all about tires—they are prepared to give service. The others are just in the business and are of little help to a motorist who is conscientiously trying to get full value from his tire investment.

Since motorists must rely upon tire dealers for proper advice, the tire

dealer must naturally arise to this responsibility.

Miller Dealers throughout the country have been studying a special course on tires so that they are in position to give every customer proper advice as to the best tire for his particular service, correct sizes, proper type, etc.

It is not only the initial price that counts. Sometimes the customer will use the wrong tire for years and go through no end of trouble before he meets a dealer who knows his business and puts him on the highroad to satisfactory service.

CHRISTIAN AID

Members of the Christian Aid Society met at the church Monday afternoon for a business meeting, with the president, Mrs. Raymond Beard, presiding. Rev. Hyde, the pastor, was present and discussed with the ladies several important matters of business.

Greatest Show On Earth Coming To This Section Here Saturday

Ringling Bros. and Barnum & Bailey Circus Announces Early Appearance

After all there is but one great circus. And now comes the announcement that Ringling Bros. and Barnum & Bailey's "Greatest Show on Earth," will soon visit this vicinity, with all its myriad of wonders when it exhibits in Austin, Texas, Tuesday, September 24.

The advance advertising car heralding the appearance of this wonder of wonders is now in this territory and its gaily colored lithographs blazon forth throughout the countryside.

Coming on 100 double length railroad cars carrying its entire complement of 1600 persons and 1000 animals. The Big Show will exhibit such stars as Zachinni, "The Human Projectile," fired bodily from the mouth of a cannon; Goliath, the five-ton Sea Elephant, the combined Wallenda-Rollout Troupes, daring artists of the high wire; Con Colleano, greatest of tight wire performers; Miss Lillian Leitzel, most famed of all female aerialists; the Flying Colonas, led by the intrepid Alfredo, Maximo, the funniest of wire acts; the Reiffenachs and Ernestos, greatest of equestrians and many others from these and foreign shores.

There are more new foreign acts than ever before with the Big Show and performances dazzling with splendor and magnificence are presented twice daily. The Ringling-Barnum Circus is the only five-ring circus in the world.

PROBATE NOTICE OF FILING FINAL ACCOUNT

THE STATE OF TEXAS.

To the Sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of this notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for the period of twenty days exclusive of the first day of publication before the return day hereof:

NOTICE THE STATE OF TEXAS.

To all persons interested in the Estate of Billie Daniels, deceased: Notice is hereby given that J. H. Smilie,

MILLIONS TO LEND

On Texas Farm Lands at 5 1/2 per cent interest

By the Federal Land Bank of Houston, Texas.

See W. G. GILLIS, Secretary, Cameron National Farm Loan Association, Cameron, Texas.

administrator of said estate, has filed in the County Court of Milam County his final account of the condition of the estate of said Billie Daniels, deceased, which will be heard by the County Court of Milam County, Texas, at the next regular term thereof, to be begun and holden at the court

house in Cameron, on the 7th day of October, 1929, same being the first Monday in October, 1929.

Now, therefore, this is to require all persons interested in said estate

to appear and contest the same, if they see proper.

Herein fail not, but have you before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of office, in the city of Cameron, the 11th day of September, A. D. 1929.

Attest: Homer Nabours, Clerk, County Court, Milam County.

21-4tc By Meta T. McCown, Deputy.

doleful Tragedy of a young Lady of Seventeen

MARY JANE was in tears. "...and Grandma didn't hear the telephone," she sobbed.

"Not even when Jimmy called the second time! So Jimmy asked Helen Parks instead, and ...and ...now she's going to the dance with him."

"And no—nobody else has asked me!"

The tragedies of seventeen are dark and bitter. Disconsolate, Mary Jane buried her face in a pillow.

Mr. Mason looked down at the forlorn little figure on the couch sympathetically.

"You know," he said to his wife, "Grandma really doesn't hear as well as she used to. She needs an extension telephone in her room. I think I'll order one tomorrow."

Telephones where you need them can often prevent youthful woes—and be a source of pleasure to old folks, besides. They save time, patience, steps.

Few know that one or two additional instruments cost considerably less than the single telephone they now have!

By a wisely-placed "extension" or two, and perhaps a rearrangement of the equipment you already have, an expert telephone man can often double the convenience of your telephone service.

"And no-nobody else has asked me!"

Manager, Southwestern Bell Telephone Co., City.

I'd like to know how to get more value out of my telephone service. Please send me a copy of your booklet, "Modern Telephone Service for the Home."

GARDEN

Fall Gardening Will Keep The Pantry Filled

In order to complete this problem of seeing that each Home Demonstration Club member and her family gets their adequate diet throughout the fall and winter it is going to be necessary for each home to have a fall garden.

Since the moisture supply is limited at this time of the year care must be exercised in conserving it. In order to do this see that garden is free of weeds and plants left from summer garden. Plowing under the weeds at this season is poor practice because it prevents the moisture from rising to the upper surface, keeping the seed from germinating, so says Mr. Rosborough, Extension Horticulturist. The unrotted plants interfere with cultivation and heat from turned under plants dries out soil.

The soil should be plowed to a depth of 3 or 4 inches, and seed bed made as smooth as possible, so as to reestablish capillary attraction and to bring moisture if possible 1 1-2 or 2 inches of surface. Do not wait for rain, have the seed in the ground when the rain comes.

The following vegetables will withstand light frost, and if planted in September gives plenty of time for maturing: carrots, cabbage, English peas, beets, Kohlrabi, lettuce, mustard onions, radishes, swiss chard and turnips.

In the meantime plant those vegetables that will withstand heavy frost, such as collards, kale, katabaga, spinach and rape.

In South and Central Texas the cabbage worm and plant lice often keep many people from having fall gardens. For these plant eating insects dust the plant with Calcium Arsenate or Arsenate of Lead. (This does not make the vegetable unfit for table use.)

For the sucking insect dust the plant with Black Leaf 40 or with a mixture of 1-4 pound nicotine and sulphate and 5 pounds slacked lime. If 1-4 pound Arsenate of Lead is added to this mixture it will control both the plant chewing insects and the lice or sucking insects.

METHODIST CHURCH

The norther has come. The long summer is giving way to fall. We are expecting bigger crowds and stronger interest. Come to Sunday school at 9:45.

'The Exaltation of Christ's Name,' will be the theme of the pastor's sermon Sunday morning.

At night the pastor will preach on 'The Royal Road to Learning.' It will be especially interesting to the school people, and will tell you how to make a success in your studies.

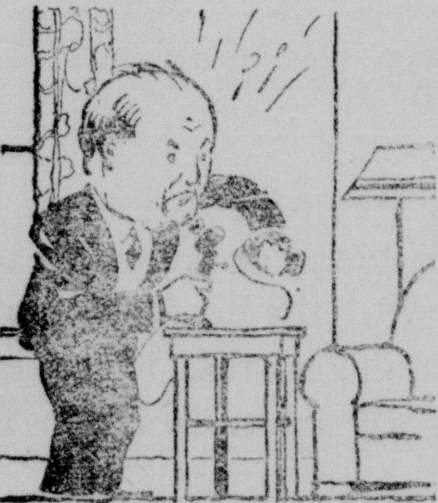

Our fine choir will furnish special music for both services. Our congregation Sunday night.

The Leagues will meet at 6:30. Make them big.

POSTED NOTICE

This is to give notice that my farm two miles north of Cameron is posted according to law and no hunting or trespassing will be allowed. Hunters have been shooting on my land and this will not be permitted. All persons found trespassing on my farm will be prosecuted to the fullest extent of the law.

W. C. FORD.

You can't blame Mortimer Smith for being mad!

Smith said "Hello" — and whoever was calling "hung up"!

Probably he had called the wrong number and realized his error.

It's a good idea always to consult the directory before making a call.

Annie Louise Friar Honor Guest Here Of Frances Hobson

Miss Annie Louise Friar of Cuero who was the guest last week of Miss Dorothy Kidd, was complimented on last Thursday evening, when Miss Frances Hobson entertained at her home. Strolling and dancing furnished diversions, and at a late hour sandwiches, olives, cakes and punch were served by the hostess, assisted by David Burns, Bruce Laird, Tom Hobson, Ruth Hobson, Florine Hobson, Vera Angell and Amboline Mode. The thirty-six guests who enjoyed the hospitality included the following from out of town: the honoree, Miss Caroline Porter of Jackson, Tenn., and L. T. Lewis, Jr., of Ft. Worth.

FINANCIAL NOTES

(Why take life too seriously—You'll never get out of it alive)

A wealthy auto tourist lost his pedigree dog while stopping in a small town. He inserted a lost ad in the newspaper, offering a reward of \$100.00. The next day he went to the office to inquire, but no one was to be found except a decrepit janitor. 'Where the thunder is the newspaper force?' asked the tourist impatiently. 'They're all out,' the old man replied, 'tryin' to find yer dog.'

Mrs. Hubert Hefley Hostess To Girls

Naming as honor guests Misses Virginia Rector of Shreveport, La., and Caroline Porter of Jackson, Tenn., Mrs. Hubert Hefley entertained about twenty girls of the younger set last Thursday afternoon with a swim at the City Park natatorium.

Following the swim, a watermelon feast was served at the Park.

MISSIONARY SOCIETY

The Methodist Missionary Society met at the church Monday afternoon at four o'clock for Bible study. Mrs. Niley Smith conducted the devotional after which the lesson was taught by Mrs. P. T. Ramsey, who used the Book of II Samuel. Members of the society were saddened by the news that their president, Mrs. R. H. Davis, is ill at the Cameron Hospital.

JONES PRAIRIE

JONES PRAIRIE 23546 23456 23454 By MRS. R. K. FONTAINE

Mr. and Mrs. S. S. Hickman and family and Jewelle Smitherman motored to Chilton Sunday to visit their son, Durward from there they drove to Waco and enjoyed a picnic dinner

Miss Evelyn Harrell spent several weeks in Harlingen visiting her friend Miss Mitchell who will teach in Jones Prairie school this year.

Misses Ollie Black and Denson of San Antonio spent Saturday night and Sunday with Mr. and Mrs. C. C. Black and son.

Miss Dorothy Marek left Monday for San Antonio where she will enter high school there as a senior.

Rev. Dobson returned to the community last week after spending two weeks with his parents. Rev. Dobson's father accompanied him back for several days visit.

Rev. and Mrs. Spradley visited last week with their daughter and her family, Mrs. W. T. Johnson.

Pool Jamison of Gulf spent the week end at home.

The Worth While Club met Sept. 9 at the school house. Roll call was answered by 'The Lunch I Prepare for My Child.' Minutes were read and approved and Mrs. Rodney Fontaine gave a report to the club council which met in Cameron Saturday. Miss Bartholomew gave a very interesting and profitable talk on 'What Constitutes an Adequate Diet.' She also demonstrated packing, and serving a school lunch.

Mrs. Yager gave an interesting report on the school lunch.

Our members were all very glad to have as a visitor four the meeting Mr. Myers, farm agent of Liberty County. He gave a very interesting talk. The club then adjourned to meet the second Monday in October.

Charles Fontaine has been employed in Rosebud and left Monday to fill his position.

Mrs. P. H. Love spent Monday with Mrs. Dick Jones.

Mrs. Alma McKinney and Miss

Ethel McKinney spent from Saturday until Tuesday in Waco.

Sam Hearrell and Carl Black made a business trip to Rosebud Monday.

Mr. and Mrs. Howard Schwarting spent Sunday afternoon with Mr. and Mrs. Rodney Fontaine and son.

Miss Helen Hearrell returned home last week from San Antonio where she visited Mrs. Mattie Black and family.

Jim Fontaine and family spent Sunday at the V. Russell home near Cross Roads.

FROM THE FILES OF THE CAMERON HERALD

25 Years Ago

Smart Set

Saturday evening, January 23, will ever occupy a conspicuous place upon the gilded pages of the calendar of the new year, for it marks one of the most brilliant social events which adorns the history of Cameron, when Miss Florine Sampson entertained the Smart Set in her spacious home.

After a battle royal extending thru seven games, Miss Lena Avriett was adjudged the winner of the club prize, a beautiful hand painted sachet bag, while Mrs. Wofford and Mrs. Hearrell tied for the guest's prize. Mrs. Wofford having drawn the highest domino, was awarded a handsome hat pin holder of blue silk. The consolation prize was given to Miss Lilla Smith, an olive fork.

Elegant refreshments were served consisting of two courses. It is a well recognized fact that as an entertainer the genial hostess of the occasion, Miss Florine Sampson, is unexcelled. The invited guests were Mesdames Watson, Bertram, J. Cass, Thomas, Hearrell, Wofford, Bayles, Alva Pool and Miss Watson of Dallas.

J. U. G. Club

On last Saturday afternoon, Miss Evelyn McLane was hostess at the regular week end meeting of the J. U. G. Club. Quaint score cards in the shape of the name made by the initial letters of the club marked the progress of an interesting game of 42, after which a delightful luncheon in two courses was served.

The visitors prize, a beautiful hand painted platter, was won by Miss Ella McIver, who had a close second for the honor in Mrs. M. S. Bond. The club prize, a dainty lace handkerchief was awarded Miss Lizzie McCord.

Miss Evelyn was assisted in entertaining by her sister, Miss Annie and Miss Dorroh. The club's visitors were Mesdames Geo. Clement, M. S. Bond, Misses McIver, Alma Black, Vogel, Reed and Grace of Chillicothe, Mo.

Dr. J. S. Hubert of Magill favored our office with a pleasant visit last Monday afternoon. He is one of our most promising young physicians.

Mrs. J. D. Hefley went to Houston Wednesday of last week in response to notification of the illness of her mother.

H. P. McKinney called at the Herald office last Saturday and ordered the paper sent to him for six months at Waco.

The following was clipped from a special from Washington, January 14, 1904, to the Daily Oklahoman. Mr. R. M. Campbell, who receives such a flattering notice is a former citizen of Cameron and one of our ex-city attorneys. Cross, whom he represented in the election contest is a democrat:

"The entire day was consumed in preliminary arguments before house committee No. 3 in the Cross-McGuire contested election case. Arguments were made on motion of R. M. Campbell, who represents Cross, to have mutilated ballots brought before the committee for their personal investigation. These ballots number more than 1500 and from arguments today it is apparent that the committee will direct that the ballots be brought here

for their investigation. If they do Cross' chances of being seated will be materially strengthened.

"Mr. Campbell this morning delivered one of the finest arguments in behalf of Cross ever heard before a committee on elections of the house. At its conclusion he was congratulated by practically all the members of the committee for his clear and concise presentation of the case."

Too Bad

Ethyl, 'Has Mrs. Chatterbox an impediment in her speech.'

Methyl, 'Yes, there are only 24 hours in a day.'

THE STATE OF TEXAS

and County of Milam

To Harvey Pendleton, E. L. Pendleton, George Hall and Virginia Hall, all unknown owners and all persons owning or having or claiming any interest in the land or lots hereinafter described, the same being delinquent to the State of Texas and County of Milam for taxes and the same lying and being situated in the County of Milam, City of Cameron, and State of Texas, to-wit:

Being lot No. 4 in block No. 3, subdivision 'B' of the Henderson and Arnold Addition to the town of Cameron Texas, and being 203 feet in depth and 100 feet in width, save and except 67 feet and 8 inches by 100 feet off of the South end of said lot which said property is delinquent to the City of Cameron, Texas, for taxes for the years 1927 and 1928 aggregating the

sum of \$21.76, including interest, penalties and costs, said taxes having been legally levied, assessed and rendered against said land and lots

the same being a lawful charge and constituting a prior lien against the same in favor of the City of Cameron, Texas, to secure the payment thereof.

And you are hereby commanded to be and appear before the Honorable District Court of Milam County, Tex., as, at the next regular term thereof, to be held at the Courthouse of said County, in the city of Cameron on the 2nd Monday in November, A. D. 1929, the same being the 11th day of November, A. D. 1929, then and there to show cause why judgment should not be rendered against you and the said land and lots sold under foreclosure of said lien to satisfy said taxes, interest, penalties and costs, and all court costs; all of which together with other and further relief,

general and special, being fully set out and prayed for in the plaintiff's original petition filed in said court on the 4th day of September, and appearing on the docket thereof as suit No. 123, wherein the City of Cameron, Texas is plaintiff and Harvey Pendleton, E. L. Pendleton, George Hall, Virginia Hall, all unknown owners and all persons owning or having or claiming any interest in said land or lots, defendants.

Given under my hand and seal of said Court, at office in the City of Cameron, Texas, in the County of Milam, this 4th day of September A. D. 1929.

PENN WOLF, Clerk,
20-3tc Dist. Court, Milam Co., Tex.

PLAN NOW

to enjoy the comfort—the convenience—
of an Automatic **G A S**
F U R N A C E
..... this winter!

GAS

Natural gas . . . always clean . . . always cheap . . . always easily handled . . . is doubly convenient with the modern gas furnace! There's new warmth, new comfort, new luxury, new efficiency!

With an automatic gas furnace, you have an even temperature all through your house, regulated to any desired degree of warmth. The automatic regulator turns the fire up early in the morning, heating the house comfortably before you arise; keeps rooms at a healthful temperature all day long; turns the gas low at night! It's more than human in its efficiency!

You simply light the gas in the fall, turn it off in the spring! And there's no waste . . . the automatic control decreases or increases the flow of gas as the temperature requires. Safe . . . economical! Saves time, labor, money!

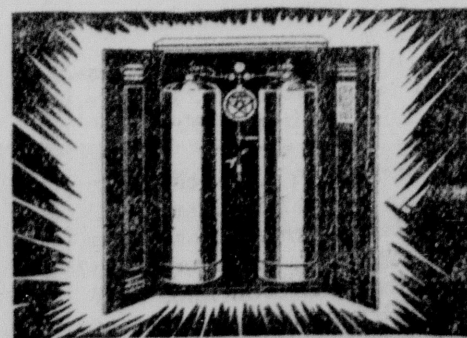

Investigate the automatic gas furnace now, so that you may enjoy modern heating comfort and convenience THIS winter! The results of our own exhaustive investigations are yours to command. We invite you to talk over your heating problem with us now.

Amethysts and Opals**Used as Road Material**

A street almost literally paved with amethysts has been reported to the Berlin geographical society by Prof. Otto Quelle of Bonn university, says an Associated Press dispatch from Berlin.

He found it in Brazil, in the province of Bahia, where he visited German gem cutters and polishers' colonies that have mined and handled 9,000 hundredweight of amethyst.

Whole streets, he said, are paved with the waste material, that gives them a lovely violet sheen. Doctor Quelle said he knows of a place in Siberia where opals are so plentiful that the coarse grades are used as road building material.

The Deutsche Allgemeine Zeitung reports roads at Bernstein, in the Austrian Engerland, graveled with waste from the semi-precious serpentine stone.

In the same country, near Rejdz, are roads of a beautiful green shade, said to be free from dust. They are surfaced with waste from asbestic stone.

Vegetables Offered to**Gods of Ancient Times**

Turnips, beets and radishes were a respected trio of ancient Greece, all three having been acceptable offerings at the temple of Apollo in Delphi. Their respective rank may be judged from the custom of dedicating turnips in dishes of lead, beets in silver and radishes in beaten gold.

Though radishes are thought to have come originally from China, their cultivation is of great antiquity in Europe. In earliest times they were generally boiled, but later Roman physicians recommended that they be eaten raw, with salt, before breakfast. A sirup made from them was used to cure whooping cough and maladies of the chest.

Turnips, too, were thought good for hoarseness and coughs, and also effective as a poultice for the feet. So important were turnips to the poor in the Middle ages that they appeared on armorial bearings to denote a person of good disposition who relieved the destitute.

Tracing Popular Idioms

Professor Smith in his "Words and Idioms" gives many expressions coming from the chase, and from hounds and horses in particular. A few of the canine idioms, he points out, come from dog fighting.

From his list we pick the following: "To do the footsteps of," which points to the faithfulness of the friend of man; "Not to have a dog's chance," meaning having no chance at all; "To have a bone to pick with"; "To teach old dogs new tricks"; "A bone of contention"; "To bristle up"; "To go off with one's tail between one's legs"; "Top dog"; "Under dog"; "His bark is worse than his bite," and "A hang-dog look."

The commonest phrase of all is "dog-gone," especially as used as an expletive with "it" following.

Governor Obeyed Orders

A governor, the talking motion pictures reveal, was giving a memorial address in the South, before a large crowd which applauded his utterances, but those who saw the pictures found humor in the scene which his gathering probably missed.

The microphone, being on the stage, gives the theatergoer some of the conversation which is missed by the most earnest listener in the crowd which stood in front of the platform.

The governor was closing his address and as he sat down he put his hat on, but, as the applause began, a woman standing beside him, probably his wife, spoke up quickly, "Take your hat off."

And the governor did.—Springfield Union.

Got the Knees Mixed

Johnny was complaining of a badly bruised knee. It had always paid him well when he took his hurts to mother because she soothed his feelings with a 5-cent piece.

On this occasion Johnny needed 5 cents for a top. He remembered that he had a small bruise on his knee and if he could only make mother believe that it pained him, all would be well.

Mother listened to Johnny's tale of how he had fallen on his knee and bruised it. She asked to see the knee and Johnny sensed victory. He hurriedly pulled his stocking down, but alas and alack! It was the wrong stocking!—Philadelphia Public Ledger

Good Customer

"I've forgotten what the other thing was I came for," said the small girl in the grocer's shop.

The grocer tried to be helpful.

"Was it cheese, bacon, butter, margarine, lard, tea, coffee, cocoa, sugar, jam, marmalade, biscuits, bottled fruit, chutney, piccalilli, bloater paste, potted meat, baking powder, soap, soda, spice, rice, tapioca, semolina, macaroni, currants, raisins—"

"I remember now. It was can you tell me the right time, please?"

Don't Be a Quitter

Quitting is one of the worst traits of the human race. And one of the most common, too. One little setback and we throw up our hands in disgust. The fellow who wins is the one who can take a reverse and come back smiling.—Grit.

VACATION ENDS AND STUDENTS GO AWAY TO SCHOOL; UNIVERSITIES GET MANY STUDENTS FROM CAMERON

With vacation over, students are leaving every day now, some returning to their studies and others entering college for the first year. Cameron young people have chosen a wide variety of schools to attend.

Billy Wallace, son of Mr. and Mrs. E. A. Wallace, a student at Rice Institute last year, has gone to Cambridge, Mass., to enter Harvard. Billy has traveled about quite a bit in the pursuit of knowledge, having finished high school in Paris, France.

Going to the University of Texas for the first year are Misses Florence Atkinson, Lois and Ruby Robbins and Geraldine Slaughter, and Miss Ethel Collins will return for a second year. Herbert Freeman will also enter the University as a first year student.

At Baylor University will be Misses Helen Blaylock, Gladys Davis, Inez Evans, and Oleta Reese, and Miss Mittie Lou Howard will return there for her second term.

Misses Doris Adams and Euline Slaughter have enrolled in Four C Business College at Waco.

Cyrus Miller and Vernon Slocumb left this week for Fort Worth to enter T. C. U.

Charles Schaeg will be at St. Mary's in San Antonio.

Entering Rice Institute is Thomas Graves and also Gilbert McCollum of Houston, who attended high school in Cameron.

Going to Southwestern University, Georgetown, for their first year are Preston Graves and Misses Lillian Mondrik and Dora Emily Moore, and returning there for further study are Misses Reba Young, Dinks Baskin, Harriett Flinn, Mary Belle Batte and Dorothy Denson.

Harvey Yoe and Miss Sue Ella Tyson will enter Southwest Texas State Teacher's College at San Marcos, and Miss Mozelle Bigbee will return there.

John Young will enter Temple Junior College.

Matt and Otis Hitchcock of Lexington, graduates of Yoe High, will be at Texas Tech, Lubbock.

Robert Love left this week for Kerrville to enter Schriener Institute there.

PARENT-TEACHERS TO BEAUTIFY CAMPUS

EXECUTIVE BOARD MEETS AND PLANS PROGRAM FOR THE YEAR 1929

The executive board of the Cameron Parent-Teacher Association met last Wednesday afternoon at the Yoe High Library. T. A. Fisher, superintendent of schools, was present, and many matters of important business were discussed.

Among these was the matter of beautifying the high school campus. The board agreed to recommend this to the Association as a major project for this year, but with the understanding that it be a project for the entire community and not for just those people who belong to the Parent-Teacher Association. It is also to be begun in such manner that it may be continued through the years.

The executive board also agreed to endorse the plan of the publicity committee to run a column of news concerning P. T. A. work in the papers each week.

A letter addressed to the Parent-Teacher Association was read to those present, and had to do with the failure in Milam County to register births. This letter was in turn handed to Mr. B. Miller, who has charge of the registration of births, with the promise that the membership would aid him in every possible way.

The following committees were named: Membership, Mrs. J. C. Martin, chairman, Mrs. Roy Baskin and Mrs. H. N. Tate; Publicity, Mrs. John Green, chairman and Miss Bess DuBois; Magazine, Mrs. Henry Hefley, chairman, and she plans to name some young girls as her assistants to solicit subscriptions; Parent's Day, Mrs. E. A. Wallace, chairman, her assistants to be named later. Finance, Mrs. Roy Law, chairman, Mrs. J. C. Tucker, and Mrs. George Graves; Program, Mrs. J. P. Love, chairman, Mrs. Graham Gillis, Mrs. Martin Kilian and Miss Jenkins; Hospitality, Mrs. Ben Atkinson, chairman, and Mrs. Tiff Moore; Health, Mrs. W. R. Newton, chairman, her assistants to be named later.

Editor's Note—News of the activities of the Parent-Teacher Association will appear in the columns of this paper each week. There will be published things which the people of Cameron need to know concerning what is being done for the welfare of their children, and it is hoped that this announcement will be received with interest.

Montague Triggs of Mineola is spending this week in Cameron, the guest of Mrs. George A. Thomas. He leaves the latter part of the week for Georgetown to enroll at Southwestern University for the winter.

Farewell Vacation Frolic For Students

For a farewell frolic before school began in earnest, a group of girls of the high school set went to Wayside Inn Monday evening for a weenie roast. They met at the City Park, and went from there to Wayside in cars. Following the roast, music from a portable Victrola was enjoyed.

Mesdames R. B. Rylander, J. Ryan and Hugo Slaughter chaperoned the party which consisted of Misses Billy Gaither, Arnette Ryan, Laurita Evans, Catherine White, Lois and Ruby Robbins, Foldine Rylander, Dorothy Lesovsky, Marjorie Dusek and Geraldine Slaughter.

Another party this week for a group of high school girls occurred Wednesday night, when friends of Miss Imogene Sapp, surprised her on

the occasion of her birthday. Meeting at the Sapp home, the party went first to the movies and then returned to the house where the birthday cake with its candles was cut.

METHODIST CHURCH

The north has come. The long summer is giving way to fall. We are expecting bigger crowds and stronger interest. Come to Sunday school at 9:45.

'The Exaltation of Christ's Name' will be the theme of the pastor's sermon Sunday morning.

At night the pastor will preach on 'The Royal Road to Learning.' It will be especially interesting to the school people, and will tell you how to make a success in your studies.

Our fine choir will furnish special music for both services. Our congregation night.

The Leagues will meet at 6:30. Make them big.

Miss Martha Lou Hooks left this week for Houston where she is to teach this winter.

METEOR

Penetrates Earth Fifteen Feet Near Detmold Sunday

The residents of the Detmold community were alarmed last Sunday morning about 11 a. m., by a sizzling noise and sensation in the air, sounding like escaping gas from a well. Considerable time was spent following the disturbance to locate the cause, finally resulting in the finding of a hole four to six inches in diameter and penetrating the earth for some 15 feet, which indicated that it was just recently made. Many people visited the Ernest Richter place in the Detmold community, at whose place the meteor or other substance whatever it might have been came to the earth. The object has not yet been dug out, however the incident has been reported to the research and geological department of the State University.

sity whom it is thought will visit the location and make further scientific investigations after digging the substance from the ground. From whence it came and its shape and substance is still a mystery.—Thorndale Champion.

Rev. O. C. Williamson of Austin filled the pulpit at the Presbyterian church at both the morning and the evening service last Sunday. Rev. Williamson has charge of the Mexican work in Texas and also teaches Spanish in the Presbyterian Seminary at Austin.

Zeppelin Beats Record Britain Must Protect John Bull—Shylock Farming as "Big Business"

"Around the world in eighty days" was Jules Verne's dream of what might be. The exact flying time of the Graf Zeppelin's cruise around the world was twelve days and eight minutes. To mention those figures in scientific achievement is like mentioning ten billion dollars in Wall street. No need to enlarge on the figures.

The Zeppelin frequently made less than 90 miles an hour. At the Schneider Cup race airplanes were prepared to exceed 300 miles an hour.

They could fly from Tokyo to San Francisco in one day. Who doubts that their speed will be transferred to big bombing planes?

We need air expansion, not retrenchment.

Jews in America and other countries, worried about co-religionists in Palestine, may find comfort in the fact, as regards future events, that the British empire cannot allow Arabs to defy British authority.

Let Jerusalem riots get beyond control and the Moslem world become convinced of its ability to defy the British, or convinced that the British have had all the fighting they want, and there will be trouble, serious and widespread.

The Jerusalem riots involved not merely the safety of Jews in Palestine but the safety of the British empire wherever Mohammedans are numerous.

To suppress, with a strong hand, the rioting and murdering in Jerusalem and other parts of Palestine, is not merely a matter of fulfilling obligations solemnly assumed, but of protecting the integrity of the British empire.

The Vatican was reported to be much concerned as to the safety of church shrines in Jerusalem. If Arabs were allowed to get the upper hand indefinitely, one of the first steps prompted by Mohammedan enthusiasm would be the destruction of Christian shrines and churches.

Sir Phillip Snowden, who manages Great Britain's finances, won his fight for a fairer distribution of the German spoils. And suddenly British Tories blazed forth in praise of the great Snowden.

It is amusing to see what happens when a shoe is on the other foot. In Italy, France, Belgium, Snowden was represented as a fiend incarnate, a pirate and of course a Shylock, when he asked for only part of the money due him.

That must remind us of some things that were said about Uncle Sam—'Uncle Shylock' was one name.

An airplane pilot, assisted by a farmer, took off near Bellingham, Wash., and before returning seeded 68 acres in one hour and 40 minutes. The farmer scattered seeds from a sack through a door in the cockpit, using about 800 pounds of alfalfa, timothy, clover and orchard grass seeds.

When gigantic machinery plows, harrows and pulverizes the soil in one operation, when another machine harvests, stacks, bales and weighs the crop in one operation, and airplanes do the sowing, agriculture will join 'big business.'

Henry Ford's interesting statement that he would stop manufacturing automobiles "if booze came back again," causes unnecessary discussion.

Mr. Ford, a sincere teetotaler, probably said that hastily. He is as good now as ever. He established his reputation and that of his car, long before prohibition came.

What Henry Ford could do, without the aid of prohibition at fifty, he could do now at sixty-five. He wants to help prohibition, that's all.

When efficient gangsters don't want witnesses to testify, they don't testify.

Somebody killed three men in New York's 'Hotzy Totsy' speakeasy. Two waiters and another man saw the gunman who did the killing. Commissioner Whalen said the three would see nothing more. They were killed to 'shut their mouths.'

If you think prosperity will continue—as it will unless foolishness interferes—buy your little boy a seat on some stock exchange.

He will make money as a broker, and his seat, while he 'sits' in it, may make him rich apart from his own work.

You can't say that of many seats.

A stockbroker has such a 'clean' business, buying and selling as ordered, a profit on every transaction.

County Health Nurse Sought In Organization Here

CAMERON SCHOOLS OPEN WITH 1093 ENROLLMENT

1929 TERM BEGINS WITH PROGRAM OF EDUCATION FOR MANY

The 1929 term of school began in Cameron Monday morning September 9 with an enrollment for the first day of 1093.

The attendance will be increased within the next few weeks and all previous records are expected to be broken in the number of students for Cameron schools.

The rural communities are contributing in a large way to the number of students.

Superintendent T. A. Fisher was enthusiastic in his praise for the student body as the new term opened and looks forward to a great year for the schools.

The following teachers will be in Yoe High school: Miss Lucille Dickson, Ruston, La., Mathematics; Miss Fannie Lou Davis, Cameron, commercial subjects; Mrs. Basset Watson, Cameron, librarian; Miss Gladys Gray Smithville, Spanish; Mrs. A. M. Neely, Temple, general science; Miss J. J. Blanche Pitts, Denton, English; Miss Beulah Annette Nagle, Austin, commercial subjects; Miss Kathryn Robbins, Cameron, domestic arts. Miss Virginia Vest, Cameron, English. Miss Velda Walker, Cameron, Latin and English; Mr. Guy Newton, Cameron, mathematics; Miss Mary Lake Henderson, Cameron, history, and L. V. Perkins, Cameron, coach and principal.

In the Ada Henderson school the following teachers are listed: Miss Ivy Armstrong, Belton; Miss Blanche Hensley, Anderson; Miss Ethel Jenkins, Austin; Miss Kathryn Sproull, Bon Arnold; Miss Blanche Wiley, Leander; Miss Winnie Henderson, Cameron; Miss Dallye Young, Cameron, and Miss Irma Porter of Rockdale, principal.

The old school building will have only the first and second grades in it and will be taught by Mrs. Jim Childress.

FINE JESERY CATTLE RECEIVED IN CAMERON

J. C. TUCKER AND P. C. COLGIN ACQUIRE 11 HEAD FROM HERRING HERD

J. C. Tucker and P. C. Colgin were recent visitors to Houston where they acquired 11 head of fine Jersey cows.

These fine animals arrived Tuesday morning by train. These fine animals all come from the J. A. Herring herd, just out of Houston. Mr. Herring has been a very far sighted breeder of Jersey cattle for many years. These cows are all registered and T. B. tested and from two main blood lines of the Jersey breed, the Eminents and the Silver Tail Fox breeding. Four half sisters to the cows now on Mr. Tucker's place recently sold for an average of \$275 a head.

It is the ambition of Mr. Tucker and Mr. Colgin to have one of the finest herd of Jerseys in this part of the State.

Dairying in Milam County is receiving much consideration and is proving profitable to many farmers. The acquisition of this herd by Tucker and Colgin is more proof that they believe that dairying will be a big factor in the future development of Milam County.

Recently S. M. Messer of Davilla acquired 21 head of high grade cows from Temple, sixteen of these cows are in milk at present.

William H. Cooke Goes To Memphis

William H. (Bill) Cooke, associate editor and advertising manager of the Rockdale Reporter for the past three weeks, left this week for Memphis, Texas, where he has accepted a position on the Memphis Democrat.

Wise brokers don't gamble. They let the customers do that.

The most important part of civilized man's education is learning to resist germs.

Measles will wipe out a tribe of Alaskans or Eskimos in two or three weeks. White men call it a child's disease.

AGED MOTHER WILL NOT SEE GRAVE OF SON WHO SLEEPS UNDER GENTLE SNOWS OF BELLEAU WOOD IN FRANCE

In Belleau Wood, not far from Chateau Thierry, where the romantic, red read to glory claimed the lives of many American in that hard fought engagement of the old American Second Division and two regiments of United States Marines, with the German armies, lies the body of Joseph V. Salac, first Milam county boy to die in the world war.

The other day the government at Washington sent papers to A. F. Mitchell for Mrs. Katherine Salac, the aged mother of the patriot who sleeps under the gentle snows of that wood, making provision through an act of Congress for American Mothers to visit the graves of their sons in France.

Mrs. Katherine Salac will not be able to go. She is very old and feeble in health and cannot stand the strain of the trip to France.

She will never see the grave of her

son who died in the field of honor. Other American Mothers will go to the wooded height and stand at evening in the gathering twilight near their sons whose 'crosses row on row' mark that field as a national shrine of Old France, but Mrs. Salac will not be able to go. She would like to go over there and visit the grave of her son who was the first from this county to die for America. She appreciates the generosity of the government and regrets she will be unable to go.

Joe was a fine boy, so strong, and life held out to him great promise. The mother was weeping softly for her son who was the opportunity came for her to go. She cherishes the hope that it will never happen again—that no mother will have to give her son to die in war. The mothers love peace and their voices should be heard at the council tables of the nations.

REORGANIZATION FOR LIONS CLUB HERE

ESSAY CONTEST FIRST COMMUNITY INTEREST FEATURE TO PROMOTE

The Lions Club has been reorganized in Cameron.

A meeting held Wednesday evening at the Methodist church when officers and directors were chosen for the new term.

The officers are: J. C. Martin, president; John C. Young, Vice President; Ben F. Reichert, secretary and treasurer; J. P. Love, Lion Tamer, and T. A. Fisher, Tail Twister. Directors are Ray Burke, 2 years; J. D. Baskin, 2 years; F. E. Jackson, one year and L. Van Perkins, one year.

The first matter of public interest to be taken up is an essay contest open to all high school and junior high school students. The subject will be 'What the Lions Club can do for Cameron and Milam County.' Three prizes are expected to be offered for the three best essays.

The membership roll of the newly organized club will be as follows: Ray Burke, J. C. Tucker, J. C. Martin, John C. Young, T. A. Fisher, L. F. Gohmert, L. Van Perkins, Ben F. Reichert, F. E. Joiner, M. G. Manning, W. H. Carson, Walter F. Sharpe, W. J. Watson, C. A. Gott, J. H. DuBois, J. B. White, J. D. Baskin, E. S. Hutcherson, J. P. Love, Hubert Hefley, F. E. Jackson, S. P. Cross, C. E. Triggs, Dr. James Watson, C. W. Bradbury, J. M. Ralston, Robert McLane, D. B. Gunn, Wm. Cobb, Jeff T. Kemp, Homer Nabours, B. V. Shirley and Fred Jackson.

The list is not closed and the club hopes to receive many more new members at the meeting on next Tuesday.

The club has been reorganized here through the assistance of W. H. Teegarden, representing the International Association.

CAMERON FIREMEN HEAR WORK PRAISED AND HOLD BANQUET TUESDAY NIGHT FOR VETERANS OF THE SERVICE

Cameron Fire Department has made history in Cameron and more than any other branch of the public service merits the esteem and good will of the citizenship.

Firemen were told that Tuesday night by speakers who eulogized their service, rendered without compensation and at hazards to their own lives.

The occasion was the annual banquet of the Firemen held in the Knights of Columbus Hall with approximately 100 members and visitors present. Invited guests were the members of the city council headed by Mayor Chambers; district attorney Jack Lewis who was toastmaster; Arthur Baskin, former chief in the days of the beginning of the department; R. L. Batte, former member and new marshal at Thorndale and manager of the Batte industries there; Will Caldwell, veteran and now retired member of the department; J. B. White, editor of the Cameron Herald and former Mayor.

Among the guests were the mascot Frank Richter, Jr., and former mascot, Frank Hubert.

The chicken supper was served by A. E. Smith of the Newport Cafe with his corps of helpers and was a two course menu with cigars at the finish of the supper.

In his usual good vein of humor

REV. HARDIGREE GETS CHRISTIAN PULPIT

COLUMBUS, GEORGIA, MINISTER TO BEGIN WORK HERE ON SUNDAY

The First Christian church of Cameron has called to its ministry the service of Joel B. Hardigree, of Columbus, Georgia.

Rev. Mr. Hardigree comes to the Cameron church after a ministry of two years with the Central church at Columbus. One of his members says of him, "He is the best minister we have ever had." Mr. Hardigree is a young man, though not an inexperienced preacher. He has had six years experience as a pastor since completing his college training. The church considers itself fortunate in securing a man of his training, experience and general ability. He will come to Cameron this week and will preach both morning and evening next Sunday, September 15.

Pastor-Evangelist, Arthur A. Hyde, of the Texas Christian Missionary Society has finished his temporary ministry with the Cameron church and departed for his home in Temple. His next meeting will be with the Hubbard church. Since coming to Cameron in the late spring, Mr. Hyde has led the Christian church in a revival meeting, has preached two Sundays each month in the regular services, has helped the church pay off the last dollar of its indebtedness and has directed the affairs of the election and ordination of nine church officials.

These officers were ordained at the Sunday morning hour, September 8, and are as follows: Elders—V. P. Woolley, J. P. Moseley, W. D. Favors; Deacons—Raymond Beard, J. L. Adams, Bennie Archer, W. M. Caldwell, Dow Eplen and J. C. Brashear. With the board thoroughly organized and a new minister coming to lead the forces, the church membership looks to the future with optimism and high hopes.

Mr. Lewis took charge of the meeting delivering a short address commending the work of the firemen and the efficiency of the department.

Mayor Chambers was introduced and made a splendid talk praising the department and Chief Monta Thomas for the work responsible for keeping down the insurance rates. Requests of the firemen have always been acted upon with favor by the council, said Mayor Chambers and no matter what may be required that body will provide it.

B. P. Matocha, now city attorney and former member of the department, praised the work of the department and recited many interesting events of the past years.

R. L. Batte, Jr., made a talk as a former member of the department and told of efforts now being made to bring about better fire protection for the city of Thorndale.

Will Caldwell, veteran, now retired from the department, gave an interesting account of the old days.

Arthur Baskin, former chief, was introduced and was roundly applauded by the firemen. He rendered distinguished service in the days of the beginning of the department.

Chief Monta Thomas who has been

NOTICE TO SUBSCRIBERS

Subscribers to The Herald are requested to look for the date to which their subscriptions have been paid and to make prompt remittance for their papers. It is not possible under postal regulations to carry unpaid subscriptions on the list. It should not be necessary for statements to be mailed. The expirations come due in the fall of the year when payments are made easier. We have arranged this expiration period so as to facilitate payments and we will greatly appreciate check for subscriptions expiring. Subscriptions expiring and not paid promptly will be discontinued.

Rum Factory Broken Up; 3 Large Stills On Brazos Taken

County officers were on duty Wednesday in a spot in Falls County in a thicket near the Brazos River. So were two operators of a trio of stills, and two of the stills were boiling away. Three barrels of mash had been consumed, and eleven more were waiting in line for their turn in the pots.

But here is where the officers interrupted. The two young men were captured. The three stills were captured and confiscated. The eleven barrels of mash were destroyed. Two gallons of 120 proof hot whiskey was taken. The two young men were brought before Justice of the Peace Howard, given a hearing, and released on \$500 bond, awaiting action by the next session of the grand jury.

According to the officers this was the first offense of the persons captured.

Constable Bill Beckworth, Sheriff Henry Barton and Deputy Red Winfrey were the officers who made the arrests in the case.—Rosebud News.

HERNANDEZ INDICTED IN PAVALAK DEATH

YOUTHFUL NATIVE OF PERU ALSO CHARGED WITH FIREARMS ROBBERY

Antonio Hernandez, youthful native of Peru must stand trial in District Court here for the murder of Josef Pavlak, aged store keeper last July. The 21 year old murderer must also stand trial for robbery with fire arms, separate indictments for these offenses having been returned by the Milam County grand jury which adjourned here on last Thursday.

Antonio and Monica Linares were indicted for the murder of another Mexican in Rockdale recently.

Antonio Hernandez killed Josef Pavlak as the 60 year old grocery man sat in his store near the Santa Fe freight depot. The aged man was beaten to death with a hammer, a gun found on the youth having been used to effect the robbery also. He was arrested on the Maysfield road late in the afternoon by Sheriff Blaylock and posse of deputies. On account of the murder considerable interest has been shown in the outcome of the case.

The grand jury for the September term, adjourned Thursday afternoon, having found fourteen indictments; eleven of which were for the grade of felony, and three misdemeanors. The misdemeanor cases were transferred to the county court. Among the felony cases there were two for murder and one for robbery with firearms.

Ralph Mayfield Seriously Hurt

Ralph Mayfield, 9-year-old son of Mr. and Mrs. John Mayfield was seriously injured Saturday afternoon when he fell from the back of a car on the railroad tracks near the S. A. & A. P. depot. He was rushed to the hospital and it was found that his skull was fractured near the base of his brain.

Vernon Mayfield was driving the car and a number of boys were in the car and in the little truck part of the back. An unexpected turn was made and Ralph fell with force from the car on to the tracks.

Rev. L. H. Mathison, presiding elder, preached at the Methodist church Sunday morning.

AID TO HOMES AND CHILDREN PLANNED

COUNTY HEALTH ASSOCIATION IS OBJECT OF MEETING HELD WEDNESDAY

By BESS DUBOIS

The organization of a County Health Association for Milam County with the ultimate purpose in view of employing a County Nurse was the subject for discussion at a meeting Wednesday afternoon at the County Court room, at which were present women of the county who are interested in this project including the County Superintendent of Schools, Judge Graham Gillis, director of Red Cross activities, and Miss Pansy Nichols of Austin, child health director of the Texas Public Health Association.

In as much as the County Council of Parent-Teacher Associations is vitally interested in the employment of a nurse, those present at the meeting Wednesday voted to ask this organization to set aside one hour of time at their next meeting, which will be held in Cameron on September 27, for the discussion of this matter, and it is hoped that the council may form the nucleus of a health association for the county. An effort will be made to have present that day Mr. Bracey of Austin, who is at the head of the Texas Public Health Association.

To Sell Tubercular Stamps

The county health association, if it be formed, will have charge of the

Young Woman Is Killed at Davilla By Lightning Bolt

Mrs. Will Parker, 20, of Brownwood was instantly killed by lightning Thursday afternoon about 3 o'clock at the home of her uncle near Davilla, in Milam county, according to word received here.

She was at a well drawing water during a thunderstorm when lightning struck the curb of the well. She was holding an iron chain drawing the water and was instantly killed.

The body passed through here last night en route to Brownwood for burial, arriving on the M.-K.-T. and being transferred to the Santa Fe freight line. The body was accompanied by J. L. Parker, father of Will Parker who was suffering from the shock of the tragedy and was carried through to Brownwood in a car.—Temple Telegram.

CONCRETE ROAD FOR MILAM COUNTY SOON

Commission Asks for Bids on Concrete for Highway No. 43, Milam to Dry Brushy Creek

About the best news Rockdale and Milam county people have had recently is that the State Highway Commission has called for bids for the laying of an 18-foot concrete roadway through Road District No. 10, on Highway No. 43, through Rockdale. The bids will be opened in Austin on September 17 and contract awarded.

The roadbed on this stretch of important highway has been ready for the past two years or more, and of recent months some anxiety has been felt as to the ultimate outcome of the project, this anxiety being due to the slowness of the Highway Commission in proceeding with the surfacing. In July a delegation appeared before the Commission and consulted over the project, at which time an additional allotment was made, but the statement was also made that nothing better than a common 'blacktop' road would be constructed.

State Engineer Gilchrist has contended for concrete all the time and apparently he has won his point, as the news this week is that bids have been called for on two types of concrete construction.

The project consists of 15.06 miles, extending from Milam on the east, through Rockdale to the Rockdale-Thorndale precinct line at Dry Brushy creek.

From Dry Brushy west, to the Williamson county line one mile the other side of Thorndale, contractors are now at work on the roadbed dirt work and bridge and culvert concrete work which when completed, will put the Thorndale road district in position to also ask for and expect concrete surfacing in due time.

Texas and Texans

By Will H. Mayes

Checking a Bad Custom

In many Texas counties the commissioners courts have established a custom of issuing warrants of certifiants of indebtedness in payment for court houses, jails, road work, machinery, or other things the courts care to pay for without submitting the matter to a vote of the people, when funds are not available.

Whether this is authorized by law or not, it should be incurred, except in case of public necessity or emergency, without the people authorize it by their vote.

The Shelby county commissioners hold that such certificates, issued by a commissioner for road work and material, are not legal and refuse to pay such debts incurred by a previous administration. The final outcome of a suit to recover the amount of such a certificate will be watched with much interest.

Airplane Travel Doubles

A reduction in airplane passenger rates by a leading transport company to about twice the rate charged by railroad and bus lines quickly resulted in doubling the amount of travel. When air transportation is still further reduced and brought within reach of the average traveler, air travel will immediately become the popular method of transportation.

Many Texas towns are securing airports and in the near future landing places for planes will be regarded as essential as railroad and bus stations.

Teachers' College Buildings

The Sul Ross State Teachers' College at Alpine is erecting a library building to cost \$150,000. This school has had a hard struggle for legislative appropriations sufficiently large to keep it growing, but now seems to have won its way to recognition as one of Texas' most important educational institutions. Because of the invigorating climate the Alpine school should become one of the leading teachers' schools of Texas, of which the State has more than are really needed.

Road Educational Campaign

Movements are afoot to 'educate' the people to the need of good roads, which means to secure their favor in the matter of a State bond issue of some \$300,000,000, with which to supplement the present gasoline tax and motor registration license, from which Texas roads are now being built. It is being freely predicted by friends of the 'educational' movement that highway Commissioner Sterling will make the race for Governor with the bond issue plan as the leading plank of his platform.

Scattering Bluebonnets

Texas bluebonnets should be grown extensively in every part of the State in which they can be grown. The Garden Club of Amarillo has ordered ten dozen packages of the seed from Mrs. J. K. Beretta, Girl Scout Commissioner at San Antonio. For several years the San Antonio Girl Scouts, under Mrs. Beretta's leadership have been gathering and sending out large quantities of bluebonnet seeds. The flower has matured as far north as Alaska and under careful attention should bloom abundantly throughout all parts of Texas.

San Saba Ships Fertilizer

San Saba has a fertilizer company that is engaged extensively in shipping fertilizer products to other sections not so fortunate in good soils, or where intensive cultivation is practiced. The irrigated sections of the State are using large quantities of the fertilizer, especially in those areas where two or more crops are grown from the same land each year.

Labor Dinner Higher

A resort hotel at San Marcos announced that its Sunday dinner would cost \$1.00 and that its 'labor day special' would be \$1.25. Evidently the hotel people think that the laborer is better able to pay for a dinner than the average Sunday diner. Skilled labor is getting a wage in Texas that enables it to buy most of the things it wants. The unskilled workman hasn't so much reason for being over-jubilant on Labor Day. The one is usually well organized, the other is not. The skilled workman uses his brain, as well as his muscle, to best advantage.

Dallas' Flight Climbing

The thousands of people who have

been forced to take exercises in flight climbing at the Dallas railroad station, for no other apparent reason than to get to come down again, are hoping that Mayor Tate may succeed in getting those steep and long stairs removed. Dallas can't hope to become much of a city so long as every visitor arrives and leaves out of breath from climbing needless stairways and cursing the place.

Fort Davis Apples

There are not a great many Texans who know that Fort Davis ships famous Fort Davis 'Delicious' apples by carloads. Orchardists say that the apples grown in the Davis Mountain section are the finest marketed in the fall in the United States. Shipments are now being made and the crop is reported as excellent. Fine peaches, pears and grapes are also grown there.

Establishing Creameries

One of the largest of the meat packing plants is establishing a number of creameries and poultry products plants at favorable Texas points. Paris reports having secured one of these and Taylor and Austin are being considered for another location.

A number of the creamery and cheese plants in the State are having to be enlarged to care for the increased business. The dairy and poultry business of Texas are growing rapidly.

Hatcheries Prove Profitable

A 12,000 egg capacity hatchery is to be established at Smithville by a party who is operating similar plants at LaGrange, Bellville and Schulenberg. The owner finds that with modern equipment the hatching industry wherever established is proving profitable. The 'setting' hen is being retired from the business.

Llano Tourist Park

Llano is much pleased about its new hotel but is also getting ready to take better care of those who may not want to stop at the modern hotel. The tourist park there has been leased to a company that is building a number of new cottages and a dancing pavilion and establishing a swimming pool to make stopping in Llano a delight to the thousands of visitors who go there every season.

Fredericksburg Hotel Enlarged
When the old Nimitz Hotel at Fred.

Fredericksburg was torn away a few years ago and a big three story structure erected in its place, the people here wondered if it would ever be filled with guests. Already it is found that more hotel rooms are needed and a large addition to the hotel is to be constructed right away. It begins to look like Texas towns can't get too much hotel room.

Grows 38 Different Crops

A farmer near Runge, who has grown 38 different crops on his farm this year, is not complaining of hard times. A list of his crops reads almost like the index to a seed catalogue, but the farmer doesn't care for that so long as he is able to keep a nice bank account.

Most Distinguished Citizen

The American Legion posts thruout the State are honoring a citizen where each post is located by presenting him a certificate proclaiming him, the 'most distinguished citizen.' Of course

J. O. Smith, editor of the Elgin Courier and manager of nearly everything around town, was declared 'It' at Elgin, although many of the city's folks thought the honor should have gone to Mr. Smith's manager.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Charles H. Fletcher* on the wrapper all these years just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

Drain Tile "Logs" Used

as Building Material

A "log house" in which the "logs" are formed by common red drain pipe tile has been built in Kingsville, Ontario, Canada. Charles Miner, who erected the unique dwelling, chose tile for the material because it provides dead-air space in the walls to protect the interior from cold in winter and heat in summer.

The house stands on a foundation of concrete blocks, except for the porch and steps, which are supported by the tiles. A wooden framework, sheathed with boards in the usual manner, was first erected and the tile "logs" were laid in courses like brick veneer up the sides. At corners, the ends of the tiles overlap in criss-cross fashion, much as did logs in the cabins of pioneer days. Where the ends of the logs are exposed, they are closed with cement colored to match. This insures dead-air space and prevents birds and squirrels from entering.

The cost of the unusual house is said to have been moderate as compared with the cost of the conventional wood or brick home.—Popular Science Monthly.

Early Man Had Faith**in Arrow Divination**

Long ago, in the most high and far off times, primitive man resorted to the making of magic to determine what course to pursue in the vast wilderness of his ancient world, writes Catherine Hargrave in the Boston Transcript. Arrow divination was a favored kind. To make this magic a circle was drawn on the ground with the proper rites and incantations and divided into the Four Directions. With more mystic ceremony arrows were cast into the ring and upon the manner of their falling depended the future.

The American Indians did this as well as the Asiatic peoples, and in both countries gaming sticks resembling arrows, sometimes with actual feathered shaftments and sometimes with the feathers painted upon them, were used to play a game much like the older magical processes, with a circle on the ground, divided into four or eight parts.

Cats Once Deified

Egyptian deification of the cat, says the Golden Book Magazine, has been traced as far back as four thousand years, and for many centuries the bodies of favorite cats were carefully embalmed and interred near the temple of Bubastis, the cat-faced goddess of Beni Hasan or of Heliopolis. One of the strangest archeological discoveries was that which disclosed the mummies of thousands of cats near the tomb of Beni Hasan recently.

Whether the domesticated cat is a native of Egypt is not known, but the first mention of the cat in China was as recent as 400. The cat also was unknown in Europe until just before the Christian era.

Character Comes First

Music, of all the arts, touches most widely on things which are humanly interesting; and if you shut out the knowledge of what is interesting in your fellow human beings, how is your art going to grow? Art, like many other things, gets its food from outside, and it is a mistake to suppose that it can feed exclusively on itself. And art is always interwoven with character, and we have even frequently to observe that character counts for more in the end than natural gifts of any kind, whether artistic or literary.—From "Hubert Parry His Life and Works," by Charles L. Graves.

Moon Viewed From Vessel

The Naval Observatory says that the change in an observer's position from day to day on an ocean trip would affect the moon's apparent position so slightly as to be scarcely noticeable—that is, the moon's local time of rising would change from day to day just about as it would if the observer were stationary. However, if the rising of the moon were timed by a watch keeping for instance, Eastern standard time, the speed of the ship might be such that the risings on successive nights would be at approximately the same watch time.

Tree Saved by Washington

The American Forestry association says that the Washington oak in Audubon park, New Orleans, La., is famous for its beauty, its name, the number of annual visitors and its size. It is said to have acquired its name in the following fashion: President Washington was visiting a family by the name of Horry. At dinner Mr. Horry noticed that a tree obstructed his view and gave orders that it should be cut down. Washington heard this and objected. The tree was not cut down and has since been known as the Washington oak.

Cook Books in Story Form

To put over their message in the most pleasing guise, cook books once were written in story form or as a collection of letters, as in "Letters to a Young Housekeeper." Among such cook books was one entitled "Gentle Breadwinners." The heroine passes through various adventures in which she makes french icing, venetian cakes, mince meat, candied orange and lemon peel until, as the climax, she wins, by means of her good cooking, a home and a husband.—Detroit News.

Presbyterian Church Young People Leaving For Colleges Honored

Those young people of the Presbyterian church who are leaving within the next few days for colleges over the state were honored with a party given in the church parlors Tuesday evening.

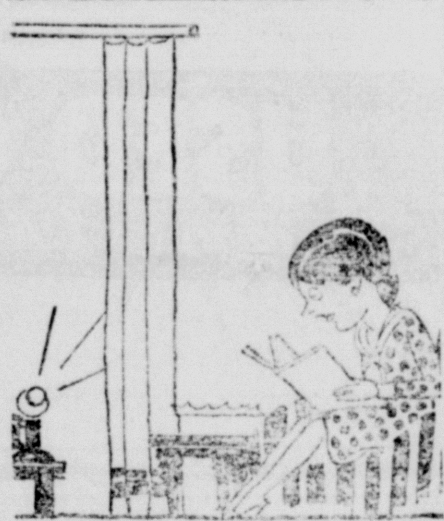

Colors of the different colleges to which the honorees are going were used in decorations, and upon arriving each one selected the colors of his chosen school to wear during the evening. Clever games and contests between representatives of the different colleges featured the entertainment. These games represented courses which are offered, and at the conclusion it was found that prospective students of Baylor University and the University of Texas had scored the same number of points, tying for honors.

Refreshments of ice cream and cake were served. Mrs. Graham Gillis, who has charge of the young people's work in the Presbyterian church, directed the entertainment, and she was assisted by Mrs. K. K. Robbins, and some of the younger members of the Christian Endeavor.

Impressive Pageant Methodist Church

A most impressive pageant was given at the Methodist church Sunday night in the absence of Rev. Ramsey by the young people of the church under the leadership of Mrs. P. T. Ramsey.

The name of the pageant was "The Fruits of His Labors," and the super-annuation of preachers and their needs was the chief theme expressed. Mr. Henry Dryer represented an old circuit rider, and Foldine Rylander played the part of his meek and trusting wife. A number of fairies and spirits of gloom and other minor parts were well played. Mrs. J. M. Bowman gave the prologue. The regular choir furnished music accompanied by Mesdames Clinton and Levy at the organ and piano. T. A. Fisher, A. C. Freeman, Miss Kathryn Ramsey gave special solos and Misses Mary and Hazel Freeman sang a duet.

MARY ANN had almost reached the end of the chapter when the telephone rang.

She finished in a hurry!

But naturally, the person calling had "hung up" when she answered.

It's a good idea always to answer the telephone promptly.

**Business Women Hold Meeting Here**

A large number of members were in attendance at the regular meeting of the Business and Professional Women's Club Tuesday evening, Mrs. Gladys Watson, president, presiding. A number of committees made reports and plans were discussed for future work of the club.

The club voted to change the time of regular meeting from the second Tuesday evening to the first Tuesday evening of the month. Meetings to be held at same place.

Miss Mary Louise Elliott was elected to membership of the club. Other names were submitted to the membership chairman to be reported on later.

Delicious fruit punch was served at the close of the evening by Mrs. Homer McLane.

The next regular meeting will be held Tuesday evening, October 1. All members will please note the change of time of meeting, and be on hand as a large attendance is desired.

Nancy Rae Slocomb Hostess To Friends

Miss Nancy Rae Slocomb was hostess to a group of her friends last Friday evening, when she entertained with a picnic supper at Wayside Inn, followed by dancing at her home and then a spend-the-night party for the girls. Mrs. Slocomb was assisted in the entertaining by Mrs. Ben Baskin.

Those girls forming the jolly party were Misses Dora Emly Moore, Margaret McCown, Florence Atkinson, Geraldine Slaughter, Cora Barmore, Florence Ledbetter, Dorothy Joynes, Foldine Rylander, Mary McDermott, and Laurita Evans. Boys invited for the picnic and dancing were Cyrus Miller, 'Red' Baskin, Harry Tag, 'Boots' Smith, Andrew Freeman, John Herndon, Robert Love, Ew Love, Thad Bailey, Prothro Dierr and Bill Newton.

For many of those present this served as a farewell party before their departure for various schools and colleges over the state.

BAPTIST W. M. S.

The W. M. S. met in circles Monday afternoon for Bible study, the lesson being taken from 'Studies in the Book of Luke,' by Grace Saxe.

Eunice Taylor Glass Circle met with Mrs. W. H. Parker, with nine old members present and one new one, Mrs. R. B. Strange. Mrs. Wilson Gunn was leader. Lillie Mae Hundley circle met with Mrs. W. H. Henley with eleven members present. Mrs. Henley led the lesson. Lottie Moon Circle met at the church with eleven members present and Mrs. T. Jeter was leader.

The ladies will meet in circles next Monday for mission study. Eunice Taylor Glass will meet with Mrs. A. N. Green at 3:30 o'clock. Lillie Mae Hundley with Mrs. M. C. Sapp at 3:30 o'clock, and Lottie Moon with Mrs. Grady Cooper at 4:00 o'clock.

A week of prayer will be observed next week with all programs combined into two, the meetings to be held on Tuesday and Wednesday afternoons at 3:30 o'clock.

Lumber--

And Building Materials of All Kinds--and Plenty of it!

No matter what your building need may be—whether a home or just some simple repairs about your place—we can supply you and when you buy our lumber, you buy good lumber too, and not the ordinary kind and you pay no more for it.

Let us help you. Just tell us about your plans and we will do the rest. We want a part of your business and we assure you we can serve you in a most satisfactory way.

DROVE POISON OUT

Constipation Troubled Alabama Lady Until She Had Taken Black-Draught, Then Felt Fine.

Florence, Ala.—"For two years, I suffered with pains in my back and head," writes Mrs. J. E. Sloan, 810 Park Street, this city.

"I felt dull all the time, and was not able to do anything."

"I was constipated most of the time. My complexion was bad and I had no appetite."

"An old lady advised my father to give me Black-Draught. As quick as she told him, he got it for me. I took Black-Draught three times a day for three weeks, and I began to feel like a different person. I developed a good appetite; the poison left my system, and I felt fine."

"I thought my trouble came from constipation, and as soon as the cause was removed, I got all right."

"Since that time, I have tried to keep a box of Black-Draught in the house, as I find it corrects biliousness and relieves sick headache. It is our family medicine."

Constipation dams up poisons in the bowels, causing their bad effects to be felt in other parts of the body.

At the first sign of constipation, take Theodora's Black-Draught. Costs only 1 cent a dose. NC-215

Peculiar Fitness of Trees

as National Memorials
A few trees of the millions which people the forests, farms and towns of the United States have been singled out by history to play famous parts and to stand as memorials to great events in the life of the country. "Symbolizing fully as well as tablet or pillar could do, some significant achievement, these trees represent the peculiar fitness of trees as memorials, and it is specially appropriate that they should have a hall of fame of their own," says the Forestry Almanac of the American Tree Association.

Some distinguished trees stand out by reason of their age, such as the General Sherman sequoia in the Sequoia National park of California. Its age is reckoned at 4,000 years, and it has a diameter of 23 feet and a height of 250. Many of the redwoods and sequoias are as old or nearly as old as this one.

When Charles Sumner was senator from Massachusetts he sent to the czar of Russia an acorn from a tree near the tomb of Washington at Mount Vernon. This acorn grew to an oak in the palace grounds in St. Petersburg, and an acorn from it was planted in the White House grounds in Washington in 1894 and is now a prosperous young tree.

Scotch Chestnut Tree

Bids Defiance to Time

In solitary grandeur on the edge of the spacious lawn, directly in front of Bernersyde hall, on the Scottish border, stands a giant chestnut tree. Although it is reputed to be at least nine hundred years old it still gives evidence of vigorous growth. It supports its massive bulk unaided, and though some of its larger branches have been wrenched off by storms, its trunk is intact, with a girth of fully eight yards at a height of five feet from the ground.

A tradition still exists to the effect that when the lairds of Bernersyde in the distant past received their guests they wanted to give them the right hand of welcome under this ancient tree. But, be that as it may, it is today a peculiarly fitting companion for the gray old pile opposite, for they stand together as they were standing on that momentous day in 1606, when William of Normandy won a kingdom on Senlac hill.

Chautauqua's Growth

The 35th Chautauqua assembly, known as the Sunday School assembly, was in session August 4-18, 1924, as the result of a plan formed by Lewis Miller of Akron, Ohio, and Rev. John H. Vincent of New York. The assembly plans widened rapidly in successive years. In 1879 a school for teachers in secular subjects was opened. Probably Chautauqua is best known in connection with the plan of systematic home reading. The plan was proposed and explained in 1878. The first year 7,000 persons were enrolled, and from that time readers, varying in number from 8,000 to 25,000, have joined the circle per season. There are now throughout the United States and Canada more than 550 local assemblies modeled after the original Chautauqua institution.

Thames River Postman

Every morning a bright red row-boat may be seen moving about the Thames from London bridge to Wapping, propelled by a single man, who is the postman of the Thames delivering mail miter to the boats anchored in the stream. The weather has no influence on his trips and often he has some trouble in locating the vessel he desires to visit. The craft often move about so that where they were yesterday does not mean that they are there today. Aside from this, his operations are often hampered by fog, when he is in danger of crashing into some vessel or being crashed into. This position has been held by a member of the same family since 1500.

Death-Watch Beetle

Wood-worm is the popular name of this enemy insect, and some call it the death-watch beetle, from its habit of making a tapping sound in the woodwork it attacks. No wood is safe from it. While it is generally supposed that it attacks only ancient houses, this is not the case, for it will sometimes appear in a perfectly new house and proceed to bore into the timbers. Roofs and floors are in equal danger, and it will eat a chair, a chest or a picture frame with the same zest.

Not So Good

A fond father who prided himself on his writing ability, being a professional writer, aided his little daughter in preparing a composition on "London" one evening. He edited her sketch and could not refrain from practically rewriting it, adding quite a little polish, he thought. Jane came home the next evening proudly waving her theme. But father felt his feathers fall somewhat when he saw the mark and realized that he had made only a minus in the fifth grade.

Faroe Islands

The Faroes, or Sheep Islands lie between the Shetlands and Iceland. Although they lie nearly 200 miles northwest of the Shetlands, they are actually warmer than many parts of Scotland. The islands are wonderfully immune from almost all forms of disease.

A GREAT TRIBUTE TO FIRESTONE

ON ROAD OR SPEEDWAY FIRESTONE GUM-DIPPED TIRES GET PREMIERANCE

"No greater tribute to the quality of Firestone Tires could possibly be paid than the fact that Firestone equipped cars have won ninety-three consecutive National Championship events on the speedways of the country, according to Mr. Horstmann of Horstmann Brothers, local Firestone dealers.

"Firestone Gum-Dipped Tires are chosen when life and victory demand the greatest safety. At Atlantic City on May 7, 1927, when several world's records were made, the first six drivers to cross the finish line used Firestone Gum-Dipped Tires and none made a tire change. Over a course on Muroc Dry Lakes, Frank Lockhart set a world's straightaway mile record—traveling at the rate of 164.85 miles per hour, with a 91 1-2 cu. in. motor. Cannon Ball Baker drove a loaded two-ton truck across the continent, 3693 miles, in 137 hours and 36 minutes without a tire change. At the Atlantic City speedway on November 3, 1927, two passenger cars, also on Gum-Dipped Tires completed 25,000 miles in less than 23,000 minutes, total elapsed time, an average speed of 65.31 miles per hour for the entire distance.

"Records of stock cars are of equal importance. William R. Rothwell, taxicab operator of Detroit, Michigan, reports that two Firestone tires on his cab have run 76,000 miles. E. W. Clark reports 48,000 miles from Firestone tires, without a blowout, and states that the tires still look good for 20,000 miles. Betty Dickerson of Indianapolis, Indiana, received 60,000 miles from three Firestones and 80,000 from the fourth.

"Thousands of records like these are convincing proof of Firestone quality and dependability. They demonstrate clearly why car owners in ever increasing numbers are turning to the same tire which veteran race drivers have long preferred."

Wife, "When we were married I thought you were a brave man."
Husband, "So did a good many other people."

Federation Society Board Meets Here

Members of the Executive Board of the Cameron Federation of Missionary Societies met last Friday afternoon at the home of Mrs. J. C. Martin. Mrs. J. P. Love presided. After the reading of the minutes, reports were heard from the treasurer and the different superintendents.

The next regular meeting of the Federation will be held October 29 at the Presbyterian church, and at this time officers will be elected for the ensuing year, beginning January 1. It was voted to dispense with the meeting for December 31, since it comes at such an inconvenient time.

The plan being pushed by various county organizations for the employment of a county health nurse was discussed at length. Members of the board were invited to be at the office of the county judge Wednesday afternoon to hear a representative from the Texas Public Health Association address women of the county on this subject.

PRESBYTERIAN AUXILIARY

Members of the Ladies Auxiliary of the Presbyterian church met in circles Monday afternoon and finished the study of their book on Presbyterianism. Circle one met with Mrs. J. E. Holtzclaw and Circle two met with Mrs. Dan Tyson. Mrs. John A. Green, president of the auxiliary, met with the latter group. Good meetings were enjoyed at each place and were followed by pleasant social half-hours.

Great Editor Writes For This Paper

We are offering our readers a weekly editorial contribution by Arthur Brisbane, the most widely read and highest paid editor in the world.

Mr. Brisbane knows people . . . He knows their interests . . . He knows news values for their current and human appeal and has the rare faculty of bringing their meaning into the understanding of the highest or the humblest. His word-mastery and intimate knowledge of the widest range of subjects are evidenced constantly in his graphic, terse and interpretative column covering the salient news of the world in punchy and illuminative paragraphs that is appearing regularly in these columns.

Every reader will enjoy and appreciate this feature

THE CAMERON HERALD

MORE CIVILIZED THAN AMERICAN STATES, MEXICO ABOLISHES DEATH PENALTY IN CRIMINAL CASES

Mexico City, Sept. 9.—Mexico's new penal code, about to be enacted in law, abolishes the death penalty.

The new criminal code will follow what has become almost established practice in Mexican courts in late years—giving prison sentences even in murder cases.

Eight years imprisonment for murder has almost become the rule, if dozens of recent verdicts in the federal district and nearby states may be taken as a guide. In the criminal courts of this city 'eight years' has been the invariable punishment meted out, indiscriminately almost, to all

males charged with murder. Women seem to fare even better, with a majority of murderesses getting three years.

While juries have sometimes inflicted the more drastic sentence of death the president of the republic has saved from execution every individual condemned to suffer it, with the exception of Jose Leon Toral, who assassinated Gen. Alvaro Obregon, ex-president and president-elect in July 1928.

President Portes Gil is opposed to the death penalty and was instrumental in the change provided for in the new code.

MAYSFIELD

Miss Mildred Thweatt spent Friday night with Miss Ada Lee Massengale.

Rev. R. L. Nicholson and daughter Miss Elizabeth, motored to Cameron Friday night, when she took the train for Brownwood where she will continue her studies in Daniel Baker College.

The announcement was made at church Sunday that the patrons of the Maysfield school would meet at the school house Friday to clean off the house and school grounds and get the building in shape for school to begin on Monday following.

Misses Mariema, Mildred and Graco Thweatt, Mr. Ireland, Rev. and Mrs. R. L. Nicholson and daughter, Ruby, were Cameron callers Monday morning.

Mr. and Mrs. Wm. Freeman and babies motored to Calvert Sunday afternoon and visited Rev. and Mrs. Red.

Those attending school in Cameron from Maysfield this year are Misses Mary White, Mary Ethel Massengale and Vera Mayes, Carlton Newton, Tyson Freeman and Martin Mayes.

Mrs. Mattie Hollinsworth had as her birthday guests Saturday, Mesdames J. T. Thweatt and J. H. Ireland.

Miss Vera Mayes spent Sunday with her uncle and aunt, Mr. and Mrs. Roy Newton.

Mrs. Homer Peel and Mrs. John Thweatt motored to Port Sullivan Saturday afternoon to visit Mrs. Archie Peel.

Miss Bertha Kelso who has been indisposed for several days is much improved.

Misses Bernice and Josephine Baylor were shopping in Cameron Saturday.

Miss Mary Freeman and Lanier Newton attended a B. Y. P. U. social at Jones Prairie Friday night.

Miss Mable Tyson spent a few days in the home of her sister, Mrs. Clarence Freeman, last week.

Rev. and Mrs. R. L. Nicholson and Mrs. Ditto visited Mrs. Dillehunter and Mrs. Vaughan in the Walker's Creek community last Monday.

CLARKSON

Bill Smith and family were guests in the home of Mrs. Smith's parents Will Harper of Jones Prairie.

Mrs. H. Schwarting, Katherine Schwarting, Howard Schwarting and wife motored to Oneaville Tuesday where they were guests in the Will Herring home.

The one year and nine months old baby girl of Mr. and Mrs. John Bell passed away Tuesday afternoon and was laid to rest Wednesday afternoon in the Little River Cemetery at Jones Prairie. The people of the community wish to express their sympathy for Mr. and Mrs. Bell and the family.

Howard Schwarting and wife were callers at the R. K. Fontaine home at Jones Prairie Sunday afternoon.

La Rue Douglas was a Sunday dinner guest in the Mock home near Maysfield.

Joe Scheiler and family were callers at the R. K. Anderson store at Jones Prairie Wednesday.

Howard Schwarting and wife made a business trip to Rosebud Wednesday.

Ralph Mitchell is suffering with a bruised foot.

Deurell and Ralph Mitchell were business visitors in Rosebud Saturday.

Paul Brast and family of Temple and Mrs. Ed McAtee of Burlington were Thursday dinner guests in the Herman Schwarting home.

Mrs. E. F. Campbell and Mrs. H. Lindsay were business visitors in Cameron Tuesday.

Howard Schwarting and wife were Saturday night supper guests in the H. C. Keith home of Cameron.

Greer and Howard Douglas were in Cameron Friday night.

C. C. Black was a business visitor in our community the past week.

There are meters of voice
And meters of tone;
But the best of all meters
Is meet 'er alone!

Or
There are letters of accent
And letters of tone;
But the best way to letter
Is to let 'er alone!

'I refused Jack time and time again and now he's saved me from drowning.'

'I supposed you succumbed at once.' 'No, I had the presence of mind to pretend it was attempted suicide.'

Unemployed Teachers And College Students Why Not Enter Business

There is a wonderful number of opportunities in business for teachers, young men and women qualified for teaching and for the college students who, by force of circumstances, had to drop out of college. Unusual literary qualifications that such young people have caused business concerns to give preference in employment. Business men realize that the former teachers make better office help when properly trained in business.

No matter what circumstances former teachers and college students might be in, they CAN have a business training. We have just learned of a novel, yet simple, plan that is helping hundreds of young people through Tyler Commercial College. We know that the plan will put the young people on a pay-roll much more quickly than any other plan we know of.

If you are interested in taking a business course, if you want to succeed in business, if you need finances to help you on the way to success, get in touch with the Registrar of Tyler Commercial College, Tyler, Texas. Tell him your plans and of your ambitions and desires.

To learn about the courses in Accounting, Banking, Bookkeeping, Secretarial, Stenotype, Radio, Telegraphy, Cotton Classing, Civil Service and other subjects, send for the large free book called 'Achieving Success in Business.' No obligations on your

part. Mail the coupon.

ELECTION NOTICE

STATE OF TEXAS,
County of Milam,

Notice is hereby given that upon a petition of G. W. Malone and twenty other freeholder voters, the Honorable Commissioners Court of Milam County, Texas, on the 12th day of August 1929, the same being at a regular term, ordered an election to be held at the Liberty School House to determine whether or not horses, mules, jacks, jennetts, cattle, sheep and goats shall be permitted to run at large in the following described territory, viz: A part of Justice Precinct No. 3 of said county beginning where Cannon Snap Creek crosses the Cameron and Gause public road. Thence up Cannon Snap Creek to East fork of said Creek where it branches off in the Mrs. J. H. Ashenbeck land. Thence up said East fork to the Milano and Hanover road at the R. L. Batte 290 acre tract of land. Thence in a northerly direc-

tion with said road to the point where the Stock Law District established in January 29, 1927 crosses said road. Thence with the line of said Stock Law District to Cannon Snap Creek to the place of beginning.

The election was ordered by said court to be held on Saturday, September 28th, 1929, and I appoint G. W. Malone as manager of same.

Witness my hand and seal of office this 16th day of August A. D., 1929.

JEFF T. KEMP,
Co. Judge, Milam Co., Tex.

HEFLEY-DOSSETT INSURANCE

50TH ANNIVERSARY

TIME-TRIED AND FIRE-TESTED

Be careful and be properly insured. Fire can burn down a careful man's home or destroy his business place, but it cannot wreck his bank account if he is properly insured.

LET THIS AGENCY PROTECT YOU

The Essex Car

Is only one of the many desirable things we have in stock. It is the best of its kind, of course in our opinion. Equally as good in its way is the spirit of courtesy we put behind it, the maintenance system we provide for all its owners, the personal interest we take in each and every one of them, the conscientious effort we make to do things right and earn our customers friendship.

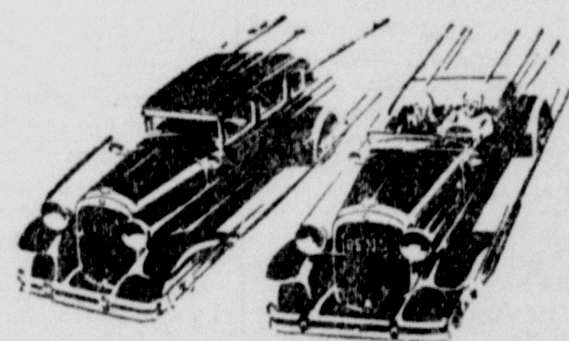

The Essex car is a great machine and deserves that kind of backing. But the credit for that goes to the Essex factory. We could not build it here if we wanted to but we can build a business atmosphere to match it in quality, and we work days and nights to accomplish that purpose.

The Essex owner is the judge of our success. Ask him about the spirit of our business.

Horstmann Brothers Tire Store

ESSEX
THE CHALLENGER

first prize
for reliability

The Grand Prize for reliability in the 15-day running of the famous "Tour de France" was awarded to Essex the Challenger. The two Essex entries finished the race without a single penalty—the only cars with perfect scores—winning by a great margin over the strong field of high-priced American and European cars. . . . Not only the Grand Prize, but the Ansaldo Cup, for quick getaway; the Lyonnais Cup, the Pyrenees Cup, the Atlantic Cup, the Cup of Brittany, the Cup of Normandy and the Cup of the North were also taken by Essex the Challenger.

Performs Like a Costly Car
Because Built Like a Costly Car

Essex the Challenger looks and acts like a costly car because it is built like a costly car. Its enormous success has inspired others to claim qualities "like Essex". Yet everything about it—appearance, performance, comfort and luxurious smoothness—mark it apart and altogether different.

To be like Essex without building like Essex is a goal no car has found possible. More than 200,000 owners know the outright facts. You can know them too in 30 minutes behind the wheel.

You can only find comparison for Essex qualities among costly cars, because in design and construction it stands with the practice of the fine car field.

All These "Extras" at No Extra Cost

Its good size and impressive appearance appeal to those who want comfort, distinction and good looks. Its completeness in the things which contribute to costlier car advantages, is outstanding. Radiator shutters—side lamps—chromium plated bright work—four hydraulic shock absorbers—adult size roominess and adjustable seats are details only costlier cars have provided.

Wide Choice of Color
at no extra cost

\$695
and up at factory

Only a few dollars more per month than the lowest-priced cars on the market, to own and enjoy this fine and beautiful "Six"

Your present car will probably cover the entire first payment.

Success is slow, in the effort to bring farm relief, because all of the remedial effort is applied at the wrong end. The newspapers plead day after day with the nation to eat more meat, to eat more bread that the demand for these commodities might increase and the price advance. Why is it necessary to ruin the health and digestion of everyone merely to make a profit out of over production. Why isn't it just as smart to produce a little less?

President Hoover has appointed Alexander Legge as chairman of the Farm Board at a salary of \$12,000 a year. In order to accept the position Mr. Legge is giving up a job with a salary of \$100,000 a year. The claim can not be made in this instance that the position is an easy berth for a friend or a lame duck. There isn't anything easy about giving up a \$100,000 job and accepting a position the honorarium of which is only \$12,000.

After a man makes his pile he can go around with cigar ashes on his vest and egg on his chin and it is referred to as a peculiarity. If, however he hasn't yet amassed his pile and appears thus negligent in public he is criticized as shiftless and untidy.

The work of the home is being made lighter each year. Many labor saving devices have been installed in the homes, among them the vacuum sweeper, the electric washer, the electric iron and mangle, the automatic ice box and electric ranges. In addition to this the semi-annual sewing ordeal is almost unknown in most homes. The sewing machine has been consigned to the dark corner of the attic and practically everything is bought ready made.

Dorothy Dix is responsible for the statement that if men would only take as much time training their wives as they do their stenographers, there would be more efficient wives and more satisfied husbands. There is just one difficulty in a matter of this kind which Dorothy, being a woman does not see and that is that most of the training among husbands and wives is done by the wife. The most common system used is the lecture method.

The laws of this country are strange. A human individual can prowl about leaving a trail of crime and sorrow in his wake and get off scott free, but every city has an ordinance that permits the killing of a dog that has no owner or on whom the taxes are not paid. The dog is harmless to wrong anyone while the human is a menace to unsuspecting society as long as he lives. The system should be reversed.

We presume the currency was reduced in size to make it less of a burden for the eastern capitalists to carry about a day's supply of cash. We are quite certain that if this is the reason for the reduction, that the demand came from the east as the inhabitants of the farming section of the country have been able to bear up reasonably well under the weight of their cash assets.

There isn't so much sewing done in the home as formerly. Sewing can no longer be pinned to the knee.

Much of this ridicule that has been heaped on college graduates is due to the fact that too many of the wrong kind of men have been sent to college.

Three Rockdale Ministers Resign

Three ministers of as many churches have sent in their resignations this week. The Rev. Cliff Alexander pastor of the First Baptist church, resigned and will preach his final sermon Sunday. He will go to college. L. O. Byerly, pastor of the Christian church, has resigned, effective September 15, and has accepted another pastorate at Perryton.

The Rev. Franz Walther, pastor of the Lutheran church, has resigned, effective September 1. The Rev. Walther is planning a visit to his former home in Europe.

Cameron Firemen

(continued from page 1)

head of the department for the past 20 years, received an enthusiastic demonstration as he spoke briefly for the good work of his men.

Fire Marshal Will Cooke was applauded as he told of the work of his position. Mr. Cooke was eulogized as the 'best fire marshal in Texas as well as night watchman for the city.

J. B. White spoke in praise of Chief Thomas and his men who form this great branch of the public service and expressed the hope that the city would some day erect a municipal building to be dedicated to the fire department.

At the close of the program, assistant chief Sam McDermott who had spoken briefly of the service rendered by the men, took charge and presented a motion made by Chief Thomas that Jack Lewis be made an honorary member of the department.

MORTUARY

MRS. EDNA BALDWIN

Funeral services for Mrs. Edna Baldwin, age 45 years, were held Wednesday afternoon at four o'clock at the Liberty church with Rev. McLane officiating. Interment was in Liberty cemetery, Green Brothers in charge.

Mrs. Baldwin died at eight-thirty o'clock Tuesday morning at her home at Hanover. She is survived by her father, her husband and several children.

WILLIAM J. HARE

William J. Hare, age 51 years, died Tuesday afternoon at six o'clock at his home near Salem.

Funeral services were held Wednesday afternoon at five o'clock at Minerva, with interment in the Minerva cemetery. Rev. P. T. Ramsey of Cameron was the officiating minister, and Green Brothers had charge of funeral arrangements.

Mr. Hare is survived by his mother, a step-father and two sisters.

EZRA HEARNE

The body of Ezra Hearne, who died in Waco Monday, was shipped to Ben Arnold Tuesday and taken in charge by Coleman and Epley, who arranged for the funeral held Tuesday afternoon at three o'clock from the Methodist church at Ben Arnold. Interment was in the Ben Arnold cemetery.

Mr. Hearne, who was 35 years old, is survived by his father, seven brothers and three sisters.

Famous American Trees

In North Carolina is the great Battle Ground oak, which viewed the battle of Guilford Court House. Near Bath, Pa., stand the Washington horse chestnut, which was presented by George Washington to General Brown of Revolutionary fame, who planted it in front of his home. Several other trees associated with the name of Washington stand in New York state. One is the White Plains sycamore near his headquarters at that place, and another is at his headquarters at Pawling. American Tree Association.

Hi Luck and Good Luck

It was a piece of Hi-luck which directed Cecil Rhodes to South Africa but it turned out luckily. Hi-luck sent him to South Africa, physicians declaring that the climate of that part of the world would be beneficial to him and might save his life; whereas, if he remained in England he would be doomed to an early death. The climate not only agreed with him, but he was soon started on his career of "empire building" which finally made him one of the leading figures in the industrial world.

Contains No Aspirin or Other Heart Depressants.

Headaches! Colds! Neuralgia! Dental Pain!

Here's Why Firestone Tires Hold All Records

THE PICK of the long staple cotton crop is bought by Firestone experts in the primary cotton markets. It is shipped to Firestone's own cord fabric mills—the largest in the world—where it is first twisted into tiny threads. These threads are then tightly twisted into ply yarns, and three of these are twisted in the reverse direction into cords of fish-line strength. Exactly the right number of twists are carefully determined to secure the greatest strength and elasticity.

Not satisfied with cords of superior strength and elasticity, each individual cord is Gum-Dipped—a patented Firestone process in which every cord is submerged in a vat of pure liquid rubber gum—where every single fiber of every cord is saturated and completely covered with rubber. That's why Firestone Gum-Dipped Tires give most miles per dollar and hold all world records for speed, safety and economy. Your size is in our stock—come in. We save you money and serve you better.

We are making a special drive to equip all cars with complete sets of tires and tubes. Come see—let us quote you prices.

Miss Kathryn Atkinson left Sunday for Giddings where she will teach during the winter.

Miss Cornelia Gunn has returned from Baylor College, Belton, where she attended summer school and she will teach this year at Branchville.

Miss Betty McCollum of Houston, who spent the summer in Cameron with her aunts, Misses Julia and Mae Marshall has returned home.

Miss Clyde Baskin has left for Bartlett where she will teach during the coming term.

Mr. Hubert Phipps and Miss Rosa Marie Lefils were married Saturday afternoon at 6:30 o'clock at the home of Judge Jeff Kemp. They were accompanied by the mother of the groom.

Miss Eloise Rogers leaves this week for Port Arthur to resume her work in the public schools there, teaching public school music.

Mrs. James Childers spent Sunday in Lexington and was accompanied home by her sister, Miss Clarice Hitchcock, who went from here to Meeks Monday morning to begin her work as principal of the school there.

Miss Ivy Armstrong has returned to Cameron for the winter months and will be located at the home of Mr. and Mrs. W. R. Hoover. Miss Armstrong, who directs physical education in the Ada Henderson school, was an instructor during the summer at Camp Waldemar.

Brennon Morris and Miss Mae Marie Humbles were married Saturday evening at 9:30 o'clock at the home of Judge Jeff Kemp.

J. G. Waybourn of Matador was a guest Sunday night of Mr. and Mrs. Wilson Gunn.

Misses Lora Andrews and Minnie Wolfe have gone to Dallas where they will teach again this winter.

Ralph Mayfield, son of Mr. and Mrs. J. C. Mayfield, who was riding in a car last week and was severely injured has been removed to his home from the Cameron Hospital and is reported doing nicely.

Miss Tina Beth Sprayberry of Pendleton is spending the winter in Cameron with her grandmother, Mrs. E. M. Casey, and attending school here.

Mrs. John A. Smith and son, John A., returned last week from an automobile trip through Yellowstone Park and other western points.

Mrs. John Hays and children, Johnnie Mae and Bobbie, visited last week with relatives in Bryan.

Mrs. Annie Taylor of Rosbud was the guest last week of her sister, Mrs. E. J. McCall. Mrs. Taylor was enroute home from Brownwood, where she had been visiting.

Miss Dorothy Blaylock will teach classes in expression this winter at Hearne and Calvert. She will open her studios next Monday.

Mrs. Wm. Freeman and children and Ruby Nicholson visited in the home of Mrs. Hubert Atkinson Monday afternoon.

Lee Braun, son of Mr. and Mrs. W. L. Braun of Milano and Cameron, is in school this winter at New Mexico Military Institute, Roswell.

Mrs. Katie McCall George left several days ago for Texarkana, Texas, where she will teach this winter. She was called there a week early by her principal to attend a teacher's institute and convention.

Mrs. Laura Williamson, who has been visiting for some time in Corpus Christi, returned to Cameron last week and is located in the home of Mrs. S. R. McCown.

Circle three of the Methodist Missionary Society will have a rummage sale Saturday in the building formerly occupied by Piggly Wiggly.

Mrs. Robert Todd, Miss Velda Walker and Miss Stella Mae Cass returned Friday from El Paso where they visited relatives for several weeks.

Miss Helen Green left last week for Calvert where she will teach English in the high school this winter.

Miss Ruth Kemp left Sunday for Kingsville to resume her work there in the public schools. She attended institute during the first two days of the week and began teaching on Wednesday.

Miss Jennie Tyson returned to her home in Houston Sunday after having visited her mother, Mrs. Randolph Tyson.

Miss Pauline Green left Sunday for Graham where she will teach this winter.

Mrs. Frank Stewart, who underwent an operation for appendicitis at the Cameron Hospital recently was removed to her home Saturday. During her illness she has had with her her mother, Mrs. Whitson and her two sisters, Mrs. Shelton of Dallas and Mrs. Tongue of Alvin.

Dr. and Mrs. Roy Denson of Kerrville were guests Tuesday of Mr. and Mrs. Joe Denson.

Representative and Mrs. Sam Hefley are enjoying an extended visit in Washington, D. C., and other points east.

Miss Frances Austin of Gatesville spent last week end in Cameron visiting her parents, Dr. and Mrs. S. R. Cotton.

Mary Hazel Griggs of Pauls Valley Oklahoma, will spend the winter in Cameron and go to school here. She is with her aunt, Mrs. B. Slocumb.

Mrs. N. C. Smith of Houston, who has been the guest of her parents, Mr. and Mrs. George McGehee, returned to her home Monday.

Mrs. J. D. Reector and daughter, Miss Virginia Reector of Shreveport, La., are guests of Mr. and Mrs. Hubert Hefley.

Mrs. L. T. Lewis and sons, David and L. T. Jr., of Fort Worth visited friends and relatives in Cameron last week.

F. N. Pierce of Gause was in Cameron Tuesday and while here was a caller at The Herald office and extended his subscription to the paper for another year.

A. C. Rochetzsky, who resides near Hanover on the Milano highway was in Cameron Tuesday and a visitor at the Herald office where he extended his subscription for another year. Mr. Rochetzsky was interested in the collection of rocks and fossils at The Herald office and finds many interesting specimens in the community where he resides. He has a number of Indian arrow heads and fine pieces of petrified wood. Near his home is a large volcanic hill which the editor of this paper will explore in the near future.

Woodrow Cone, formerly of Cameron but now living with his sister at Madisonville, is the guest this week of Bill Burns.

Walter Thomas of Hearne was a Cameron visitor Wednesday.

Mrs. J. B. White and children and Miss Delpha Scott spent last Thursday in Waco.

Bill Burns leaves next week for Lubbock to continue his work at Texas Tech.

Conn Moody of Needville was in Cameron Tuesday night on business.

Mr. and Mrs. G. C. Walters went to Waco Tuesday to meet Mrs. Walter's son, Taylor Moore, who was returning home from Ringling, Oklahoma, where he has been visiting his grandmother.

Mr. and Mrs. Shofner Sterling, who have spent the summer with Mrs. Sterling's mother, Mrs. Estelle Caldwell, left last week for Pearsall, where Mr. Sterling will teach again this winter.

Miss Lillie Kate Beckerman has gone to Thorndale, where she will teach this winter.

Rev. and Mrs. W. L. Hightower and daughter, Miss Janie Hightower, of Sabinal are guests of Dr. and Mrs. J. L. Denson. Miss Hightower is enroute to Corsicana where she is a member of the high school faculty.

Mrs. Roger Neblett of Waco is spending the week in Cameron with her mother, Mrs. Ella Hooks.

Lane Denson of Temple is spending the week in Cameron.

Rev. and Mrs. E. S. Hutcherson had as their guests last week end Rev. Hutcherson's sister and her husband, Rev. and Mrs. Charles McLain of Waco. Rev. McLain preached at Marlow Sunday. Another sister, Mrs. Otto Thompson, her husband, who is a ministerial student at Baylor University, and their two children were also guests on Monday.

Miss Ethel Green will leave Monday for Southwestern University, where she will attend school this winter. Miss Green was a student at Ward Belmont last year.

Mrs. S. Kestenbaum is a prospective hostess for Friday afternoon, when she has invited guests for bridge at the Country Club.

Mr. and Mrs. J. E. Borders of Temple were guests of relatives and friends in Cameron Sunday and Monday.

The study course on Parent-Teacher work, which is being sponsored by the local Parent-Teacher Association, was begun Tuesday evening in a meeting at the high school. There are twenty lessons in the course, and it is affiliated with the National Parent-Teacher Association. Mrs. H. E. Garner and Mrs. J. P. Love, assisted by Mrs. K. K. Robbins, taught the first lesson. Ensuing meetings will be held on each Friday evening, and it is urged that all those interested in Parent-Teacher work enroll at the next meeting.

M. J. Wheatley of Port Arthur was in Cameron this week and while here called at The Herald office to extend his subscription to 1931. Mr. Wheatley was born and reared in this county. He has been visiting relatives in Friendship. Mrs. N. J. Wheatley, his mother, who has been visiting with him, accompanied him back to Friendship. He has been visiting in the W. T. Walker home there. He left this week for New Braunfels where he was interested in attending the trial of Becky Rogers being tried by Judge John Watson. Mr. Wheatley has been with the Gulf Refining Company at Port Arthur for a number of years and is also engaged in the dairy business.

Glenn Flinn, advertising manager for The Herald is at his home this week recovering from injuries received in an automobile crash here last Friday night. A bad scalp wound and bruises about the body are the results of this unfortunate occurrence. Jim Cheeves, another occupant of the car was painfully bruised. Mr. Flinn was taken to the Cameron Hospital and remained there until Sunday when he was taken to his home. His many friends will be delighted to know that his injuries are not serious and he will be back at his post of duty in a few days.

Rivers Diverted From Beds by Fields of Ice

It is a long way from present-day floods along the Mississippi river back to the great ice age, but happenings of the latter period have considerable bearing on the trials and tribulations of the valley dwellers.

Before the great fields of ice worked their way down from the north, at least two rivers, the upper Missouri and the Yellowstone, flowed northeast and emptied into Hudson bay. With the advent of the sheets of ice, however, these two rivers were forced to run to the south, and their combined waters cut the gorge now followed by the Missouri through the Dakotas.

At the same time the Red river became a huge pond called glacial Lake Agassiz, with an outlet to the Minnesota river valley. Part of the water shed of the Red river became a permanent source of water for a river flowing to the south and the original head of the Missouri river. This river is now known as the James river. With the melting of the great ice dam, the Red river resumed its normal flow to the north, but the others continued to the south.—Exchange.

Stream in Venezuela Explorers Call Unique

What is called the Casiquiare "canal" in southern Venezuela is not a canal at all, but a natural stream which connects two rivers which are flowing in different directions, and it is said to be the only river which acts in this manner. There is said to be a very small stream in the Rocky mountains which divides itself and part of its waters find its way into the Pacific while the remainder finally gets to the Atlantic. Many writers who have had occasion to refer to the erratic behavior of the Casiquiare state that it flows one way at times and in another direction at other times, but recent investigations have proven that this is not so and the waters of the Casiquiare invariably flow in one direction from the Orinoco to the Rio Negro, which is a branch of the Amazon. The mouths of these two streams are separated by thousands of miles.

Caruso's Generosity

Caruso, the great tenor, was, it is stated by some of the newspaper men in New York, very generous. He used to give them each year he was in that city a sum of about \$1,500 as a donation. A man in a position such as Caruso's could easily afford to do this, because in New York alone he got a fee of \$2,400 for each time he sang—and that was at least sixty times in a season—besides being invited to sing five to six times at Atlantic City at an honorarium of \$1,000 a time; so that this famous singer made in one season in America a sum of \$200,000 besides \$20,000 for his gramophone records.

14,825,000 BALES 1929 COTTON CROP

GOVERNMENT ESTIMATE SHOWS CONDITION 55.4 PER CENT OF NORMAL TO DATE

Washington, Sept. 9.—A cotton crop of 14,825,000 bales this year was announced today by the department of agriculture as indicated from the condition of the crop on September 1, which was 55.4 per cent of normal.

The forecast was the first official announcement this year of the size of the crop and compared with 14,478,000 bales of 500 pounds gross ginned last year. The condition on September 1 compares with 60.3 per cent on that date a year ago and 56.1 per cent the 10-year average condition on that date.

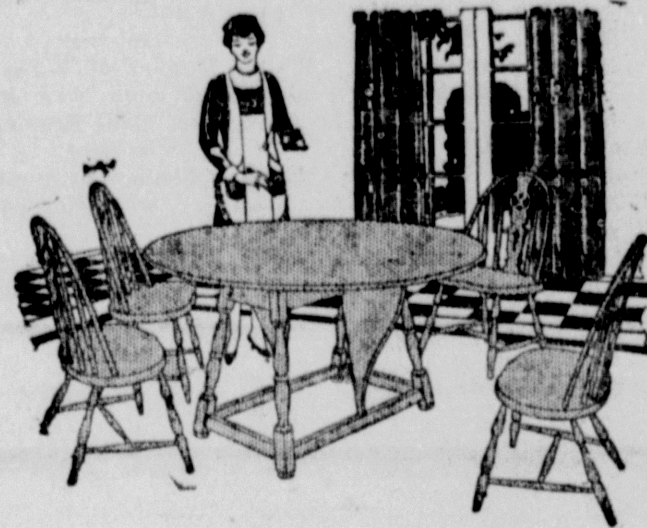

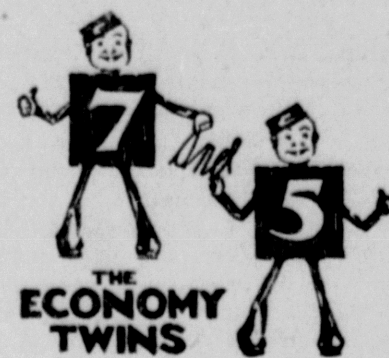

Acreage left for harvest was estimated at 46,594,000 the abandonment being placed at 3.8 per cent, after July 1 when it was estimated 46,460,000 acres were in cultivation. The 10-year average abandonment is 3.6 per cent.

The average left on September 1 for harvest (in thousands of acres,) the condition in percentage of a normal and the indicated production (in thousands of 500-pound gross weight

bales) follow:

State—Acreage—Cond.—Produce.			
Virginia	88	80	48
North Carolina	1873	68	952
South Carolina	2362	63	1014
Georgia	3851	59	1193
Florida	108	62	26
Missouri	330	77	190
Tennessee	1105	67	426
Alabama	3751	59	1216
Mississippi	4315	60	1669
Louisiana	2161	55	791
Texas	17575	46	4107
Oklahoma	4427	51	1295
Arkansas	3926	58	1391
New Mexico	130	81	82
Arizona	224	83	157
California	309	88	232
All Other States	23	83	10
Lower California	150	85	80

Data for Lower California, Mexico, are not included in California figures nor in United States total.

New! Quick-Drying ENAMEL

The newest decorating material. Made by LOWE BROTHERS. Here are some of the features:

- Comes in beautiful, modern, striking colors.
- Flows freely and works easily.
- It dries in four hours ready for recoating.
- Produces a rich, durable semi-gloss finish.
- Has good hiding power, one coat will ordinarily serve.

Designed especially for woodwork, furniture, metal work, toys, etc.

CANDY

Brings Me One Dollar
A PoundBy MRS. TRUE LOFTIN
Milam County, Texas

Candy making is my hobby. All my life I have liked to make candy. When I was a school girl and later when birthday and Christmas presents became a serious problem I would just put on an apron, go into the kitchen and make a lot of candy.

I am a busy woman, but I am never too tired or busy to make a batch of divinity, fudge, date roll, or some of the numerous other candies I make. I have five children and they all like candy.

My hobby has brought me many dollars as well as much pleasure. At Christmas time in particular, friends, relatives and acquaintances gladly pay 75 cents or \$1 a pound for the candy to use as presents.

I always go to the woods in the fall and gather enough nuts to last until summer. I buy sugar by the hundred, and have our own eggs, cream and butter.

I believe a talent for making candy is born in a person and not to be acquired as easily as one would think. I have tried to teach others to make candy but nine times in ten, one attempt was all they would try saying, 'That's too much trouble for me. I'll buy mine.'

To me it is a source of never ending delight to take raw material and fashion it into a finished product that delights the eye as well as the palate.

I'm enclosing my favorite recipe. It is one I've never seen in print. It is for a Date Roll, and calls for 2 cups sugar, 1 package dates, seeded; 1 cup rich milk; 2 cups pecan nuts. Cook

the sugar and milk together until it will form a soft ball when dropped from the spoon into cold water. Add dates, stir until dissolved, cook two minutes longer, remove from fire, let stand five minutes. Take a cloth about 12 by 36 inches and wet it in cold water, wring it as dry as you can and spread it out on a flat surface. Add pecans and beat candy until it will hold its shape, pour out on wet cloth in a long roll, wrap in cloth, let stand until cold and slice with a sharp knife.—Capper's Farmer, September 1929.

BEN ARNOLD

We are glad to report that Mr. and Mrs. C. A. Becker who have been sick the past week are well at this writing.

Mr. and Mrs. Fritz Schwarting and family visited in the home of Mr. and Mrs. Fred Folschinsky Sunday afternoon.

Mr. and Mrs. Joe Smith of Rosebud were the guests of Mr. and Mrs. Ernest Lorenz Sunday night.

Mr. and Mrs. Robert Baring were Sunday dinner guests in the home of Mr. and Mrs. Ed Dahse.

Miss Francis Looney was shopping in Cameron Saturday.

Walter Kosel and wife and Florine Kosel enjoyed the show at Cameron Saturday night.

Walter Roesler of Waco spent the week end at home with his parents Mr. and Mrs. Emil Roesler.

Minnie Ohlenbusch spent Wednesday afternoon with Florene Kosel.

Mr. and Mrs. Martin Albrecht and son who have been visiting relatives

and friends here returned to their home at Richmond Monday.

Mrs. F. H. Becker is on the sick list this week.

Walter Roesler was a caller on Herman Barkemeyer Sunday afternoon.

C. A. Becker was a caller on Mr. and Mrs. Pual Baring Sunday morning.

Mr. and Mrs. Herman Dörner were Sunday dinner guests of Mr. and Mrs. F. H. Becker.

Lydia Gastkamp left for her home at Burton Saturday.

Rev. and Mrs. R. Kalkbrenner visited in the home of Mr. and Mrs. E. L. Kosel Wednesday afternoon.

Norene Becker and Egon Vogelsang enjoyed the show at Cameron Saturday night.

She, 'John what did you do with that beauty doctor's bill?'
He, 'Vetoed it.'

THE STATE OF TEXAS,

County of Milam,

To those indebted to or holding claims against the estate of Joseph A. Hosch, deceased:

The undersigned having been duly appointed administrator of the estate of Joseph A. Hosch, deceased, late of Milam County, Texas, by Jeff T. Kemp, Judge of the County Court of said County, on the 6th day of August, A. D., 1929, during a regular term thereof, hereby notifies of persons indebted to said estate to come forth and make settlement, and those having claims against said estate to present them to him within the time prescribed by law at his residence in Cameron, Milam County, Texas, where he receives his mail.

Witness my hand this the 4th day of September, A. D., 1929.

B. J. MATOCHA,

Administrator of the Estate of
20-4tc Joseph A. Hosch, deceased.

THE STATE OF TEXAS

To the sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of this notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for the period of twenty days exclusive of the first day of publication before the return day hereof:

NOTICE

THE STATE OF TEXAS,
To all persons interested in the estate of Clara Chappel. Notice is

hereby given that George T. Graves, guardian of the estate of Clara Chappel, deceased has filed in the County Court of Milam County, his final account of the condition of the estate of said Clara Chappel, deceased which will be heard by the County Court of Milam County, Texas, at the next regular term thereof, to be begun and holden at the court house in Cameron, on the 7th day of October, 1929.

Now, therefore, this is to require all persons interested in the estate of Clara Chappel to appear and contest the same, if they see proper.

Herein fail not, but have you before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of

office, in the City of Cameron the 4th day of September A. D., 1929.

Attest: Homer Nabours, Clerk
County Court, Milam Co.

THE
ECONOMY
TWINNS

Where can you
duplicate the style, comfort
and convenience of

America's finest medium-priced automobile?

Oakland combines a long wheelbase with a short turning radius—giving greater handling ease. Its bodies by Fisher provide such convenience and comfort features as drivers' seats adjustable as you drive, clear-vision easily-regulated VV windshields and side cowl ventilators.

Foot-controlled headlights—automatic spark control assuring correct spark occurrence at any speed—spring covers which add to riding ease by keeping springs permanently lubricated and free from mud, rain and dust . . . all these are comfort and convenience features which only the All-American in its field combines.

Come in and let us show you how, on every basis of comparison, today's Oakland is America's finest medium-priced automobile.

Facts which prove Oakland supremacy

The following facts were obtained from a comparison of the Oakland All-American Six with 20 other medium-priced automobiles. All told, 878 individual comparisons were made. Of these Oakland proved to be distinctly superior in 451 or 51.37 per cent. The 20 cars combined were at best equal to Oakland on 382 or 43.50 per cent. And 13 of the 20 were higher-priced than Oakland.

FISHER BODY Only Oakland and two other cars in the field offer bodies by Fisher. And one of the two is nearly \$100 higher in price than Oakland. Of the 18 cars which have less-known bodies, 11 are priced above the All-American Six.

WHEELBASE Only one car as low priced as

Oakland has a wheelbase as long as Oakland's, which is 117 inches. That car requires a turning circle to the left of 42 feet as compared with Oakland's 36 feet. Six higher-priced cars have shorter wheelbases.

FULL AUTOMATIC SPARK CONTROL

Only Oakland and two other cars in the field provide this advancement. It is especially satisfactory when used with the G-M-R cylinder head.

CROSS-FLOW RADIATOR Only Oakland in the entire field has the Cross-Flow Radiator or anything similar to it. All other cars use the down-flow radiator; this despite the fact that 13 of the 20 are higher-priced than Oakland.

Oakland All-American Six,
\$1145 to \$1375, f. o. b. Pontiac,
Michigan, plus delivery
charges. Spring covers and
Lovejoy Hydraulic Shock Absorbers included in list prices.
Bumpers and rear fender
guards extra. General Motors
Time Payment Plan available
at minimum rate.

\$1145
AND UP

Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values . . . Oakland-Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.

do her work for her

THE modern woman knows it is better and cheaper to let 7 and 5 do her work for her. It saves time, money and strength. It gets better results in cleaning, washing, ironing, refrigeration, cooking, sewing, and many other household tasks.

7 and 5 are the two steps in the new electric energy rate for domestic electric service of the Texas Power & Light Company. This is the rate which is now in effect and which brings you the advantage of using larger amounts of electric service at only a small additional cost.

7 and 5 make electricity so cheap that you do an injustice to yourself, to your family, to your health and to your future when you fail to make full use of it. Electricity is now cheaper than it has ever been in this community.

Let 7 and 5 work for you while you enjoy living. They will create new hours for you and give you the strength and health to live them fully. 7 and 5, The Economy Twins, are always ready to work for you—just press the button and there they are, cheap and reliable—at your instant service.

GAUSE

The ladies of the Missionary Society wish to extend their sincere thanks to all who helped with their dinner Saturday. Many enjoyed the good dinner which was served. Thirty-eight dollars above expenses were made.

Mrs. D. Williams of the Pin Oak community was painfully injured Saturday morning when her husband accidentally knocked her off a bridge with the car.

Mrs. Ethel Weathers and mother, Mrs. Fannie Fridge, of Fort Worth visited in San Marcos returning via Gause where they visited relatives.

Mrs. A. Varner and niece, Mrs. Tom Evans are visiting Mrs. C. W. Stephens in Rockdale.

Miss Mary Margaret Thomas has returned to Denton where she will resume her studies at the College of Industrial Arts.

Miss Jim Lou Cunningham is visiting relatives in Hearne.

Mrs. Charlie Stubbs and children, Nina Ruth, Charles and Ralph of Chilton visited friends and relatives in Gause during the week end.

Mrs. Tom Evans of Houston and Master John Edge of Bryan were guests in the home of Mr. and Mrs. A. Varner Sunday.

Mrs. Frank Roper was taken seriously ill Friday morning but was reported to be resting better Monday morning.

Joe Gregg Moore, who has been with the Coleman baseball team is visiting his parents, Mr. and Mrs. Charlie Moore.

Messrs. Merton Bowling and Bill Gause left Monday to attend school in Cameron.

Misses Emma Howard and Elaine Thomas have returned to Rosebud after a visit among friends in Gause.

R. B. Self took his son, Tom, to Hearne Monday morning where he will attend school this winter.

Mr. and Mrs. J. H. Thomas of Rosebud visited friends in Gause during the week end.

Miss Roberta Holden and friend, Miss Rains, of Franklin, were in Gause Monday afternoon. Miss Holden has been a member of the Gause school faculty for the last four years and will be in our school again this year.

Little Miss Francis Kent Davis underwent a tonsil and adenoid operation in Temple.

Messrs. J. T. Moore, D. Moore and Miss Francis Moore of Caldwell were

guests of Mr. and Mrs. Charlie Moore Saturday and Sunday.

Mr. and Mrs. Brice McCullen and father, Mr. Bowling moved to Cameron last week.

Mrs. Manual Ely underwent a very serious throat operation at the Cameron hospital last Thursday.

Messrs. Boyd Worley and Harry Wayne Phillips of Rockdale were Gause visitors Sunday.

Mrs. J. L. Moore and children of Richmond visited friends here last week.

Hugh Thorpe of Hix spent Friday in Gause.

Mr. and Mrs. Will Folmar and son, Jack, of Brownwood visited Mrs. J. T. Folmar this week.

Mrs. A. R. J. Ealand and son, Frank spent the week end in San Antonio.

CARD OF THANKS

Since it is impossible to thank personally each one that assisted in the extinguishing of the fire that destroyed my barns and feed-stuff, and the saving of my car and other property, I take this method of expressing my appreciation for your kind, loyal service.

MRS. H. A. JACKSON.

WHAT THE TIRE DEALER KNOWS

To the average automobile owner tires are just another part of the car. He does not take them seriously until they give him trouble.

And then he needs advice. If he had had correct advice in the first place, he probably would have avoided his trouble, but in any event the tire dealer is the proper source from which the car owner may obtain instructions on how to get the most out of his tire equipment.

There are good tire dealers and poor ones. Good ones have made a study of the business—they know all about tires—they are prepared to give service. The others are just in the business and are of little help to a motorist who is conscientiously trying to get full value from his tire investment.

Since motorists must rely upon tire dealers for proper advice, the tire

dealer must naturally arise to this responsibility.

Miller Dealers throughout the country have been studying a special course on tires so that they are in position to give every customer proper advice as to the best tire for his particular service, correct sizes, proper type, etc.

It is not only the initial price that counts. Sometimes the customer will use the wrong tire for years and go through no end of trouble before he meets a dealer who knows his business and puts him on the highroad to satisfactory service.

CHRISTIAN AID

Members of the Christian Aid Society met at the church Monday afternoon for a business meeting, with the president, Mrs. Raymond Beard, presiding. Rev. Hyde, the pastor, was present and discussed with the ladies several important matters of business.

Greatest Show On Earth Coming To This Section Here Saturday

Ringling Bros. and Barnum & Bailey Circus Announces Early Appearance

After all there is but one great circus. And now comes the announcement that Ringling Bros. and Barnum & Bailey's "Greatest Show on Earth" will soon visit this vicinity, with all its myriad of wonders when it exhibits in Austin, Texas, Tuesday, September 24.

The advance advertising car heralding the appearance of this wonder of wonders is now in this territory and its gaily colored lithographs blazon forth throughout the countryside.

Coming on 100 double length railroad cars carrying its entire complement of 1600 persons and 1060 animals. The Big Show will exhibit such stars as Zachinni, "The Human Projectile," fired bodily from the mouth of a cannon; Goliath, the five-ton Sea Elephant, the combined Wallenda-Rellmut Troupes, daring artists of the high wire; Con Colleano, greatest of tight wire performers; Miss Liliang, Leitzel, most famed of all female aerialists; the Flying Colonas, led by the intrepid Alfredo, Maximo, the funniest of wire acts; the Reiffenachs and Ernestos, greatest of equestrians and many others from these and foreign shores.

eign shores.

There are more new foreign acts than ever before with the Big Show and performances dazzling with splendor and magnificence are presented twice daily. The Ringling-Barnum Circus is the only five-ring circus in the world.

PROBATE NOTICE OF FILING FINAL ACCOUNT

THE STATE OF TEXAS. To the Sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of this notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for the period of twenty days exclusive of the first day of publication before the return day hereof:

NOTICE

THE STATE OF TEXAS. To all persons interested in the Estate of Billie Daniels, deceased: Notice is hereby given that J. H. Smilie,

MILLIONS TO LEND

On Texas Farm Lands at 5 1/2 per cent interest By the Federal Land Bank of Houston, Texas. See W. G. GILLIS, Secretary, Cameron National Farm Loan Association. Cameron, Texas.

administrator of said estate, has filed in the County Court of Milam County his final account of the condition of the estate of said Billie Daniels, deceased, which will be heard by the County Court of Milam County, Texas, at the next regular term thereof, to be begun and holden at the court house in Cameron, on the 7th day of October, 1929, same being the first Monday in October, 1929.

Now, therefore, this is to require all persons interested in said estate

to appear and contest the same, if they see proper.

Herein fail not, but have you before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of office, in the city of Cameron, the 11th day of September, A. D. 1929.

Attest: Homer Nabours, Clerk, County Court, Milam County. 21-4tc By Meta T. McCown, Deputy.

doleful Tragedy of a young Lady of Seventeen

MARY JANE was in tears. "...and Grandma didn't hear the telephone," she sobbed.

"Not even when Jimmy called the second time! So Jimmy asked Helen Parks instead, and ...and ...now she's going to the dance with him.

"And no—nobody else has asked me!"

The tragedies of seventeen are dark and bitter. Disconsolate, Mary Jane buried her face in a pillow.

Mr. Mason looked down at the forlorn little figure on the couch sympathetically.

"You know," he said to his wife, "Grandma really doesn't hear as well as she used to. She needs an extension telephone in her room. I think I'll order one tomorrow."

Telephones where you need them can often prevent youthful woes—and be a source of pleasure to old folks, besides. They save time, patience, steps.

Few know that one or two additional instruments cost considerably less than the single telephone they now have!

By a wisely-placed "extension" or two, and perhaps a rearrangement of the equipment you already have, an expert telephone man can often double the convenience of your telephone service.

"And no-nobody else has asked me!"

Manager, Southwestern Bell Telephone Co., City.

I'd like to know how to get more value out of my telephone service. Please send me a copy of your booklet, "Modern Telephone Service for the Home."

GARDEN

Fall Gardening Will Keep
The Pantry Filled

In order to complete this problem of seeing that each Home Demonstration Club member and her family gets their adequate diet throughout the fall and winter it is going to be necessary for each home to have a fall garden.

Since the moisture supply is limited at this time of the year care must be exercised in conserving it. In order to do this see that garden is free of weeds and plants left from summer garden. Plowing under the weeds at this season is poor practice because it prevents the moisture from rising to the upper surface, keeping the seed from germinating, so says Mr. Rosborough, Extension Horticulturist. The unrotted plants interfere with cultivation and heat from turned under plants dries out soil.

The soil should be plowed to a depth of 3 or 4 inches, and seed bed made as smooth as possible, so as to reestablish capillary attraction and to bring moisture if possible 1 1/2 or 2 inches of surface. Do not wait for rain, have the seed in the ground when the rain comes.

The following vegetables will withstand light frost, and if planted in September gives plenty of time for maturing: carrots, cabbage, English peas, beets, Kohlrabi, lettuce, mustard onions, radishes, swiss chard and turnips.

In the meantime plant those vegetables that will withstand heavy frost, such as collards, kale, katabaga, spinach and rape.

In South and Central Texas the cabbage worm and plant lice often keep many people from having fall gardens. For these plant eating insects dust the plant with Calcium Arsenate or Arsenate of Lead. (This does not make the vegetable unfit for table use.)

For the sucking insect dust the plant with Black Leaf 40 or with a mixture of 1-4 pound nicotine and sulphate and 5 pounds slacked lime. If 1-4 pound Arsenate of Lead is added to this mixture it will control both the plant chewing insects and the lice or sucking insects.

METHODIST CHURCH

The northern has come. The long summer is giving way to fall. We are expecting bigger crowds and stronger interest. Come to Sunday school at 9:45.

'The Exaltation of Christ's Name,' will be the theme of the pastor's sermon Sunday morning.

At night the pastor will preach on 'The Royal Road to Learning.' It will be especially interesting to the school people, and will tell you how to make a success in your studies.

Our fine choir will furnish special music for both services. Our congregation Sunday night.

The Leagues will meet at 6:30. Make them big.

POSTED NOTICE

This is to give notice that my farm two miles north of Cameron is posted according to law and no hunting or trespassing will be allowed. Hunters have been shooting on my land and this will not be permitted. All persons found trespassing on my farm will be prosecuted to the fullest extent of the law.

W. C. FORD.

You can't blame Mortimer Smith for being mad!

Smith said "Hello" — and whoever was calling "hung up"!

Probably he had called the wrong number and realized his error.

(It's a good idea always to consult the directory before making a call.)

Annie Louise Friar
Honor Guest Here
Of Frances Hobson

Miss Annie Louise Friar of Cuero who was the guest last week of Miss Dorothy Kidd, was complimented on last Thursday evening, when Miss Frances Hobson entertained at her home. Strolling and dancing furnished diversions, and at a late hour sandwiches, olives, cakes and punch were served by the hostess, assisted by David Burns, Bruce Laird, Tom Hobson, Ruth Hobson, Florine Hobson, Vera Angell and Amboline Mode.

The thirty-six guests who enjoyed the hospitality included the following from out of town: the honoree, Miss Caroline Porter of Jackson, Tenn., and L. T. Lewis, Jr., of Ft. Worth.

FINANCIAL NOTES

(Why take life too seriously—You'll never get out of it alive)

A wealthy auto tourist lost his pedigree dog while stopping in a small town. He inserted a lost ad in the newspaper, offering a reward of \$100.00. The next day he went to the office to inquire, but no one was to be found except a decrepit janitor. 'Where the thunder is the newspaper force?' asked the tourist impatiently. 'They're all out,' the old man replied, 'tryin' to find yer dog.'

Mrs. Hubert Hefley
Hostess To Girls

Naming as honor guests Misses Virginia Rector of Shreveport, La., and Caroline Porter of Jackson, Tenn., Mrs. Hubert Hefley entertained about twenty girls of the younger set last Thursday afternoon with a swim at the City Park natatorium.

Following the swim, a watermelon feast was served at the Park.

MISSIONARY SOCIETY

The Methodist Missionary Society met at the church Monday afternoon at four o'clock for Bible study. Mrs. Niley Smith conducted the devotional after which the lesson was taught by Mrs. P. T. Ramsey, who used the Book of II Samuel. Members of the society were saddened by the news that their president, Mrs. R. H. Davis, is ill at the Cameron Hospital.

JONES PRAIRIE

JONES PRAIRIE 23546 23456 23454
By MRS. R. K. FONTAINE

Mr. and Mrs. S. S. Hickman and family and Jewelle Smitherman motored to Chilton Sunday to visit their son, Durward from there they drove to Waco and enjoyed a picnic dinner.

Miss Evelyn Harrell spent several weeks in Harlingen visiting her friend Miss Mitchell who will teach in Jones Prairie school this year.

Misses Ollie Black and Denson of San Antonio spent Saturday night and Sunday with Mr. and Mrs. C. C. Black and son.

Miss Dorothy Marek left Monday for San Antonio where she will enter high school there as a senior.

Rev. Dobson returned to the community last week after spending two weeks with his parents. Rev. Dobson's father accompanied him back for several days visit.

Rev. and Mrs. Spradley visited last week with their daughter and her family, Mrs. W. T. Johnson.

Pool Jamison of Gulf spent the week end at home.

The Worth While Club met Sept. 9 at the school house. Roll call was answered by 'The Lunch I Prepare for My Child.' Minutes were read and approved and Mrs. Rodney Fontaine gave a report to the club council which met in Cameron Saturday. Miss Bartholomew gave a very interesting and profitable talk on 'What Constitutes an Adequate Diet.' She also demonstrated packing, and serving a school lunch.

Mrs. Yager gave an interesting report on the school lunch.

Our members were all very glad to have a visitor four the meeting Mr. Myers, farm agent of Liberty County. He gave a very interesting talk. The club then adjourned to meet the second Monday in October.

Charles Fontaine has been employed in Rosebud and left Monday to fill his position.

Mrs. P. H. Love spent Monday with Mrs. Dick Jones.

Mrs. Alma McKinney and Miss

Ethel McKinney spent from Saturday until Tuesday in Waco.

Sam Hearrell and Carl Black made a business trip to Rosebud Monday.

Mr. and Mrs. Howard Schwarting spent Sunday afternoon with Mr. and Mrs. Rodney Fontaine and son.

Miss Helen Hearrell returned home last week from San Antonio where she visited Mrs. Mattie Black and family.

Jim Fontaine and family spent Sunday at the V. Russell home near Cross Roads.

FROM THE FILES OF THE CAMERON HERALD

25 Years Ago

Smart Set

Saturday evening, January 23, will ever occupy a conspicuous place upon the gilded pages of the calendar of the new year, for it marks one of the most brilliant social events which adorns the history of Cameron, when Miss Florine Sampson entertained the Smart Set in her spacious home.

After a battle royal extending thru seven games, Miss Lena Avriett was adjudged the winner of the club prize, a beautiful hand painted sash bag, while Mrs. Wofford and Mrs. Hearrell tied for the guest's prize. Mrs. Wofford having drawn the highest domino, was awarded a handsome hat pin holder of blue silk. The consolation prize was given to Miss Lilla Smith, an olive fork.

Elegant refreshments were served consisting of two courses. It is a well recognized fact that as an entertainer the genial hostess of the occasion, Miss Florine Sampson, is unexcelled. The invited guests were Mesdames Watson, Bertram, J. Cass, Thomas, Hearrell, Wofford, Bayles, Alva Pool and Miss Watson of Dallas.

J. U. G. Club

On last Saturday afternoon, Miss Evelyn McLane was hostess at the regular week end meeting of the J. U. G. Club. Quaint score cards in the shape of the name made by the initial letters of the club marked the progress of an interesting game of 42, after which a delightful luncheon in two courses was served.

The visitors prize, a beautiful hand painted platter, was won by Miss Ella Melver, who had a close second for the honor in Mrs. M. S. Bond. The club prize, a dainty lace handkerchief was awarded Miss Lizzie McCord.

Miss Evelyn was assisted in entertaining by her sister, Miss Annie and Miss Dorroh. The club's visitors were Mesdames Geo. Clement, M. S. Bond, Misses Melver, Alma Black, Vogel, Reed and Grace of Chillicothe, Mo.

Dr. J. S. Hubert of Magill favored our office with a pleasant visit last Monday afternoon. He is one of our most promising young physicians.

Mrs. J. D. Hefley went to Houston Wednesday of last week in response to notification of the illness of her mother.

H. P. McKinney called at the Herald office last Saturday and ordered the paper sent to him for six months at Waco.

The following was clipped from a special from Washington, January 14, 1904, to the Daily Oklahoman. Mr. R. M. Campbell, who receives such a flattering notice is a former citizen of Cameron and one of our ex-city attorneys. Cross, whom he represented in the election contest is a democrat:

"The entire day was consumed in preliminary arguments before house committee No. 3 in the Cross-McGuire contested election case. Arguments were made on motion of R. M. Campbell, who represents Cross, to have mutilated ballots brought before the committee for their personal investigation. These ballots number more than 1500 and from arguments today it is apparent that the committee will direct that the ballots be brought here

for their investigation. If they go Cross' chances of being seated will be materially strengthened.

"Mr. Campbell this morning delivered one of the finest arguments in behalf of Cross ever heard before a committee on elections of the house. At its conclusion he was congratulated by practically all the members of the committee for his clear and concise presentation of the case."

Too Bad

Ethyl, 'Has Mrs. Chatterbox an impediment in her speech.'

Methyl, 'Yes, there are only 24 hours in a day.'

THE STATE OF TEXAS

and County of Milam

To Harvey Pendleton, E. L. Pendleton, George Hall and Virginia Hall, all unknown owners and all persons owning or having or claiming any interest in the land or lots hereinafter described, the same being delinquent to the State of Texas and County of Milam for taxes and the same lying and being situated in the County of Milam, City of Cameron, and State of Texas, to-wit:

Being lot No. 4 in block No. 3, subdivision 'B' of the Henderson and Arnold Addition to the town of Cameron Texas, and being 203 feet in depth and 100 feet in width, save and except 67 feet and 8 inches by 100 feet off of the South end of said lot which said property is delinquent to the City of Cameron, Texas, for taxes for the years 1927 and 1928 aggregating the

sum of \$21.76, including interest, penalties and costs, said taxes having been legally levied, assessed and rendered against said land and lots

the same being a lawful charge and constituting a prior lien against the same in favor of the City of Cameron, Texas, to secure the payment thereof.

And you are hereby commanded to be and appear before the Honorable District Court of Milam County, Texas, at the next regular term thereof, to be held at the Courthouse of said County, in the city of Cameron on the 2nd Monday in November, A. D. 1929, the same being the 11th day of November, A. D. 1929, then and there to show cause why judgment should not be rendered against you and the said land and lots sold under foreclosure of said lien to satisfy said taxes, interest, penalties and costs, and all court costs; all of which together with other and further relief,

general and special, being fully set out and prayed for in the plaintiff's original petition filed in said court on the 4th day of September, and appearing on the docket thereof as suit No. 123, wherein the City of Cameron, Texas is plaintiff and Harvey Pendleton, E. L. Pendleton, George Hall, Virginia Hall, all unknown owners and all persons owning or having or claiming any interest in said land or lots, defendants.

Given under my hand and seal of said Court, at office in the City of Cameron, Texas, in the County of Milam, this 4th day of September A. D. 1929.

PLAN NOW

to enjoy the comfort—the convenience—
of an Automatic **G A S**
F U R N A C E
..... this winter!

GAS

Natural gas . . . always clean . . . always cheap . . . always easily handled . . . is doubly convenient with the modern gas furnace! There's new warmth, new comfort, new luxury, new efficiency!

With an automatic gas furnace, you have an even temperature all through your house, regulated to any desired degree of warmth. The automatic regulator turns the fire up early in the morning, heating the house comfortably before you arise; keeps rooms at a healthful temperature all day long; turns the gas low at night! It's more than human in its efficiency!

You simply light the gas in the fall, turn it off in the spring! And there's no waste . . . the automatic control decreases or increases the flow of gas as the temperature requires. Safe . . . economical! Saves time, labor, money!

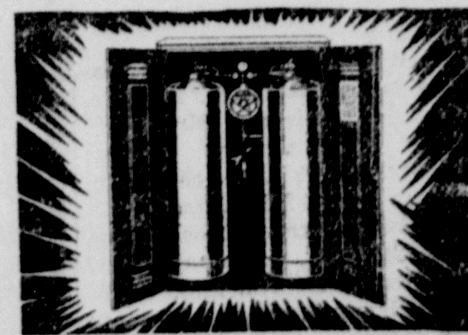

Investigate the automatic gas furnace now, so that you may enjoy modern heating comfort and convenience THIS winter! The results of our own exhaustive investigations are yours to command. We invite you to talk over your heating problem with us now.

Developed by Lone Star for those not now served by its pipe lines.

BUBBLING WITH CALORIES

Amethysts and Opals**Used as Road Material**

A street almost literally paved with amethysts has been reported to the Berlin geographical society by Prof. Otto Quelle of Bonn university, sent an Associated Press dispatch from Berlin.

He found it in Brazil, in the province of Bahia, where he visited German gem cutters and polishers, and found that they have mined and handled 9,000 hundredweight of amethyst.

Whole streets, he said, are paved with the waste material, that gives them a lovely violet sheen. Doctor Quelle said he knows of a place in Siberia where opals are so plentiful that the coarse grades are used as road building material.

The Deutsche Allgemeine Zeitung reports roads at Bernstein, in the Austrian Engaden, graveled with waste from the semi-precious serpentine stone.

In the same country, near Rejnitz, are roads of a beautiful green shade, said to be free from dust. They are surfaced with waste from asbestos stone.

Vegetables Offered to**Gods of Ancient Times**

Turnips, beets and radishes were a respected trio of ancient Greece, all three having been acceptable offerings at the temple of Apollo in Delphi. Their respective rank may be judged from the custom of dedicating turnips in dishes of lead, beets in silver and radishes in beaten gold.

Though radishes are thought to have come originally from China, their cultivation is of great antiquity in Europe. In earliest times they were generally boiled, but later Roman physicians recommended that they be eaten raw, with salt, before breakfast. A sirup made from them was used to cure whooping cough and maladies of the chest.

Turnips, too, were thought good for hoarseness and coughs, and also effective as a poultice for the feet. So important were turnips to the poor in the Middle Ages that they appeared on armorial bearings to denote a person of good disposition who relieved the destitute.

Tracing Popular Idioms

Professor Smith in his "Words and Idioms" gives many expressions coming from the chase, and from hounds and horses in particular. A few of the canine idioms, he points out, come from dog fighting.

From his list we pick the following: "To do the footsteps of," which points to the faithfulness of the friend of man; "Not to have a dog's chance," meaning having no chance at all; "To have a bone to pick with"; "A bone of contention"; "To bristle up"; "To go off with one's tail between one's legs"; "Top dog"; "Under dog"; "His bark is worse than his bite," and "A hang-dog look."

The commonest phrase of all is "dog-gone," especially as used as an expletive with "it" following.

Governor Obeyed Orders

A governor, the talking motion pictures reveal, was giving a memorial address in the South, before a large crowd which applauded his utterances, but those who saw the pictures found humor in the scene which his gathering probably missed.

The microphone, being on the stage, gives the theatergoer some of the conversation which is missed by the most earnest listener in the crowd which stood in front of the platform.

The governor was closing his address and as he sat down he put his hat on, but, as the applause began, a woman standing beside him, probably his wife, spoke up quickly, "Take your hat off."

And the governor did.—Springfield Union.

Got the Knees Mixed

Johnny was complaining of a badly bruised knee. It had always paid him well when he took his hurts to mother because she soothed his feelings with a 5-cent piece.

On this occasion Johnny needed 5 cents for a top. He remembered that he had a small bruise on his knee and if he could only make mother believe that it pained him, all would be well.

Mother listened to Johnny's tale of how he had fallen on his knee and bruised it. She asked to see the knee and Johnny sensed victory. He hurriedly pulled his stocking down, but alas and alack! It was the wrong stocking!—Philadelphia Public Ledger.

Good Customer

"I've forgotten what the other thing was I came for," said the small girl in the grocer's shop.

The grocer tried to be helpful.

"Was it cheese, bacon, butter, margarine, lard, tea, coffee, cocoa, sugar, jam, marmalade, biscuits, bottled fruit, chutney, piccalilli, bloater paste, potted meat, baking powder, soap, soda, spice, rice, tapioca, semolina, macaroni, currants, raisins?"

"I remember now. It was can you tell me the right time, please?"

Don't Be a Quitter

Quitting is one of the worst traits of the human race. And one of the most common, too. One little setback and we throw up our hands in disgust. The fellow who wins is the one who can take a reverse and come back smiling.—Grit.

VACATION ENDS AND STUDENTS GO AWAY TO SCHOOL; UNIVERSITIES GET MANY STUDENTS FROM CAMERON

With vacation over, students are leaving every day now, some returning to their studies and others entering college for the first year. Cameron young people have chosen a wide variety of schools to attend.

Billy Wallace, son of Mr. and Mrs. E. A. Wallace, a student at Rice Institute last year, has gone to Cambridge, Mass., to enter Harvard. Billy has traveled about quite a bit in the pursuit of knowledge, having finished high school in Paris, France.

Going to the University of Texas for the first year are Misses Florence Atkinson, Lois and Ruby Robbins and Geraldine Slaughter, and Miss Ethel Collins will return for a second year. Herbert Freeman will also enter the University as a first year student.

At Baylor University will be Misses Helen Blaylock, Gladys Davis, Inez Evans, and Oleta Reese, and Miss Mittie Lou Howard will return there for her second term.

Misses Doris Adams and Euline Slaughter have enrolled in Four C Business College at Waco.

Cyrus Miller and Vernon Slocumb left this week for Fort Worth to enter T. C. U.

Charles Schaeg will be at St. Mary's in San Antonio.

Entering Rice Institute is Thomas Graves and also Gilbert McCollum of Houston, who attended high school in Cameron.

Going to Southwestern University, Georgetown, for their first year are Preston Graves and Misses Lillian Mondrik and Dora Emily Moore, and returning there for further study are Misses Reba Young, Dinks Baskin, Harriett Flinn, Mary Belle Batte and Dorothy Denson.

Harvey Yoe and Miss Sue Ella Tyson will enter Southwest Texas State Teacher's College at San Marcos, and Miss Mozelle Bigbee will return there.

John Young will enter Temple Junior College.

Matt and Otis Hitchcock of Lexington, graduates of Yoe High, will be at Texas Tech, Lubbock.

Robert Love left this week for Kerrville to enter Schriener Institute there.

PARENT-TEACHERS TO BEAUTIFY CAMPUS

EXECUTIVE BOARD MEETS AND PLANS PROGRAM FOR THE YEAR 1929

The executive board of the Cameron Parent-Teacher Association met last Wednesday afternoon at the Yoe High Library. T. A. Fisher, superintendent of schools, was present, and many matters of important business were discussed.

Among these was the matter of beautifying the high school campus. The board agreed to recommend this to the Association as a major project for this year, but with the understanding that it be a project for the entire community and not for just those people who belong to the Parent-Teacher Association. It is also to be begun in such manner that it may be continued through the years.

The executive board also agreed to endorse the plan of the publicity committee to run a column of news concerning P. T. A. work in the papers each week.

A letter addressed to the Parent-Teacher Association was read to those present, and had to do with the failure in Milam County to register births. This letter was in turn handed to Mr. E. Miller, who has charge of the registration of births, with the promise that the membership would aid him in every possible way.

The following committees were named: Membership, Mrs. J. C. Marlin, chairman, Mrs. Roy Baskin and Mrs. H. N. Tate; Publicity, Mrs. John Green, chairman and Miss Bess DuBois; Magazine, Mrs. Henry Hefley, chairman, and she plans to name some young girls as her assistants to solicit subscriptions; Parent's Day, Mrs. E. A. Wallace, chairman, her assistants to be named later. Finance, Mrs. Roy Law, chairman, Mrs. J. C. Tucker, and Mrs. George Graves; Program, Mrs. J. P. Love, chairman, Mrs. Graham Gillis, Mrs. Martin Kilian and Miss Jenkins; Hospitality, Mrs. Ben Atkinson, chairman, and Mrs. Tiff Moore; Health, Mrs. W. R. Newton, chairman, her assistants to be named later.

Editor's Note—News of the activities of the Parent-Teacher Association will appear in the columns of this paper each week. There will be published things which the people of Cameron need to know concerning what is being done for the welfare of their children, and it is hoped that this announcement will be received with interest.

Montague Triggs of Mincola is spending this week in Cameron, the guest of Mrs. George A. Thomas. He leaves the latter part of the week for Georgetown to enroll at Southwestern University for the winter.

Farewell Vacation Frolic For Students

For a farewell frolic before school began in earnest, a group of girls of the high school set went to Wayside Inn Monday evening for a weinie roast. They met at the City Park, and went from there to Wayside Inn. Following the roast, music from a portable Victrola was enjoyed.

Mesdames R. B. Rylander, J. Ryan and Hugo Slaughter chaperoned the party which consisted of Misses Billy Gaither, Arnette Ryan, Laurita Evans, Catherine White, Lois and Ruby Robbins, Foldine Rylander, Dorothy Lesovsky, Marjorie Dusek and Geraldine Slaughter.

Another party this week for a group of high school girls occurred Wednesday night, when friends of Miss Imogene Sapp, surprised her on

the occasion of her birthday. Meeting at the Sapp home, the party went first to the movies and then returned to the house where the birthday cake with its candles was cut.

METHODIST CHURCH

The norther has come. The long summer is giving way to fall. We are expecting bigger crowds and stronger interest. Come to Sunday school at 9:45.

'The Exaltation of Christ's Name,' will be the theme of the pastor's sermon Sunday morning.

At night the pastor will preach on 'The Royal Road to Learning.' It will be especially interesting to the school people, and will tell you how to make a success in your studies.

Our fine choir will furnish special music for both services. Our congregation Sunday night.

The Leagues will meet at 6:30. Make them big.

Miss Martha Lou Hooks left this week for Houston where she is to teach this winter.

METEOR

Penetrates Earth Fifteen Feet Near Detmold Sunday

The residents of the Detmold community were alarmed last Sunday morning about 11 a. m., by a sizzling noise and sensation in the air, sounding like escaping gas from a well. Considerable time was spent following the disturbance to locate the cause, finally resulting in the finding of a hole four to six inches in diameter and penetrating the earth for some 15 feet, which indicated that it was just recently made. Many people visited the Ernest Richter place in the Detmold community, at whose place the meteor or other substance whatever it might have been came to the earth. The object has not yet been dug out, however the incident has been reported to the research and geological department of the State University.

sity whom it is thought will visit the location and make further scientific investigations after digging the substance from the ground. From whence it came and its shape and substance is still a mystery.—Thorndale Champion.

Rev. O. C. Williamson of Austin filled the pulpit at the Presbyterian church at both the morning and the evening service last Sunday. Rev. Williamson has charge of the Mexican work in Texas and also teaches Spanish in the Presbyterian Seminary at Austin.
